1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

SURVEY OF INDIA DEPARTMENT.
NOTIFICATION.

Calcutta, the 10th February 1896.

No. 499-S.—The following rules and regulations relating (1) to the execution of Lithographic and Photographic work, and (2) to the Mathematical Instrument Office, are published for the information and guidance of public officers.

CHAS. STRAHAN, *Colonel, R.E.,*
Surveyor General of India.

Survey of India Department.

RULES FOR THE EXECUTION OF LITHOGRAPHIC OR PHOTOGRAPHIC WORK ON THE PUBLIC SERVICE, OR ON PAYMENT.

Requisitions for Lithographic or Photographic Work.

1. The Photographic and Lithographic Office at Calcutta reproduces maps, plans, and drawings by lithography and by photography on book-debit on the public service, and for cash payment in all cases when the amount does not exceed R50, also in certain special cases noted in Section 7. The Trigonometrical Branch Office at Dehra Dun does not, as a rule, undertake work for other Departments.

2. As a rule, drawings in line can be reproduced by photozincography, if suitably drawn in accordance with instructions, which may be obtained on application to the Assistant Surveyor General, Photographic and Lithographic Office, No. 14, Wood Street, Calcutta. Coloured and other drawings, unsuitable for photozincography, must be lithographed, but the cost is considerably greater.

3. Photographs, if required in large numbers, can be cheaply reproduced by the heliogravure process from suitable negatives.

4. All applications for Lithographic or Photographic work on the public service should, if possible, be submitted in the following form, which is not required in duplicate. Blank forms may be obtained on application to the Assistant Surveyor General, Surveyor General's Office, or as in Rule 2.

INDENT NO. on the PHOTOGRAPHIC AND LITHOGRAPHIC OFFICE, S. I. DEPT., for _____ to be reproduced by _____ for the use of _____ *Dated* _____ 189 .

Description of Map or drawing.	Number of original sheets.	Scale.	Scale of reproduction.	No. of copies required.	Quality and size of paper to be printed on.	Purpose for which required.	How and where proofs and copies are to be despatched and other special instructions.
							The address which should be affixed to the parcels or cases to be distinctly given in full. Abbreviations sometimes lead to mistakes.

I do hereby certify that the maps, etc., specified in this indent, are indispensably necessary to the best of my knowledge and belief, after the most careful examination.

Recommended.

Countersignature of approving authority.

Signature of Indenting Officer, with designation of appointment in full.

5. All necessary information as to the scale of reproduction, number of copies required, quality and size of paper, mode of transit and address to which proofs and printed copies are to be despatched, should be shown on the face of the indent, and not in a covering letter, unless more explanation is required than can be given on the face of the indent.

6. All indents on the public service must be duly approved and countersigned by the heads of departments, or the Government under which indenting officers may be serving, before they can be supplied, *viz.*—

Survey of India Dept., Topographical Branch, Do. do. Revenue do. Do. do. Trigonometrical do.	by Deputy Surveyor General / „ Do. do. / „ Superintendent, Trigonometrical Surveys, — or by Surveyor General,
Settlement Department,	„ Boards of Revenue,
Public Works Department,	„ Superintending Engineers or higher authorities,
Military Works Department,	„ Do. do. do.
Telegraph Department,	„ Director General of Telegraphs,
Marine Department,	„ Director or Deputy Director, Royal Indian Marine,
Army Departments,	„ Quarter Master General in India (Intelligence Branch), Adjutant General in India; Lieutenant Generals Commanding the Forces in the Punjab, Bengal, Bombay and Madras,
All other Civil Officers or Military Officers in Civil employ,	„ Secretary to Governments under which serving, or Secretary to Board of Revenue,
Forest Department,	„ Provincial Conservators* and Director of the Forest School at Dehra Dun,
Meteorological Department,	„ Meteorological Reporter to Government of India,
Geological Survey	„ Director of the Geological Survey of India,
Horse Breeding Department	„ Inspector General, Civil Veterinary Department,

and they should be addressed to the Assistant Surveyor General, in charge of the Photographic and Lithographic Office, Calcutta, at No. 14, Wood Street.

7. Lithographic and Photographic work will be undertaken on behalf of Municipalities, Port Trusts, Railway Companies, the Trustees of the Indian Museum and other quasi-official bodies for cash payment on indents in the form prescribed above. Private work cannot be undertaken, except in very special cases, when it cannot possibly be done otherwise, and when the office can take it up without inconvenience. On such work an extra charge of 10 per cent. will be made over and above the usual rates. In all cases, where cash payment is required, an estimate will be given, and the amount must be remitted before the work can be put in hand.

8. As a rule, maps and drawings reproduced by lithography or photography are not coloured, but in special cases where colouring is essential, it can be done, and will be charged for on book-debit or for cash payment, as prescribed under Rule 1. Packing charges will be dealt with in the same way, but transit charges, both ways, must be paid by indenting officers.

9. To enable the indenting officer, as well as the officer who countersigns and finally passes an indent, to know the cost involved thereby, the average ordinary price of each description of work executed in the Photographic and Lithographic Office is given in the annexed list.

10. Indents should be regulated, not according to what an officer would like to have, but by what is absolutely necessary. It is in all cases an economy to have maps and drawings reproduced on as small a scale as possible.

Requisitions for Maps required to be specially prepared.

11. In cases where maps are required on service for special purposes, as for illustrating reports, for which none of the published maps are suitable, application should be made by letter, giving full information, addressed to the Assistant Surveyor General in charge of the Drawing Office, 13, Wood Street, Calcutta.

CALCUTTA; *The 1st November 1895.*

C. STRAHAN, *Colonel, R.E.,*
Surveyor General of India.

* *Note.*—Includes (1) the Principal Forest Officers in Coorg, the Andamans and Baluchistan, (2) the Commissioner of Ajmere-Merwara in Ajmere.

* NOTE.—Includes the Principal Forest Officers in Coorg, the Andamans, and in Baluchistan, and the Commissioner of Ajmere-Merwara in Ajmere.

and they should be addressed to the *Officer in charge Government Mathematical Instrument Office, No. 15, Wood Street, Calcutta.*

4. The mode of transit, and address, or station to which the instruments are to be consigned, must invariably be specified on indents in the proper column. Indents should not be accompanied with forwarding letters, unless more explanation is necessary than can be given on the face of the indent.

5. All officers, to whom instruments and other stores are issued on public service, have to account for them to the officer to whom their accounts are rendered, in such manner as may be by him directed.

6. All instruments, and component parts of instruments, when no longer required, should be at once returned to the Mathematical Instrument Office, *except when the Officer in charge considers that their transit charges may nearly equal, or exceed, their actual value as material,* in which case he should refer to the Officer in charge Mathematical Instrument Office for instructions as to their disposal. No unused instruments should be allowed to accumulate in any office, as, if returned, they can be utilised for re-issue.

7. When instruments are considered unserviceable by any officer, a survey should be held on them by a committee of Government officers, whose reports should be forwarded to the Assistant Surveyor General in charge of Mathematical Instrument Office, who will issue instructions as to which of the articles are to be forwarded to the depôt, Calcutta, and which should be sold by public auction to the best advantage. The proceeds of all articles sold by auction must be deposited in the nearest treasury, and treasury receipt, with auction account sale, and copy of the committee report, should be attached to the next cash account current, in which the transaction should appear both on the debit and credit sides.

8. When instruments are received for final deposit in store, a valuation receipt will be granted for them by the Officer in charge Mathematical Instrument Office, to enable officers, from whom received, to remove them from their debit, by forwarding the receipt to the Comptroller of India Treasuries or other audit officer with the half-yearly or other returns of stores submitted to him.

9. All Government instruments, etc., requiring repair, etc., should be forwarded with an official letter.

10. All instruments, etc., received from England and issued on book-debit in the public service, will be charged at their invoice cost, *plus* a percentage to cover freight, insurance, loss by exchange, etc.

11. Instruments made in the workshops, and those purchased locally for issue on book-debit, will be charged at cost rates. Instruments purchased locally for officers not entitled to receive them on book-debit will be charged at cost price, *plus* 5 to 10 per cent. for examining, testing, and incidental charges.

12. Instruments, when they can be spared, are sometimes sold to officers in the service of Government on payment of their value, *plus* from 5 to 10 per cent., and instruments, the private property of officers, are repaired, if necessary, on like terms. In such cases the amount must be remitted to the Officer in charge Mathematical Instrument Office before the instruments can be despatched.

13. Instruments returned into store will be valued according to their condition on arrival at the Mathematical Instrument Office.

14. It should be distinctly stated in the forwarding letters, or on the face of delivery vouchers, advising despatch of consignments to the Mathematical Instrument Office, whether the articles forwarded are "for repair" or "for deposit."

15. All consignments for the Mathematical Instrument Office should be forwarded "*prepaid,*" and that office does not pay the freight of instrument despatched.

16. In the event of instruments, indented for by Government officers, not being available from the Mathematical Instrument Office stock, they can, if urgently required, be usually purchased in the local market.

17. Instruments are issued and repaired on book-debit for officers and departments entitled thereto when the amount of the charge exceeds Rs. 50, when the charge is less than Rs. 50, cash payment will be required; this payment should be made either by Remittance Transfer Receipts, Money Orders, Cheques, payable in Calcutta to the Officer in charge Mathematical Instrument

Office, or cash, but in no case should money be paid into the Local Treasuries, and their receipts forwarded in payment of the bill.

18. In the case of book-debit transactions, invoices are sent out in triplicate, one copy is to be signed and returned as a voucher for the charge, and the remaining two retained by the indenting officer to be used by him in accordance with para. 96, Chap. VI, Vol. I, Civil Account Code.

19. When cash payment is required, the Mathematical Instrument Office sends one invoice and bills in duplicate. The invoice should be signed by the indenting officer and returned to the Mathematical Instrument Office, and the bills should be paid as explained above, when a receipt in proper form will be issued by the Officer in charge Mathematical Instrument Office.

20. It is particularly requested that the size and description of instruments, length of scales, how divided, and purposes for which required, and generally any information which will guide this Office in knowing, without further reference, the exact wants of the indenting officer, be entered, as far as possible, on the face of the indent, instead of in covering letters.

21. To enable the indenting officer, as well as the officer who countersigns and finally passes an indent, to know the cost involved thereby, the average ordinary price of each description of instrument is also given in the annexed list. Indenting officers must invariably enter the value of all instruments required by them in the column of the indent allotted for that purpose, the lower prices being for instruments which, although perfectly serviceable, are not new (see para. 1).

22. The supply should be regulated, not according to what an officer would like to have, but by what is absolutely necessary.

EXCISE.

NOTIFICATION.

1. THE right of retail sale of the Liquors and Drugs specified below will be put up to auction at the Opium Sale-room, Board of Revenue, 2 Bankshall Street, on 6th March 1896 and subsequent days, in the following order :—

Name of article.	Date of sale.			
Country spirit, inclusive of country Rum ...	Thursday,	5th March 1896,	commencing at	11 A.M.
Country Rum	Friday,	6th ditto	ditto	ditto.
	Saturday,	7th ditto	ditto	ditto.
Ganja Siddhi, Charas, Majum	Monday,	9th ditto	ditto	ditto.
	Tuesday,	10th ditto	ditto	ditto.
Opium	Wednesday,	11th ditto	ditto	ditto.
Tari	Thursday,	12th ditto	ditto	ditto.
	Friday,	13th ditto	ditto	ditto.

2. The term of the licenses will be for three years, viz., till the 31st March 1899, in regard to the sale of every other article except Tari, the right of the retail sale of which will be sold for one year only, viz., till the 31st March 1897.

3. A complete list of all the shops for which licenses will be offered and a copy of each form of license are open to general inspection at the office of the Superintendent of Excise Revenue, 24-1, Dalhousie Square, and the number of these shops is not under any circumstances to be increased during the term of three years ending the 31st March 1899, except under the sanction of the Commissioner of Excise, Bengal, in each case. The Superintendent of Excise Revenue, however, reserves to himself the right, in case of combination, or for other cause, to transfer, subject to there being no objection on police grounds, either before or after its settlement, any shop from the site specified in the list, to some other site, provided that the new site, if it is more than 100 yards from the advertised one, does not bring the shop within a quarter of a mile of any other similar shop, the term of whose license is unexpired.

4. It is not at present intended to open any other shop during the term of the license ; but the Superintendent of Excise Revenue does not absolutely bind himself in this respect. On special cause shown and with the sanction of the Commissioner of Excise, Bengal, in each case, the number of shops may be increased ; provided, however, that, whenever a new shop is opened, it will be optional to the holder of a license of the same class for the sale of liquor or drugs, if his shop is within a quarter of a mile of the new shop, to surrender his license without forfeiting his advance, when the Superintendent of Excise Revenue is to re-settle the shop by auction or otherwise.

5. The right of retail sale of the liquors and drugs, except for the retail sale of imported liquors, is to be put up to auction at upset prices sanctioned by the Commissioner of Excise, Bengal.

6 The right of retail sale of the liquors and drugs is to be put up to auction in separate lots of one or more shops either in the order specified in the list or in such other order as the officer conducting the sale may deem fit. When one lot has been sold, the next lot is not to be put up until the sum payable in advance on account of the lot already sold has been actually paid : provided, however, that where the sum payable exceeds Rs. 25, a promissory note may be taken from any respectable and well-known purchaser in lieu of cash payment.

7. The purchasers of the right of retail sale of country spirit and rum are entitled to sell by retail imported liquors by bottle or by the glass to be drunk on the premises if they take subsidiary licenses for the retail sale of imported liquors, on payment of the fee fixed by the Board of Revenue for such licenses.

8. The auction is to be held subject to the following conditions :—

(*a*)—That the Superintendent of Excise Revenue does not bind himself to accept the highest or any bid.

(*b*)—That the settlement with each accepted purchaser will, in Calcutta and the Suburbs, be contingent on the production by him of the usual Police certificate or license, as the case may be, viz.—

For Excise licenses for— Country Spirit, inclusive of Country Rum ... Country Rum ... ... Tari ... ... Ganja ... ... Siddhi ... ... Charas ... ... Majum	If to be held in Calcutta, a Police certificate in the form prescribed by section 36, Act IV (B.C.) of 1866, must be produced ; and if to be held in the Suburbs, a Police certificate in the form prescribed by section 19, Act II (B.C.) of 1866, must be produced.
For Excise license for— Opium	If to be held in Calcutta, a Police license in the form prescribed by section 39, Act IV (B.C.) of 1866, must be produced ; and if to be held in the Suburbs, a Police license in the form prescribed by section 22 of Act II (B.C.) of 1866 must be produced.

In the municipalities of Howrah and Bally the settlement will be contingent on the approval of the character of the purchaser by the Magistrate of the district.

(*c*)—That the person accepted as the purchaser is to state in writing, within seven days from the date of settlement, in what building he purposes to open his shop, and is at the same time to submit a plan showing clearly and distinctly what building or portion thereof he desires to be covered by the license, it being understood that the removal of shops to other premises than those named in the list attached to this notification will be contingent on the approval of both the Excise and Police authorities, and that any sum which has been paid as an advance of the license fee under the provisions of clause (*d*) of these conditions will be returned to any person to whom a license may be subsequently refused for Police reasons.

(*d*)—That, except in the case of tari, the license fee is to be paid in advance in the following instalments :— namely, the sum equivalent to the fee for two months at the time of sale, and one month's fee on the date on which the currency of the license commences, and one month's fee on the 1st day of every succeeding month, until the whole of the fee due on the license shall have been paid. In the case of tari only one month's fee is to be paid in advance at the time of sale, and fifteen days' fee on the date on which the currency of the license commences, and the rest of the fee in half monthly instalments, viz., on the 1st and 16th day of every month, until the whole of the fee due on the license shall have been paid. This condition is to be strictly enforced in future, and failure to comply with it is to be met by immediate cancelment of the license.

(*e*)—That the purchaser is not to be entitled to receive back any portion of his advance in the event of his shop being closed before the expiration of the term of the license on violation of any of the conditions of the license, or his being convicted of a non-bailable criminal offence, or of any offence against the Excise laws or rules ; and in the case of the surrender of a license under Act VII (B.C.) of 1878, the licensee is to give fifteen days' previous notice in writing to the Superintendent of Excise Revenue, and pay a sum equal to the license fee for fifteen days over and above the amounts already paid in advance ; and in the case of the surrender of a license under Act I of 1878, the licensee is to give one month's previous notice in writing to the Superintendent of Excise Revenue, and pay such fine not exceeding six months' license fees as the Superintendent of Excise Revenue may adjudge, over and above the amounts already paid in advance.

(*f*)—That the currency of the license is to commence on the 1st April 1896, on which date the purchaser is to open his shop, in all respects prepared for the accommodation of customers, to be certified by an Excise Officer—failure to comply with this condition is to be met by the immediate cancelment of the license, the forfeiture of the deposit, and the levy of the fees for the month, except in the case of delay caused by the non-issue of the Police certificate or Police license, for which a reasonable extension of time may be allowed upon application and cause shown to the Superintendent of Excise Revenue.

(*g*)—That where the amount of the sum payable in advance is required to be paid at once in cash, and the bidder fails to make such payment, the officer conducting the sale is either immediately to put up the lot again for sale, or after the other lots in the list have been disposed of, or he may postpone the sale to such future date as he shall then and there notify; and the defaulting purchaser is to be debarred from bidding for such lot or for any other lot, and he is not to be allowed to remain in the auction-room; and that the defaulting purchaser will be liable for any loss that may accrue to Government in case it becomes necessary to re-sell a lot at a lower rate either in consequence of his failure to deposit the sum payable at the time of sale, or to redeem his promissory note on or before 4 P.M. on the day following that on which the note was signed.

(*h*)—That he do not allow any person to sell under his license unless the name of such person shall have been registered in the Collector's Office and endorsed by the Deputy Collector on his license.

(*j*)—That the purchasers are to adhere to all the provisions of the Opium, Excise and Police laws, and of the rules which have been or may from time to time be prescribed by the Board of Revenue.

9. All sales subsequent to the date of the triennial sale in March are to be held subject to the conditions contained in this notification, so far as they may be applicable.

10. Any further information regarding the auction may be had on application at the office of the Superintendent of Excise Revenue.

The Indian Law Reports.

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1889 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the Reports from 1876:—

PART VI.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 22.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 13th February, 1896:—

No. 9 OF 1896.

A Bill to amend the Indian Railways Act, 1890.

IX of 1890.

WHEREAS it is expedient to amend the Indian Railways Act, 1890; It is hereby enacted as follows:—

Amendment of section 7, Act IX, 1890.

1. In section 7, sub-section (*1*), clause (*a*), of the said Act, after the word "roads," in the second place in which it occurs, the words "lines of railway" shall be added.

Amendment of section 10, sub-section (*2*), Act IX, 1890.

2. In section 10, sub-section (*2*), of the said Act, for the latter part of the sub-section after the words "so far as may be" the following shall be substituted, namely:—

"with the provisions of sections 11 to 15, both inclusive, sections 18 to 34, both inclusive, and sections 53 and 54 of the Land Acquisition Act, 1894, and the provisions of sections 51 and 52 of that Act shall apply to the award of compensation." 1 of 1894.

Amendment of section 59, sub-section (*3*), Act IX, 1890.

3. In section 59, sub-section (*3*), of the said Act, for "sub-section (*1*)" "sub-section (*2*)" shall be substituted.

Amendment of section 73, sub-section (*1*), Act IX, 1890.

4. In section 73, sub-section (*1*), of the said Act, before the word "camels" the word "mules," and before the word "sheep" the word "donkeys," shall be added.

Repeal of section 81, Act IX, 1890.

5 Section 81 of the said Act is repealed.

Amendment of section 114, Act IX, 1890.

6. In section 114 of the said Act, for the words "the return half" the words "any half," and for the words "the return journey" the words "the journey," shall be substituted.

Amendment of section 136, sub-section (*1*), Act IX, 1890.

7. In section 136, sub-section (*1*), of the said Act, after the word "Court" the words "or of any local authority or person having by law power to attach or distrain property or otherwise to cause property to be taken in execution" shall be added.

STATEMENT OF OBJECTS AND REASONS.

ON a representation made by certain river steamer companies it has been decided, in communication with Her Majesty's Secretary of State for India, to propose the repeal of section 81 of the Indian Railways Act (IX of 1890) with a view to removing the inequality existing between such companies and railway administrations carrying passengers or goods on inland waters by vessels which are not "railways" within the meaning of section 3. The main object of this Bill is, by clause 5 thereof, to give effect to this decision; but the opportunity has been taken to make certain other amendments in the Act of an unimportant character.

2. As the word "roads" is not defined and might be held not to cover "lines of railway," it is deemed advisable to refer specifically to the latter in clause (*a*), sub-section (*1*), section 7 of the Act. The first clause in the Bill purports to make the necessary addition.

3. The slight amendments proposed in sections 10 and 59 of the Act seem to require no explanation.

4. Section 114 of the Act penalizes the fraudulent sale, or attempted sale, of the return half of a return ticket; but cases have been brought to notice in which similar fraud has been practised in respect of the first half of such a ticket, and clause 6 of the Bill aims at removing the defect.

5. Although section 136, sub-section (*1*), of the Act prevents the seizure, without the previous sanction of the Governor General in Council, of certain railway property in execution of any decree or order of a Court, it does not prohibit distraint by municipal and such other bodies in exercise of the powers conferred upon them by various special laws. By the last clause of the Bill it is proposed to extend the provision referred to so as to cover such cases also.

The 8th February, 1896.

ALEX. EDW. MILLER.

S. HARVEY JAMES,
Secretary to the Government of India.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 13th February 1896:—

No. 10 OF 1896.

A Bill to amend the Presidency Small Cause Courts Act, 1882.

WHEREAS it is expedient to amend the Presidency Small Cause Courts Act, 1882; It is hereby enacted as follows:— XV of 1882.

Amendment of section 71, Act XV, 1882.

1. In section 71 of the said Act the words and numerals "section 38 or" are repealed.

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to make a purely formal amendment in section 71 of the Presidency Small Cause Courts Act, 1882. Under section 38 of the Act as it stood prior to the last amendment applications might be made for retrial of small causes under certain conditions, and these applications were, by section 71, made subject to the payment of fees as on plaints. By the Presidency Small Cause Courts Act, 1895, the said section 38 was repealed, and a new section, referring to a totally different proceeding, was inserted in the Act. It has been suggested that the refererce to section 38 in section 71, if left standing, might be interpreted to apply to the new section 38: as this would be contrary alike to the reason of the case and the intention of the Legislature, it is now proposed to get rid of the supposed ambiguity.

The 8th February, 1896.

ALEX. EDW. MILLER.

S. HARVEY JAMES,
Secretary to the Government of India.

Shoals near Siri or Lima islands.

THE British Admiralty has given notice (No. 16 of 1896) of the undermentioned particulars of shoals near Siri or Lima islands, recently examined by the Netherlands surveying vessel *Banda* :—

1. A coral shoal, about 3½ miles in length east and west, and more than a mile in breadth, with a least depth of 4¾ fathoms on it, and general depths of 7 to 10 fathoms, lies with its centre in approximately lat. 4° 47½′ S., long. 117° 1½′ E.

   The 4 fathoms reported by *Peveril 1895*, though not found, has been retained upon the Admiralty charts.

2. A coral shoal, about 2½ miles in length east and west, and half a mile in breadth, with a least depth of 4 fathoms on it, lies about 5 miles southward of the above shoal (1), or in approximately lat. 4° 53½′ S., long. 116° 59½′ E.

   The channel between these shoals (1 and 2) has been partially examined, and so far found free from dangers, with depths of 32 to 40 fathoms over a sandy bottom.

3. A depth of 3½ fathoms has been found on the shoal marked 4½, in approximately lat. 4° 55′ S., long. 117° 3′ E., and depths of not less than 4½ fathoms on the shoals near that locality.
4. A coral shoal, with a least depth of 4½ fathoms on it, and 30 fathoms close around, lies in approximately lat. 5° 13½′ S., long. 116° 59′ E.

Exhibition of permanent light on Sultan shoal.

WITH reference to notice to Mariners No. 132, dated 19th July 1895 issued by this office, the British Admiralty has given further notice (No. 34 of 1896) that on 1st January 1896 the permanent light would be exhibited from the lighthouse recently erected on Sultan shoal, and the temporary light-vessel (*two white* lights), previously moored near Sultan shoal, would be withdrawn.

Sultan shoal light is a catoptric, *flashing white* light *every thirty seconds*, elevated 60 feet above high water, and visible in clear weather from a distance of 13 miles.

The lighthouse is a tower, above a two-storied keeper's dwelling.

INDIA, WEST—INDUS RIVER.

Changes between Hajamro and Waree creek mouths.

THE British Admiralty has given notice (No. 36 of 1896) that information has been received from Commander C. F. Oldham, R.N., in charge of Marine Survey of India, dated 10th December 1895, that great changes have recently taken place in the spits and depths between the Hajamro and Waree creek mouths of the Indus, but that the changes do not extend out to the old 10 fathoms line, which has not materially altered in position.

A note has been placed on Admiralty Chart No. 41 that:—"The shore line, banks and soundings, south of Hajamro mouth, have totally altered, and should be approached with caution within the 10 fathoms line."

Approximate position, Hajamro beacon, lat. 24° 4′ 15″ N., long. 67° 18′ 0″ E.

A note has been placed on Admiralty Chart No. 118 that:—"The shore line, banks and soundings, west of Waree creek, have totally altered, and should be approached with caution within the 10 fathoms line."

TOURS OF INSPECTION.

GENERAL DEPARTMENT—MISCELLANEOUS.

Calcutta, the 18th February 1896.

RESOLUTION—No. 749.

READ AGAIN—

The General Department's Resolution No. 398T.G., dated the 17th October 1891, and the previous correspondence regarding the tours of inspection by Revenue Officers and Heads of Departments under the Government of Bengal.

The Lieutenant-Governor has given the subject of tours and inspection his careful consideration, and quite concurs with Sir Charles Elliott as to the importance of personal supervision and communication between the Heads of Departments and the Chief Executive Officers of the Administration and their subordinates, and of the value of local inspections by Divisional, District and Subdivisional Officers. His Honour has, however, received communications from various experienced officers, which indicate the advisability of modifying

to some extent the hard and fast rules laid down in paragraphs 3-5 of the Resolution of the 17th October 1891.

2. The essential point is that Commissioners, District Officers, and Sub-Divisional Officers should be personally acquainted with all parts of their respective jurisdictions, and should inspect, with reasonable frequency, all public institutions therein situated, and should make from time to time, in person, such local enquiries as may be necessary to enable them to conduct their duties with satisfaction to themselves and Government, or supply any information specially required by Government.

3. Officers in the position of Commissioners may, in the Lieutenant-Governor's opinion, be trusted to exercise a sound discretion in arranging the length and character of their own tour programme. They are expected to attend to the various matters specified in paragraph 3 of the Resolution,* but in doing so are at liberty to arrange their work for any particular year. They will in future be under no obligation to give up more important duties in order to visit yearly "*every* subdivisional office, registration office, subsidiary jail or lock-up." They will, however, in their annual general report, explain what they have been able to do and what they have omitted to do.

* "All Commissioners should be on tour inspecting each year every Magistrate's and Collector's office in all its branches, every subdivisional office, every registration office and dispensary at district or subdivisional head-quarters, every jail, subsidiary jail or lock-up; also every settlement mentioned in the settlement report of the Director of Land Records and Agriculture, which is under their orders, and so far as possible the summary unprofessional settlements of Government or temporarily settled estates which are made by the district staff. They should pay special attention to the working of the Court Sub-Inspector's office, the regularity of attendance of Honorary Magistrates, the disposal of criminal cases by stipendiary Magistrates, the frequency of remands, the work of the record-room, the certificate department, the land acquisition department, and the tauzi department."

4. Commissioners will decide annually the duration of each District Officer's tour, and what the tour programme of each Officer should comprise. These programmes need not be prepared once for all, but should be submitted from time to time, as required. Touring should be spread over the year, as suggested in the Resolution. Except in a water district, the main part of a District Officer's tour should be done in the cold weather, but portions, such, for example, as the inspection of the head-quarters of subdivisions, may be conveniently done at other seasons. In a water district the rainy season is the most convenient for the main tour. In settling the programme of touring, in communication with the District Officers, regard will be had to the size of the district and the acquaintance with its local peculiarities and requirements which the Magistrate-Collector already possesses. The important matters referred to in paragraph 4 of the Resolution† will not be overlooked, but care must be taken to see that special attention is given to any matters that may be pressing for enquiry at the time. The Lieutenant-Governor attaches much importance to careful inspection by the Magistrate-Collectors of their own offices, but it will suffice if there is one detailed inspection of the work in all departments annually by the District Officer, and one similar thorough inspection by the Commissioner. The fact is that a good Magistrate-Collector will be constantly inspecting one branch or other of his office work, and, if this duty is systematically undertaken, one department after another being gone into in turn, there is the less need for repeated over-turning of the office as a whole to the detriment of current work.

† The rest of their tour time should be devoted to making acquaintance with the chief residents in the district and the state of administration in the mufassal as regards roads, embankments, water communications, markets, ferries, pounds, &c. They should visit each municipality once a year and inspect the municipal office, looking specially into the distribution of work among the Commissioners, the arrangements for registration of births and deaths and for sanitation, the assessment, collection and arrears of municipal taxes.

5. In the case of Sub-divisional Officers, the Magistrate-Collector will settle their tours, subject to the approval of the Commissioner, on the principles above set forth.

6. The great difficulty in connection with the touring of District and Sub-divisional Officers is the disposal of case work. Commissioners must see that proper arrangements are in all cases made for this. If a District Officer's tour is designed to last for some time, it is desirable that he should fix in his programme dates and places for the hearing of cases, and arrange to dispose of them accordingly, after due notice to the parties concerned. Convenient centres for the disposal of case work should be selected, notified and adhered to, the District Officer's camp being kept stationary until the files are

cleared. Periodical visits to head-quarters should always be provided for in the case of the more extended tours. The Lieutenant-Governor thinks that a Sub-divisional Officer can generally, except when visiting the least accessible portion of his charge, arrange to spend two or three days a week at head-quarters. It is during these periods of re-visiting his head-quarters that criminal cases should ordinarily be tried and special care should be taken that parties are not harassed by being forced to accompany the Subdivisional Officer from place to place. The main point to be kept in view is to reduce to a minimum the inconvenience and trouble which the tour of a Sub-divisional Officer must unavoidably occasion to parties, witnesses and pleaders.

ORDER.—Ordered that this Resolution be published in the *Calcutta Gazette*, for general information.

Ordered also that a copy be forwarded to all Commissioners and Heads of Departments, for information and guidance, and also to the Revenue, Judicial and Financial Departments of this Office, for information.

By order of the Lieutenant-Governor of Bengal,

C. E. BUCKLAND,

Secretary to the Govt. of Bengal.

NOTE ON WHEAT CROP OF BENGAL.

THE following is published for general information.

REV. DEPT., C. E. BUCKLAND,
The 14th February 1896. *Secy. to the Govt. of Bengal.*

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

Preliminary Note on the Wheat Crop of Bengal, 1895-96.

N.B.—Returns have been received from all the 27 wheat-growing districts in these Provinces which furnished returns last year, except Singhbhum and from two more districts, viz., Mymensingh and Cuttack, which were added, as they returned considerable areas under wheat cultivation.

Character of the season.—The latter part of the monsoon season of 1895 was characterised by unusually early cessation of the rains. In September, rainfall was below the normal in all the wheat-growing districts of these Provinces, except Rangpur, Saran, and Champaran. In October it was again generally deficient, the deficiency being most marked over the northern half of the Province. Bihar received an average of only 16 per cent., and North Bengal only 30 per cent. of the normal fall. In November, Darjeeling received a fall of 1·28 inches, Cuttack a fall of 1·21 inches, and Faridpur and Purnea 0·35 and 0·18 inch, respectively. In the rest of the wheat-growing districts, the rainfall was practically *nil*. In December, an average fall of 1·34 inches was received in East Bengal; Bihar received the next largest fall, viz. 0·10 inch, which was little more than half the normal fall; South-West Bengal, North Bengal, Chota Nagpur, and Orissa received a few light and unimportant showers. In January there was practically no rainfall till the last week, when showers fell, which may probably improve the prospects of the crop.

Area cultivated.—The total area sown with wheat this year in the wheat-growing districts (except Singhbhum) is estimated at 1,421,300 acres, against 1,411,100 acres in 1894-95. The increase may be due to the partial failure of the winter rice crop.

Outturn.—The outturn of the crop this year, as at present estimated, is 11½ annas, against 13½ annas in 1894-95. The decrease may be attributed chiefly to want of rain at the sowing season and also later on. Damage by insects is reported from Bhagalpur and from the Buxar subdivision of Shahabad.

Two districts, viz. Rangpur and Pabna, report an average crop of 16 annas. Eleven districts return crops varying from 12 to 14 annas,* and 14 districts crops varying from 8 to less than 12 annas; only one district, viz. Nadia, returns the crop as less than 8 annas. Three districts report this year's crop to be better than that of last year; five report equal and 20 worse crops.

* Saran, Bhagalpur, Malda, Purnea, Rajshahi, Darjeeling, Manbhum, Mymensingh, Faridpur, Bankura, and Cuttack.

1	2	3	4	5	6	7	8	9
Patna.	Shahabad ...	173,060	115,500	129,500	10	9½	In the Sadar subdivision an increase of cultivation is reported. In the Buxar subdivision the crop was injured by insects to some extent at the beginning There was a decrease in area in the Bhabhua and Sasaram subdivisions due to want of moisture in the land The yield will be a poor one owing to the early cessation of the rain and the subsequent want of rains. In areas commanded by the canal, however, the crop will do better, as a good deal of canal water has been taken.	
	Gaya ...	157,600	126 800	125,700	11	10	On account of scanty rainfall at the sowing time, the area sown is less than the normal There has been no winter rain as yet, and prospects are only moderate.	
	Saran ..	147 500	140,000	147 500	15	13	The decrease in the outturn is due to want of rain at the close of the rainy season.	
	Patna ..	122,500	100,100	102,300	11½	11½	Except in Barh subdivision, there was a decrease in the area sown throughout the district but the very large increase in Barh rather more than compensates for the decrease in the other subdivisions, and hence the increase in the district total. But for the deficient rainfall this year, the outturn would have been a better one.	
	arbhanga ..	110,200	102 000	100,400	16	10	The decrease in area as well as in outturn, is due to want of sufficient moisture during the sowing time, and also to the entire absence of rain up to date.	
	Muzaffarpur ...	70,000	70,000	70,000	16	11	The reduced estimated outturn of the current year is due to absence of rainfall in September and October last.	
	Champaran .	47,000	41 000	37,700	16	10	Owing to want of rainfall, a smaller area was sown this year. The outturn will also be less owing to the same cause.	

DIVISION.	District.	Approximate normal area under wheat in acres.	Approximate area sown last year (1895-96) in acres.	Estimated area sown this year (1896-96) in acres.	Taking 16 annas to represent the average outturn per acre, how many annas represent last outturn (1895-96)?	Taking 16 annas to represent the average outturn per acre, how many annas will represent this year's outturn (1896-96)?	Remarks by the District Officers.	Remarks by the Department of Land Records and Agriculture, Bengal.
1	2	3	4	5	6	7	8	9
BHAGALPUR.	Bhagalpur ...	115,500	122,800	122,700	15	12	The crop suffered from insufficient rainfall. In many parts of the district, insects have done much damage to the plants.	
	Monghyr ...	161,000	164,600	163,800	13	10½	The decrease in the area sown is due to scanty rainfall in the Jamui subdivision. The wheat was rather promising, but owing to want of timely rain, the outturn is estimated to be less than that of last year.	
	Malda ...	55,500	42,000	42,000	16	14	The weather was not favourable this year. The outturn is not expected to be more than 14 annas.	
	Purnea ...	84,000	23,000	22,500	14	13	The early cessation of the rains and the want of light showers in January is the cause of decrease in area and outturn this year.	
	Santhal Parganas	13,300	13,000	11,700	16	10	The distribution of rainfall was not favourable, and so the area cultivated is less than last year's. The outturn will also be less than that of last year.	The Deputy Commissioner has not explained the change in figures in columns 4 and 6 from 14,200 acres and 13 annas to 12,500 acres and 14 annas, respectively.
PRESIDENCY.	Murshidabad ...	130,500	128,200	129,500	13	11	The increase in area cultivated this year is due to the reason that there being comparative failure of the aman and winter rice crops this year, the cultivation of wheat was taken in hand earlier than usual. The decrease in the estimated outturn is due to the want of rain.	
	Nadia ...	27,500	22,000	17,400	10	7	The decrease in the area sown, as well as in the estimated outturn, is due to want of seasonable and sufficient rainfall in the ploughing and sowing season, *i.e.*, in October and November last. Rain is much needed for the development of the young plants, and if there be no rain during the present month, the outturn will probably be even smaller than that given in column 7.	
RAJSHAHI.	Rajshahi ...	84,500	74,400	76,500	13½	13½	The outturn is not expected to be more than three-fourths of an average crop for want of rain'all, although a comparatively larger area was, on the expectation of a better outturn, put under cultivation.	
	Rangpur ...	40,000	38,700	38,700	16	16		

CHOTA NAGPUR.	Pabna ...	22,000	13,400	13,400	16	16	The crop of last year seems to have been an average crop such as this year; it was much under-estimated last year, having been shown as 10 annas only.
	Darjeeling ...	6,000	5,100	5,100	13	13	The decrease in outturn is reported to be due to insufficient rainfall.
	Palamau ...	19,000	13,000	13,000	16	8	The decrease in the area and outturn is due to short rainfall through the season.
	Hazaribagh ...	9,500	8,000	8,000	14	11	The decrease in the outturn this year is due to complete cessation of rains since the sowing season.

NOTE ON COTTON CROP.

THE following is published for general information.

REV. DEPT., *The 17th February 1896.*

C. E. BUCKLAND, *Secy. to the Govt. of Bengal.*

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

Note on the Late Cotton Crop in Bengal for the year 1895-96.

N.B.—Returns have been received from all the districts which grow late cotton, except from Singhbhum.

Explanatory.—The present report furnishes estimates of area and outturn of the late cotton crop only, which is sown towards the close of the rainy season and harvested during the hot weather in the months of May and June. The report on the early cotton crop in these Provinces, sown during the monsoon rains and harvested during the cold weather, was published by this Department on the 2nd December 1895.

Area sown.—From the district returns appended to this note, it will be seen that the total area sown this year with the late cotton crop in these Provinces, except Singhbhum, is estimated at 107,300 acres against 108,100 acres sown in 1894-95. The small decrease is probably due to want of rain in October, *i.e.*, at the time of sowing. Only from two districts, viz., Bankura and Darbhanga, has an increase in area cultivated with cotton been reported.

Character of the crop.—The rainfall was generally deficient at the sowing season, and the outturn of the crop was accordingly adversely affected in most of the late cotton-growing districts in these Provinces; but prospects seem to have improved by favourable weather later on, notably in Midnapore and Patna. The decrease in outturn of 7 annas on last year's crop, reported in Muzaffarpur, is remarkable. Out of the 15 districts of these Provinces from which returns have been received, only one district, viz., Angul and the Khondmals, returns an average crop of 16 annas. Eight districts, viz., Bankura, Patna, Saran, Champaran, Monghyr, Bhagalpur, Cuttack and Balasore, give estimates varying from 12 to 14 annas, and the remaining six districts, viz., Birbhum, Midnapore, Muzaffarpur, Darbhanga, Puri and Manbhum, report crops from 8 to 10 annas.

Four districts report better crops than last year, five report equal crops, and six worse crops. Saran, which returns 40,000 acres out of the whole area of 107,000 acres, estimates 12 annas only against last year's 16 annas. It would thus appear that this year's crop will probably give a smaller outturn than last year's. The arithmetical mean obtained with reference to the areas cultivated shows an 11·2 anna crop for the late cotton-growing districts as a whole. A 12-anna crop may be approximately estimated.

Burdwan	Birbhum ...	1,000	700	400	12	8	Inadequate rainfall is the cause of the decrease in area and outturn. The cultivation of cotton in this district is nearly extinct. The submission of the forecast may be discontinued henceforth.	The return for Birbhum may be discontinued.
	Bankura ...	2,000	1,900	2,000	12	12	There was an increase in area on account of favourable weather for this crop during the current year. The outturn, however, has been estimated to be the same as last year's, viz., annas 12.	
	Midnapore ...	6,000	2,100	2,000	9	10	Owing to scanty rain during the sowing time, the area brought under cultivation was less than that of last year and much less than the normal area. The weather being now favourable, the outturn is likely to be a little better than that of last year.	
Patna	Patna ...	3,100	2,100	1,900	11	12	Deficient rain at the sowing time explains the smaller area sown this year, while the favourable season later on accounts for the expected increase in the outturn.

Patna—*concld.*	Saran	40,000	40,000	40,000	16	12	Want of rain this year has caused the decrease in the average outturn.	
	Champaran ...	1,000	1,000	1,000	14	14	Owing to timely rainfall the outturn will be fair this year.	
	Muzaffarpur ...	9,000	9,000	9,000	16	9	The reduced estimated outturn of the present year is due to want of sufficient and timely rainfall during the rainy season.	The decrease of 7 annas in this year's outturn as compared with the estimated outturn of last year is perhaps open to doubt; but the rains stopped in Muzaffarpur very early in October 1895, and the Collector may be right.
	Darbhanga ...	12,800	10,800	10,800	10	10	Owing to insufficient moisture, the outturn is not expected to be better than that of last year.	
Bhagalpur ...	Monghyr ...	500	500	500	13	14	Owing to timely rain, the outturn of this year is better than that of last year.	Monghyr had short rain in October.
	Bhagalpur ...	2,700	2,700	2,700	16	16	The outturn is not likely to come up to the average, as there was not sufficient rainfall this year.	
	Cuttack ...	5,700	4,300	4,100	15	14	The area sown is less than in the previous year. This is mainly attributable to the fact that in the Kendrapara sub-division,	

Orissa	Puri	3,500	1,600	1,200	12	10		other crops were grown in cotton lands, as the trade of weaving cloths is gradually declining and the zamindars demanded high rents for cotton lands. As regards the decrease of outturn compared with the previous year, there was want of rain in the Jajpur sub-division at the time of sowing, and also little silt is said to have been deposited there for want of regular floods.
	Balasore	200	260	200	13	14		Both the area and outturn are expected to be less than what they were last year owing to delay in the preparation of the land, the harvesting of the *aus* paddy which precedes the cotton crop being unusually late this year.
	Angul and Khondmals.	3,500	3,600	3,600	16	15		The increase in outturn is due to seasonable rain.
Chota Nagpur ...	Manbhum	23,000	23,000	23,000	10	10		The rainfall was favourable at the time of sowing, and there has been no injury to the crop, though rain in November or December would have proved beneficial.

Tamluk	16		
Ghatal	14 to 16½		

24-Parganas.—Rainfall at Sadar ·03. Weather cloudy and warm. Prospects of sugarcane fair in the north-east. *Khesari kalai* being harvested with an estimated outturn of 10 annas in the south. *Boro* paddy seedlings thriving. Fodder sufficient, but water insufficient in places. Condition of cattle good. Rice sells at—

		Srs.	
Sadar	12 to 14	}	per rupee.
Barasat	14		
Basirhat	14½		
Diamond Harbour	16		

Murshidabad.—Rainfall ·27. Weather seasonable. More rain wanted. State of *rabi* crops fair. Indigo and mulberry good. Fodder and water reported to be sufficient. Common rice sells at 16 seers per rupee.

Khulna.—Rainfall at Sadar ·04. Weather warm. Harvesting of *aman* completed. Transplantation of *boro* nearly over. *Rabi* doing well. Fodder and water sufficient. Prices of common rice:—

		Srs.	c.

Dinajpur.—Average rainfall ·04. Weather cloudy. Standing crops doing well. Cultivation of land for *bhadoi* is in progress. Common rice sells from 14 to 17 seers per rupee. No cattle-disease. Fodder and water sufficient.

Rangpur.—No rain. Ploughing of lands for *aus* in full swing. *Rabi* doing well. Common rice selling from 12 to 15 seers per rupee. Fodder sufficient. No cattle-disease.

Pabna.—Rainfall ·25. Weather warm. Prospects of standing crops improved by slight rain. More rain wanted. Rice selling from 14 to 18 seers per rupee.

Dacca.—Rainfall ·48. Weather seasonable. Recent rain has done good to the standing crops. No cattle-disease. Fodder available. Price of common rice 14 seers per rupee.

Chittagong.—Rainfall nil. Weather seasonable. *Rabi* crops thriving. Prospects fair. Water and fodder sufficient. Rice sells at 15 seers per rupee.

Patna.—No rain. Mustard and peas being harvested. Wheat and barley in ear and doing well. Poppy in full flower and collection of opium commenced on earlier sowings. Condition of cattle good. Fodder and water sufficient. Common rice selling at an average price of 19 seers per rupee.

Gaya.—No rain. *Rabi* being harvested. Pressing of sugarcane and lancing of poppy in progress. Price of common rice at Sadar 16 seers against an average of 15½ seers per rupee.

Champaran.—No rain. Weather seasonable. Poppy wants rain badly In Bettiah the prospect of *rabi* is reported to be not favourable; in Sadar it is fair and a little below the average outturn is expected. Common rice sells at Sadar 18½ seers per rupee. Fodder and water for cattle sufficient.

Darbhanga.—No rain. Prospects of *rabi* indifferent for want of moisture. Mustard being harvested. Fodder for cattle sufficient. Common rice selling at 19 seers per rupee.

Bhagalpur.—No rain. Weather becoming warmer. Continued want of rain in the cold weather has affected the *rabi* crops, indigo and sugarcane, and is now retarding the preparation of fields for early paddy sowings. Coarse rice continues to sell at 17 seers 10 chitaks per rupee. Fodder and drinking water sufficient.

Purnea.—No rain. Lands being prepared for *bhadoi* crops. Harvesting of *aghani* paddy finished. Outturn of *rabi* crops fair. No cattle-disease. Fodder and water sufficient. Common rice sells at 21 seers per rupee.

Cuttack.—Rainfall nil. Weather seasonable. *Dalua* plants doing well Average outturn of *mung* estimated at 14 annas. Many cattle reported to be suffering from foot-and-mouth disease. Fodder sufficient. Common rice sells at—

	Srs.	c.	
Cuttack	23	0	per rupee.
Jajpur	28	12	
Kendrapara	30	0	
Banki	28	11	

Hazaribagh.—No rain. Weather seasonable Sugarcane being planted out. Poppy fair. Prospects of *rabi* crops generally indifferent owing to want of rain. Fodder and water sufficient. Common rice selling at 13 to 15 seers per rupee.

General Summary.—There was rain in Central and Eastern Bengal during the week, but, except in Burdwan, Murshidabad, Pabna and Dacca, it was too little to be of use. State of the *rabi* crops is generally fair, except in some parts of Bihar and in Hazaribagh, where they are suffering from lack of moisture in the soil. The earlier *rabi* crops and potatoes are being gathered, and sugarcane is being pressed. Poppy is in flower, and in some places the collection of opium has begun Spring rice is doing well. In North Bengal the preparation of lands for the *bhadoi* crops is in progress. Foot-and-mouth disease among cattle is still reported from Cuttack. The price of common rice continues steady.

Explanation.—... indicates that no rain has fallen. If the return for any day has not been received, the corresponding space is left blank. If any of the returns are wanting, the corresponding spaces in the total rainfall columns are left blank. With reference to the column of rainy days, the definition of a rainy day is when at least 0·10 inch of rain has fallen.

CALCUTTA, *the 18th February 1896.*

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING 8 A.M., SATURDAY, THE 15TH OF FEBRUARY 1896.

DURING the previous week weather conditions in Bengal had been somewhat abnormal, owing to the fact that two feeble barometric depressions, had passed over the province, and indeed at the close of that week the abnormal conditions of high temperature and humidity, due to the second of these depressions, still existed over Bengal. On the 9th, or the first day of the week under review, an extremely rapid rise of pressure occurred, the increase at some stations equalling about an eighth of an inch, and the barometric depression over Bengal practically entirely filled up. This was accompanied by a moderate fall of temperature and a rapid reduction in humidity. Skies also cleared generally, and no rain had fallen, and north-east monsoon winds set in over the whole province. This improvement in the weather was, however, temporary only, for on the 10th pressure was falling slowly to briskly over the province, and it became relatively low in North Bihar. Temperature had, however, again fallen rapidly, but the humidity changes were very variable. On the 11th pressure again fell over a large part of the province, and it became in decided defect, though no barometric depression can be said to have formed; temperature had, however, risen rapidly, and humidity was increasing, but skies were still almost cloudless, and no rain had fallen. On the 12th a further brisk fall of pressure occurred over Bengal, and a distinct but rather diffused barometric depression was formed over the province, the defect ranging up to more than 0·15″ at some of the south-western stations. With the formation of the depression winds became southerly at the head of the Bay, bringing up considerable amounts of moisture to the province, while a rapid increase of temperature again occurred. Cloud proportion also increased considerably, and the depression gave a series of small local storms with rain on the evening of the 12th, the rainfall being reported on the morning of the 13th, when a very large number of stations, except those in Bihar, Orissa, and Chota Nagpur, registered light rain. On the 13th, however, the depression had passed over the head of the Bay, and pressure was rising at the western stations, though it was still falling elsewhere. Winds, however, began to be more normal, except at the South Bengal stations, where they showed the influence of the depression in the Bay. The depression having continued to move away in a south-easterly or easterly direction, the cool wave of air in the rear of the depression began to affect Bengal from the 14th, on which day a fall in the mean temperature, ranging up to 7° and 8° at some stations, occurred. Humidity also fell rapidly at most stations, and north-east monsoon winds again prevailed. The rise of pressure in the rear of the depression at many stations also exceeded a tenth of an inch. On the 15th, or the last day of the week, the changes of conditions call for no remark, and ordinary north-east monsoon weather again obtained.

Pressure.—Owing to the influence of the depression, the mean pressure for the week has been below the normal by amounts which average about 0·01″ to 0·06″.

Temperature.—The temperature has been high for the greater part of the week, and the mean temperature of the province has been practically 2° above the normal. The actual average temperatures registered in the province for the week and the variation from their normal values, are however, best seen in the table below, where the average temperature data for nine selected stations in different districts of the province are given:—

Rainfall.—Falls of between about half and a quarter of an inch have been received in the following districts:—Burdwan, Nadia, Jessore, Dacca, Mymensingh, Faridpur, and Manbhum, and of about a quarter to a tenth of an inch in Birbhum, Bankura, Murshidabad, Rajshahi, Pabna, and Sonthal Parganas.

The following table gives the summary of the temperature and rainfall data of each of the six meteorological divisions of the province for the week ending Saturday, the 15th of February 1896:—

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h., 10h., 16h. and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

SANITARY CONDITION OF THE NARAINGANJ MUNICIPALITY.

MUNICIPAL DEPARTMENT—MUNICIPAL.

The 18th February 1896.

RESOLUTION.

THE Lieutenant-Governor directs the publication of the Inspection Report of the Sanitary Commissioner, Bengal, on the town of Narainganj for general information.

2. His Honour has read with pleasure the Sanitary Commissioner's remarks upon the satisfactory condition of the town, and he takes this opportunity of congratulating the Chairman, Mr. H. F. Wilson, on his successful administration of the affairs of the Municipality, and of acknowledging the excellent arrangements made by Messrs. Ralli Brothers for the health of their employés and their liberal gift to the town of a road and a bathing ghat.

By order of the Lieutenant-Governor of Bengal,

H. H. RISLEY,

Secy. to the Govt. of Bengal.

INSPECTION REPORT OF THE SANITARY COMMISSIONER FOR BENGAL ON NARAINGANJ.

THE town was last inspected by the Sanitary Commissioner (Dr. Gregg) in February 1893. I inspected it on the 8th January 1896 after giving 24 hours' notice of my visit. The Chairman, Mr. H. F. Wilson, was unfortunately absent on a few days' leave in Calcutta; so I was accompanied in my inspection by the Overseer, Babu Siveswar Sen, an uncommonly smart and active young man, who has apparently been very carefully trained. The town of Narainganj is only 20 years old, having been established in 1876. In recent years it has become a place of considerable commercial importance,—in fact as regards trade, it is now the most important place in Eastern Bengal, having daily steamer communication with Calcutta *vid* Goalundo, and with Sylhet and Cachar direct. It has also two lines of steamers running direct to Calcutta *via* the Sundarbans, and a large amount of traffic by country boats to Calcutta, by sloops to Chittagong, and by railway to Mymensingh. Some idea of the importance of the place may be gathered from the fact that the trade, of which jute is the staple article, amounts to five crores of rupees per annum.

2. *Constitution of the Town.*—The area of the Municipality is two square miles, and the population is 17,715. The number of rate-payers is 1,834, which, it will be observed, is only 10·35 per cent. of the population. This small percentage is due to a large number of the population being day-labourers, working in the jute and other factories, who pay no taxes, a fixed rate being paid for them by their employers, who count as individual rate-payers. There are 12 Municipal Commissioners, of whom 3 are Europeans, including the Chairman, and 9 are natives. The Chairman is Mr. H. F. Wilson, a jute merchant, appointed by Government. The Vice-Chairman is Babu Bissessur Das, the Civil Hospital Assistant attached to the local dispensary, elected by the Municipal Commissioners

3. *Income and Expenditure.*—The income of the Municipality during the last official year was Rs. 49,827, including an opening balance of Rs. 6,871, and the expenditure was Rs. 41,788, of which 5·28 per cent. was spent on the general establishment, 5·32 on lighting, 2·89 on drainage, 47·63 on conservancy, 6 58 on medical aid, ·31 on vaccination, 28·36 on public works, and 1·99 on education.

4. *Description of Town.*—Before recording the result of my sanitary inspection, it may be interesting here to notice the formation of the Municipality, which is peculiar. It is cut in two by the river Lakhya, and the two parts

are as different in character as if they were distinct towns. On one side of the river (the eastern) the bank is lined with European residences and jute factories, behind which is a series of disconnected villages of the ordinary Bengal type, and this portion of the Municipality is therefore more rural than urban in character. It is, however, growing fast, and the northern portion already has the appearance of a town. A good road is being constructed throughout the whole length of this side of the Municipality. On the other side of the river is Narainganj Proper, where the majority of the population lives, and most of the business, official and commercial, is carried on. On this side are also the terminus of the Dacca-Mymensingh Railway and the landing-stages of the Rivers Steamer Company and native craft.

The Municipality is well laid out. Two main roads run parallel with the river, and the town lies mainly between the westernmost of these and the river. Six cross-roads join the two main thoroughfares, and another main road runs through a portion of the town from the southern extremity of the western road. Besides these there are several bye-roads and lanes connecting the *paras*, so that there are plenty of air-shafts, and the place is accordingly well ventilated.

5. *Drainage.*—Narainganj being low-lying is difficult to drain. There is no connected system, but every road is provided with side-drains, which are either open cut trenches or well-built masonry, or Raniganj half-pipes. These channels discharge at various points into the khals which intersect the town or into the river. Most of them are efficient, and all are clean. Every year the Municipality adds to the length of pucka drains. There seems to be no necessity at present for a better drainage scheme.

6. *Water-supply*—Is almost entirely taken from the river, and recent chemical analysis shows it to be useable, but I cannot pass it as a good supply on account of the excess of free and albuminoid ammonia discovered in the analysis. In the middle of the town a tank called "Lyall's tank" was pointed out to me as reserved for drinking. It is not, however, fenced in, nor does it appear to be strictly guarded against pollution, for I observed people washing their feet and clothes and cooking utensils in it. If it is intended that this tank, which seems to be a good one, should be reserved exclusively for drinking, all other forms of usage should be strictly prohibited. If it is necessary to allow the people to use the water for bathing and washing, this should only be allowed in specially constructed enclosures on the banks of the tank over the drain which runs along it, so that spill-water may not return to the tank as it does at present. I am told the people also use the water of the khals for drinking. This cannot be healthy, as these khals act as the main drainage channels of the town. In the portions of the Municipality remote from the river, I would suggest the sinking of tube-wells, which have been found to act very well in other parts of Eastern and Northern Bengal. In Saidpore I am told the drinking-water is now almost entirely obtained by means of these wells, and so much are they appreciated that the people will not now use any other source. In Ranaghat, which I recently inspected, I made a bacteriological examination of the various sources of water-supply, and found the only pure source to be tube-wells. They are very cheap, varying from Rs. 45 to Rs. 75, according to size, and are easily worked. I would suggest one or two being tried as an experiment in Narainganj. If this is done, I shall be glad to be informed of the result. Leslie and Company of Calcutta are the agents.

7. *Conservancy.*—All the roads and lanes are extremely well swept and are remarkably clean, more so than I have seen in any other town in Bengal, except, perhaps, in Khulna, where the thoroughfares are as well looked after as they are in Narainganj. There was not a rubbish heap, or even a small accumulation of refuse, to be seen on any of the Narainganj roads. Street-sweepings are properly utilised in filling up ditches and swamps. I saw several such places which have been so filled or were in process of filling. As the amount of road-sweepings is limited, and there are a large number of ditches and swamps to be filled in, a great many years must elapse before they can all be reclaimed in this way; but it is clear the Municipality is doing all that can reasonably be expected of it in this direction, and that it is also bringing pressure to bear on the owners of private insanitary hollows to fill them up. An instance of the gain

to be derived from reclamation is the recently filled-up tank or morass in Kotialpati. This insanitary depression was 160 feet square and 17 feet deep, and was frequently complained of by the people of the locality as being a nuisance. It has been filled up with river mud at a cost of Rs. 8,000, and the site is now said to be worth Rs 12,000. The municipal market is to be built here. I examined the plan, including the proposed approaches to the market, and thoroughly approve of the entire design. The arrangement of the various stalls is excellent, and the provision for drainage and water-supply all that can be desired. I was shown a very insanitary hollow lined with private privies in Nitaiganj, which is about to be filled in by the owners in the same way as the market site has been reclaimed. Land in Narainganj is getting so valuable, and the filling up of hollows seems to be such a profitable undertaking, that I wonder all owners of such depressions in the town do not see that it would be to their pecuniary advantage to reclaim them. If they continue intractable, it would be worth the while of the Municipality to acquire some of these depressions and fill them up for their own profit. The Municipal Office compound is a striking and very satisfactory instance of the reclamation of hollows with street sweepings, and there are several other examples of this system which is being thoroughly well carried out in Narainganj.

8. *Public latrines.*—There are ten public Horbury's pattern iron latrines. I inspected all of them. Nowhere have I seen public latrines cleaner or better managed. It is clear that great pains and constant care are exercised in keeping them in their highly satisfactory condition. A few more public latrines are required, and I understand are to be provided gradually—one or two every year. In future it would be cheaper to buy Donaldson's pattern of public latrine, which also has the advantage of keeping the solids separate from the liquids. The great fault of the present combination system, by which both liquids and solids descend into one receptacle, lies in the very natural objection which natives have to squat over a pail from which splashing may result. Mr. Donaldson's patent separates the liquids from the solids, and there can be little doubt that a system on these lines is best for general use. Mr. Donaldson has accomplished it by employing a platform designed so that the solids descend into one receptacle, while the liquids flow away into another. This specially designed platform also admits of the user performing the necessary ablution on the spot. All that is necessary are a couple of tarred *gumlas* underneath each platform—one in front for the urine, and the other behind for the fæces, or, better still, the platform can be provided with a *gumla* for the solids and a long trough running under the seats for the conveyance of urine and washings into a suitable receptacle at the end of the drain. In other respects, *i.e.*, in the outward appearance, Donaldson's patent, as recently modified in accordance with some suggestions made by me, is not unlike Horbury's latrine, except that for the sake of cheapness it has a mat screen in front instead of an iron one—*vide* modified patterns, which can be obtained from Mr. Donaldson's agent, Mr. A. J. MacLeod, of 31, Dalhousie Square, Calcutta. A six-seated latrine of this description costs Rs. 160, which is very much cheaper than Horbury's latrine. I showed and explained to the Overseer the plan I had with me at the time of my inspection.

9. *Private latrines.*—There are, I was told, 1,232 private latrines, some of which I saw. They seem to be of various shapes and sizes, and most of them are not all that can reasonably be desired. It is, I know, a difficult matter to deal with private latrines, but in future, I think, it would be a good plan to insist on a cheap standard pattern.

10. *Trenching of night-soil.*—Part IX of the Municipal Act relating to the cleansing of latrines is in force, and the night-soil from all latrines, public and private, is regularly removed between the hours of 11 P.M. and 6 A.M. and buried in trenches 4 feet broad, 24 feet long, and a foot and-a-half deep. This is too deep a system, and as a consequence the humification of the fæces is very much delayed, which is the principal reason why cropping of the ground has not hitherto been attended with the success anticipated. It is the top of the soil which destroys and assimilates organic matter—not the subsoil, which has much less such power. Deep burial is therefore obviously

a mistake, for instead of humifying the fæces, it tends to ensure its preservation, and further endangers any well water-supply there may be in the locality. One of the most important additions which have of late years been made to the stock of human knowledge is the recognition of the fact that the humus of the earth, *i.e.*, the top dressing, teems with life, and that its fertility and healthiness depend entirely upon biological processes. The conversion of dead organic matter into humus is a biological process, and is caused by the animals which live in the humus, which on this account has aptly been called the "living earth." The top of the soil is thus most full of life, the first few inches as regards microbial richness being worth all the rest. Under these natural conditions I strongly advocate the importance of superficial burial of night-soil instead of the present method. Trenches 3 inches deep should be dug, the soil for about a foot below this being loosened, as demonstrated by me to the Municipal Overseer, so as to allow the liquid portion of the fæcal matter to percolate and enrich the subsoil. The process is extremely simple. The scavenger has only to dig a trench or furrow up to four feet wide, as is done by a gardener when cultivating his land; the excreta are placed in the furrow, and then covered up; and thus at one operation the land is tilled and the excreta disposed of. All foul smell is at an end the instant the excreta are covered, and there is nothing to offend the eye or the nose, and no danger is caused to health. I feel confident in stating that the above plan is the best from the sanitary, agricultural, and financial points of view. Sanitarily it is the best because there is no delay in the safe bestowal of the excreta; agriculturally it is best because no ammonia or other volatile body is given to the air, but all goes to enrich the land; and financially it is best because it involves moving the fæces once only instead of twice. The same operation that tills the land serves to cover the fæces; and while the excreta are "ripening" for other crops, the farmer gets crops of cabbage and other vegetables. After these crops the ground is still very rich, and will grow everything or anything to which the soil and situation are suited in high perfection. In places like Narainganj, for instance, tobacco, sugarcane, mustard, paddy, and specially jute should, and I feel sure would, yield magnificent crops, which ought to realise enough money to enable the Municipality to pay their entire conservancy establishment. The present system in Narainganj seems to be to manure private individuals' land for them free of charge, because there is no municipal trenching-ground, or a very small one. As an advertisement of the value of night-soil as a manure, this policy has something to recommend it, but it is an annual loss to the Municipality, which should not be lost sight of. The Commissioners should have their own trenching-grounds and make money out of them, or they should charge private individuals a yearly increasing rate for trenching their lands: better still would be the auction system at the beginning of each year. The Overseer has already shown by the partial success he has attained on the old trenching-ground, which he leases from the Municipality, that better crops of jute and mustard can be grown on it than on unmanured land, and I have no doubt if the improved method of trenching which I have suggested be adopted, the people will not be slow to recognise the advantage of it, and very soon a keen competition will be excited for night-soil, which is a manure of the greatest value.

11. *Dispensary.*—I inspected the Victoria Hospital, which was erected by public subscription in commemoration of the Jubilee of Her Majesty the Empress of India, and is maintained by the Municipality. Babu Bisesar Das (the Vice-Chairman of the Municipality) is the Civil Hospital Assistant in charge. During the year 1894-95, 324 in-patients were treated, the daily average attendance being 11·19 males and ·84 females; total 12·03. There are 20 beds with mattresses and dhuries, viz., 16 in the male and 4 in the female wards. Six thousand eight hundred and nineteen outdoor patients were treated during 1894-95, of whom 5,894 were males and 925 females, the average daily outdoor attendance being 29·82. The hospital and its premises are clean, and have the appearance of being well kept. Poisons are labelled and securely locked up in a labelled almirah. There is good supply of medicines and a sufficient complement of surgical instruments. The pharmacopœia prescribed by the Inspector-General of Civil Hospitals is hung up on the wall in front of the Civil Hospital Assistant's desk. I would suggest that Dr. Russell's list of poisons and their antidotes should be also hung up in a conspicuous part of the hospital. The office records and registers are untidily kept in a rack.

The operation room is a part of the verandah screened off. There is a separate cholera ward in the premises, in which there was one patient recovering at the time of my inspection. There is also a moribund shed and a special shed for the segregation of up-country coolies, who flock to this town in large numbers, and generally come to hospital in an emaciated and fever-stricken condition. The sanitary arrangements of the hospital and of its premises are satisfactory.

12. *Markets.*—There are five private markets, which are fairly well laid out and are kept clean. As already stated, a municipal market is about to be constructed. There are two large insanitary hollows at the back of Degu Babu's market, which require looking to. The Overseer told me it is proposed to convert the larger of them into a tank, and to utilise the earth from the excavation in filling up the other hollow. If this is done, care should be taken to guard the water against pollution from the private latrines which surround the hollow it is proposed to convert into a tank. I should prefer, however, to see both these hollows filled up, unless there is absolute need of a tank in the locality. The Chairman is the best judge of this.

13. *Vital Statistics.*—The birth-rate is returned at 25·32 per mille and the death-rate at 36·26 for the year 1895. At first sight the recorded birth-rate would seem to stand condemned by the mere fact that it is nearly eleven per thousand less than the death-rate, but it must be borne in mind that Narainganj is not a town in which families are settled, the population being mainly composed of temporary labourers, and being in the proportion of 12, 116 males to only 5,599 females; whilst the high death-rate is explained by the fact that a large proportion of labourers, who come to the town in search of work in the jute and other factories, arrive in a debilitated condition, and swell the death-rate of the place.

14. *Vaccination.*—Is performed direct from the calf, the arm-to-arm system having been entirely abandoned. The people, I was told, appreciate the new system, since they see how much superior it is to the old method. As far as I am at present aware, Narainganj is the first town in Bengal to discard the arm-to-arm method altogether in favour of vacination direct from the calf, which I strongly recommended when I officiated as Sanitary Commissioner of Bengal in 1893, and I congratulate them on the success of their work in this important direction. I examined the arms of 135 children, who had lately been vaccinated direct from the calf, and found the general character of the operations to be very good. One hundred and twenty-one children had been successfully vaccinated in four points, ten in three, and four in two. I cannot, however, regard two points as sufficient protection against small-pox. Nothing under four points should be accepted as thoroughly protective.

15. *Local aid.*—Messrs. Ralli Brothers, proprietors of one of the largest jute firms at Narainganj, have done a great deal to help the municipal authorities in sanitary administration by providing excellent lines for their coolies with ample latrine accommodation and splendid cement bathing-platforms, which they have connected with the town drainage. In consequence of this arrangement, although a great deal of bathing takes place in the open spaces between the cooly lines, the ground is not sodden, but remains dry and healthy. This excellent example might, with advantage, be followed by all the large employers of labour in Narainganj. Messrs. Ralli Brothers, in addition to providing good sanitary arrangements in their own premises, have at their own expense made a much-needed public road to one of the principal ghats, which is also a gift of theirs to the town. This is the best ghat in Narainganj, and is much used and appreciated by the people. The Sanitary Department join the local Municipality in thanking Messrs. Ralli Brothers for their munificence and public-spiritedness.

16. *Conclusion.*—In conclusion I have much pleasure in recording, after a specially critical inspection, that Narainganj, thanks mainly to the unremitting care and energy of the Chairman, Mr. H. F. Wilson, which I heard spoken of on all sides, is one of the best-managed towns in Bengal,—it is certainly the best I have yet inspected. In all directions there is evidence of business-like work and a tendency to improvement in the efficiency with which municipal funds are expended for the public good. I must also congratulate the Municipality in the possession of a very good staff.

EDUCATIONAL PROSPECTUS.

THE Calcutta Medical College Session, 1896-97, will commence on the 15th June next. Students who may be desirous of commencing their studies are requested to apply to the Principal between the hours of 11 A.M. and 4 P.M. on or before 1st June.

Students are expected to enter formally and commence attendance at the College upon the date named.

2. No person shall be enrolled as a matriculated student who has not previously passed the First Arts examination of the Calcutta or an Indian University, or a preliminary Arts examination of the United Kingdom recognized by the British General Medical Council.

3. All matriculated students of the College shall pay Rs. 15 on entrance, Rs. 35 for the summer session on the 1st June, and Rs. 35 for the winter session on 1st November of each year. Rupees 6 extra will be required from each student for each course of dissections. Fees once paid cannot be refunded.

Muhammadan students are required to pay Rs. 15 on entrance and half-fee, *i.e.*, Rs. 17-8 per session. The remaining half-fees are charged to the Mohsin Fund.

4. No free presentations will be awarded at the beginning of the session, but the fees shall be refunded to the ten students who pass highest in all subjects at the end of their first year of study.

5. Any matriculated student of the College may, with the permission of the Principal and the Professor of the subject, attend courses of lectures or departments of hospital practice in addition to the full curriculum for the year, and shall be entitled to certificates of attendance at such extra lectures, if the Professor is satisfied that he or she has really studied the subject. The fees payable in advance for such additional courses are the following :—

	Rs.
For a single course of lectures on each subject in one year ...	40
For six months' attendance in each department of hospital practice	60

6. Any matriculated student who leaves the College before completing his University course, with the object of continuing his studies at a medical school in Europe, may receive certificates of attendance at lectures on payment of fees at the rate fixed in the foregoing rule But in calculating the sum to be so paid, the amount of the fees already paid by him as a regular student, or, in the case of a free student the amount which would have been paid by him had he been a paying student, shall be deducted.

7. Any person not being a matriculated student of the College who wishes to attend any course of lectures, or any department of hospital practice, may do so with the permission of the Principal and Professor of the subject on payment, in advance, of fees at the rates fixed in paragraph 5. If he has passed the Entrance Examination of the University, he shall receive certificates of attendance at lectures. If he has not passed the Entrance examination, he shall receive no class certificates.

8. At the end of their first year, students will be required to pass a College test examination in Anatomy, Chemistry, and Botany. Those who gain not less than 20 per cent. in two subjects, and not less than 15 per cent. in a third, will be eligible for promotion to the second-year class. Those who fail to gain the aforesaid percentage of marks will not be eligible for promotion, but will go through the first-year class again.

9. Students of the second-year will be required to pass a College test examination in Anatomy, Physiology, and Materia Medica. Those who pass the examination with 20 per cent. in two subjects and 15 per cent. in a third will be entitled to go up in the following March or April for the Preliminary Scientific Examination of the Calcutta University, the subjects of which are Chemistry and Botany. Those who (after passing the College test) fail at the University Examination will be entitled, equally with those who pass it, to join the third-year class, at the end of which the former will have to present themselves, as at present, for the combined Preliminary Scientific and 1st L.M.S. (or 1st M.B.) Examination.

10. Those students who fail at the College Test Examination of the second year will not be debarred from going up for the Preliminary Scientific Examination, but will be encouraged to do so in order to get that stage over ; but whether they pass or fail at the University Examination, they will be relegated for a further year to the second-year class, provided that those who pass the University Examination will not be required to attend the courses in those subjects in which they have passed.

11. Students of the third year will present themselves for the 1st L.M.S. or 1st M.B. Examination of the Calcutta University. Those who fail at this examination will be relegated for a further year to the third-year class.

12. Students of the first, second, or third-year class who fail a second time, at the same stage, to gain promotion to the next higher class, will be removed from the College, and will not be entitled to readmission.

13. Students of the fourth-year class will be required to pass a College test examination in Surgery, Medicine, Midwifery, and Medical Jurisprudence. Those who pass the examination with 20 per cent. of the marks in three subjects and 15 per cent. in a fourth will be eligible for promotion to the fifth-year class. Those who fail will be relegated to the fourth-year class for a further year. The examination in Surgery and Medicine will be both theoretical and clinical ; but those students who can obtain from the Visiting Surgeon or Physician, to whose wards they have been attached, a certificate that they have really profited by their instruction in either subject, will be excused the clinical examination in that subject.

14. Students who fail at the 2nd L.M.S. or 2nd M B. Examination will have to attend a further course of lectures in the subject or subjects in which they have failed, in accordance with the regulations of the University.

15. The Principal will determine the maximum number that may be admitted to the first-year class. Students who have failed at the test examination of the first year will have a prior claim to readmission over new students.

16. Students readmitted to a class after failure at the test examination will be required to pay the full fees for the session. Those, however, who, after failing either at the Preliminary Scientific Examination or at the final examination, have to attend a further course of lectures in the subject or subjects in which they failed, shall be required to pay for such lectures a fee of Rs. 40 for one subject, Rs. 60 for two, and Rs. 70 for three. Exceptions to this latter rule may be made in special cases by the Director of Public Instruction on the recommendation of the Principal.

17. College prizes and certificates of honour are open for competition to matriculated students of the College, military medical pupil, and female certificate classes. College scholarships (*vide* paragraph 9) are awarded only to matriculated students of the College.

18. Junior scholarships of Rs. 8 per mensem and free tuition for one year are annually awarded to ten students of the second year, on the results of the Test and Honour examinations at the end of the first year.

Scholarships of the same value are awarded to ten students at the commencement of their third year, on the results of the Test and Honour examinations at the end of their second year, provided they have passed either the Preliminary Scientific L. M. S. or M. B. examination.

Ten senior scholarships of Rs. 12 per mensem and free tuition are awarded annually to students at the commencement of their fourth year, on the results of the Test and Honour examinations at the end of their third year, provided they have passed either the 1st L. M. S. or 1st M. B. examination. These scholarships are tenable for two years, provided the holder passes creditably the Test and Honour examinations at the end of his fourth year. In the event of any scholarship being forfeited under this condition, it may be awarded for one year to any student of the fifth year who has fulfilled the conditions and is not the holder of any scholarship. These scholarships shall not be awarded to students who have gained the Durga Charan Laha scholarship of Rs. 30 per mensem or any other scholarship.

Students who from any cause fail to pass their University examinations at their first chance are not eligible for any of these scholarships, either junior or senior.

19. The Goodeve scholarship of Rs. 12 per mensem, tenable for one year, is annually awarded to a matriculated student of the fifth year, on the result of the midwifery test examination of the fourth year.

The F. C. Chatterjee scholarship of Rs. 17 per mensem, tenable for a year, is annually awarded to the best matriculated student of Native Indian extraction, and whose conduct is certified to be good, in histology at the end of the fourth year. The examination takes place in June each year.

The Abdul Gunny scholarship of Rs. 25 per mensem, tenable for one year, is annually awarded at the end of the fourth year to the best matriculated student in all subjects at the class examinations of the first to fourth year, inclusive. The award is made in May.

The Duke of Edinburgh's prize is awarded to the best in surgery among the matriculated students at the end of the fourth and fifth years. The examination takes place in December or January.

The Bhola Nath Bose's prize of Rs. 40 is awarded to the fourth-year matriculated student who proves himself to be the most successful at bedside diagnosis of disease, in surgery and medicine in alternate years. The award is made in January.

A gold medal and certificates of honour are awarded to the best students in each subject at the Test and Honour examinations.

The Goodeve and Macnamara silver medals are awarded to the best of the first-year native students in anatomy and chemistry respectively, on the result of the Test and Honour examinations.

A prize in Clinical Médicine is awarded annually to the best clinical clerk of the fourth and fifth-year matriculated students. This examination takes place in February.

A prize in Clinical Surgery is awarded annually to the best clinical dresser of the fourth and fifth-year matriculated students. This examination will be held in February.

The Rivers Thompson silver medal is annually awarded to the best Muhammadan student who passes the final L. M. S. or M. B. Examination of the Calcutta University.

The Lady Rivers Thompson prize of Rs. 50 is awarded to the lady-student who obtains the highest number of marks at the final examination.

No student shall be allowed to compete for a prize when attending a course in excess of the number prescribed in the College curriculum.

20. College scholars who receive less than Rs. 20 per mensem are not required to pay Rs. 35 per session. All other scholars shall pay fees as matriculated students. These may pay their fees in advance, or have their scholarship money deducted till the full amount is received.

21. Any student holding a Medical College scholarship (paragraphs 9 and 10) will be permitted to draw the stipend of that scholarship at any recognized medical school in the United Kingdom, provided he furnishes from the head of such school a certificate of good conduct and diligence. These College classes are recognized by all the medical schools in the United Kingdom.

22. The class assistants to the Professors of Pathology and Comparative Anatomy will each receive a salary of Rs. 10 monthly.

30. *Rules for the conduct of periodical examinations.*

(1) *Test* examinations at the end of the—

1st year.

(*a*) Military pupils who obtain less than 10 per cent. of marks in one subject to be "warned" and informed that failure in the same subject at the end of the second year will entail liability to removal from College.

(*b*) Pupils who fail as above in two subjects will lose 200 conduct marks for idleness and will be re-examined two weeks before the commencement of the next session. Failure then in obtaining 15 per cent. of marks in either of the subjects will entail liability to removal.

(*c*) Pupils who fail to get 10 per cent. as above in three subjects will be removed from the College as being unlikely to succeed eventually.

(2) *Pass* examinations at the end of the—

2nd year.

(*a*) Military pupils who obtain less than 20 per cent. of marks in one subject will, if practicable, attend lectures on this subject, and be re-examined at the end of the next session. Failure again in the same subject will render pupils liable to removal.

(*b*) Pupils who fail in two subjects will lose 200 conduct marks for idleness, and will, if practicable, attend lectures on these subjects, and be re-examined at the end of the next session. Failure in either subject will entail liability to removal.

(*c*) Pupils who fail to attain the standard in three subjects will be removed from the College.

(3) *Pass* and *Test* examinations at the end of the—

3rd year.

(*a*) Pupils who fail to obtain 20 per cent. of marks in either or both of the *final* subjects for the third year (viz., Hygiene and Pathology) will lose 200 conduct marks, and be re-examined at the end of the next session.

(*b*) Pupils who do not obtain 10 per cent. of marks in any of the *test* examinations (the other subjects) will lose 200 conduct marks for idleness for each subject in which he so fails.

(4) *Pass* examinations at the end of the—

4th year.

(*a*) Pupils who obtain less than 20 per cent. of marks in all subjects of their final examination will be liable to removal from the College. Such pupils will, however, be allowed to remain for a further period (to be fixed by the Principal in each case) in the College to continue their studies *at their own expense.*

31. FEMALE CERTIFICATE CLASS.

Lady-students must be over 17 years of age before commencing their studies.

They must have passed the Entrance examination of the Calcutta University or an examination officially recognized by that University as equivalent to the Entrance examination. (The certificate of matriculation of the Melbourne University will be accepted.)

New students are expected, at latest, to enter formally and commence attendance at the College when the session opens on 15th June.

The duration of the course will be four years.

Tuition will be free.

32. Students, preferably native ladies, may reside in the Sornomoye Hostel. Applications for residence to be made to the Lady Superintendent of the Hostel, or to the Secretary to the Countess of Dufferin Branch Committee.

33. The following is the curriculum:—

Dentistry (optional).
Pass examinations in Medicine, Surgery, and Midwifery.

Students who are successful are entitled to receive the certificate of the College qualifying them to practise Medicine, Surgery, and Midwifery. A fee of Rs. 10 is charged for each certificate.

34. The following rules will be observed in regulating advancement from class to class:—

(1) *Test examination at the end of the first year.*—If a student obtains less than 10 per cent. of the marks in any two out of three subjects of examination, she shall not be allowed to continue in the College.

(2) *Pass examinations at the end of the second and third years.*—In order to pass, a student must gain 33 per cent. in each subject of examination. If a student fails in any two of the three subjects, or, failing in one subject only, if she gains less than 25 per cent. in that subject, she shall be put back for one year. If she fails in one subject only, gaining 25 per cent. or more in that subject, she shall be promoted to the next class, but will be required to submit to re-examination in that subject, in addition to the examination in the regular subjects, at the end of the following year. She will be permitted to attend lectures on the subject in which she has failed. Failure on re-examination will carry the same penalty as original failure.

(3) *Pass examination at the end of the fourth year.*—The same rules as apply to the previous pass examinations, with the exception that if a student, failing in one subject only, gains 25 per cent. in that subject, she will be referred back to her studies for a period of six months, at the expiration of which she will be entitled to re-examination after furnishing proof of having attended hospital practice during that period.

35. Female students who have not passed the Entrance or its equivalents will be admitted into the Eden Hospital to learn midwifery. These will receive Rs. 20 per mensem. After a year's tuition and bedside practice, if found proficient, they will obtain a certificate qualifying them to practise midwifery. The fee for each certificate is Rs. 5.

36. Female students who have not passed the Entrance or its equivalents, but who read and write Bengali, can be admitted in the Eden Hospital as pupil *dais*. Of these, eight will receive Rs. 6 per mensem and the rest will be taught free. After 12 months' tuition and bedside practice, if found proficient, they will obtain a certificate qualifying them to practise midwifery.

37. All certificates are to be registered in the Principal's office.

SEPARATE REVENUE.

COTTON DUTIES.

The 21st February 1896.

No. 864-S.R.—IN exercise of the power conferred by Section 36 of the Cotton Duties Act, II of 1896, the Governor General in Council is pleased to make the subjoined rules under the said Act and to direct that they shall

be enforced throughout British India in supersession of the rules made under Act XVII of 1894 and published with the undermentioned Notifications :—

Finance and Commerce Department, No. 2061 S. R., dated the 3rd May 1895.
Ditto ditto No. 4722 S. R., dated the 3rd October 1895.
Foreign Department, No. 3280 I., dated the 4th October 1895.
Finance and Commerce Department, No. 5432 S. R., dated the 15th November 1895.
Ditto ditto No. 5434 S. R., ditto ditto.

RULES.

RETURN AND NOTICE OF ASSESSMENT.

1. The return required by section 8 of the Cotton Duties Act, 1896, from the owner of every mill in which cotton goods are produced shall be in Form A appended to these Rules, and shall contain the particulars indicated therein, shown separately for each description of goods and for goods of the same description but of different dimensions.

The declaration of the truth of such return shall be subscribed in the terms set forth at the foot of the said form.

2. Every mill-owner who has entered any cotton goods in column 5 of the return shall also deliver to the Collector, within 20 days after the date on which such return is due for delivery, the certificate required by section 18 of the Act.

3. When the return, duly completed, has been delivered to the Collector as provided in the Act, the Collector shall check the same in any manner that may appear to him desirable, and may, for such purpose, examine and compare, or cause to be examined and compared, the records and accounts of the mill. He shall ascertain that the quantities shown in column 5 of the return agree with those shown in the certificates issued, and shall also satisfy himself that the quantities shown as warehoused have been actually so dealt with.

4. The Collector, when satisfied that the return is correct, shall send to the mill-owner a statement in Form B appended to these Rules showing as due for the period to which the return relates the total duty assessed by him.

5. If the amount of the duty assessed is not immediately tendered, a notice may be served on the mill-owner under section 9, sub-section (1), of the Act, which shall be in Form C appended to these Rules.

FREE EXPORT AND DRAWBACK.

6. Every mill-owner exporting goods direct from the mill shall, at the time of delivering the return referred to in Rule 1 of these Rules, furnish the Collector of Customs at the port of shipment with a return in Form D, and, at the time of putting in the shipping bills, with the particulars indicated in Form E appended to these Rules.

7. (1) Every mill-owner selling goods for future export shall, unless it is otherwise provided by the contract, be bound to furnish the purchaser on request with the particulars indicated in Form E, and to fill in the certificate of sale at the foot of the form.

(2) If the exporter of the goods desires to claim certificate or drawback in respect of such goods he shall supply to the Collector the particulars indicated in Form E at the time of putting in the shipping bills.

8. The Collector of Customs at the port of shipment may then take such steps as may be necessary to satisfy himself that the goods brought for export correspond with the description given in Form E and that their contents are as therein stated. When satisfied on these points, and after the goods have been exported, the Collector shall—

(1) if the goods have not been assessed in any return received before the application for export is made—

issue a certificate in Form F;

(2) if the goods have been so assessed—

grant drawback on proof of payment of duty on the goods in respect of which the claim for drawback is made.

9. The certificate issued in Form F may be made over to the exporter of the goods, if the mill-owner has given authority for that purpose.

10. A record shall be maintained in the office of the Collector of Customs at the port of shipment of all certificates so issued.

11. All certificates delivered in accordance with Rule 2 of these Rules shall be filed in the Collector's office.

12. If goods on which duty has been paid are exported by the owner of the mill in which they were produced, the Collector may credit the amount of drawback allowed thereon against the next demand for duty, in the event of such duty being payable to him.

MILL REGISTERS AND RECORDS.

13. Every bale of goods made up at a mill shall be stamped with a consecutive number, which shall be entered at the time of baling in a register to be called the Bale Register. It shall further be marked before it is issued out of the premises of the mill with the date of issue.

14. The Bale Register shall show—

(1) the consecutive number of the bale;

(2) the description of goods contained in the bale;

(3) the "real value" of the goods;

(4) the number of pieces of piece-goods;

(5) the dimensions and weight of the goods; and

(6) the date on which the bale is issued out of the premises of the mill.

15. All other goods not baled and marked in accordance with Rule 13 shall be entered in a register of goods issued out of the premises of the mill, in which shall be entered the description, weight and real value of all such goods.

SPECIAL PROVISIONS FOR BLEACHED OR DYED GOODS.

16. The exporter of goods which have been bleached or dyed after having been issued out of the premises of a mill shall, in addition to the information required by Rule 7 (2) furnish the Collector of Customs with a statement from the owner of the works in which such goods were bleached or dyed, showing for the same—

(1) the numbers and marks on the bales of bleached or dyed goods for export;

(2) the numbers and marks on the bales of grey goods from which the bales of bleached or dyed goods have been made up;

(3) the weight of the bales for export;

(4) the date of putting the goods into process;

(5) the date of baling the finished goods; and

(6) the name of the owner of the works at which such goods were bleached or dyed.

17. The Collector shall satisfy himself, by reference to the books and records of the works at which such goods were bleached or dyed, or otherwise as he may think fit, of the identity of the same with the grey goods shown in Form E.

SPECIAL RULE FOR ALL MILLS IN WHICH YARN IS SPUN.

18. The owner of every mill in which yarn is spun shall prepare and deliver to the Collector, on or before the 15th of each month, a return in Form G of all yarn spun in the mill during the preceding month.

The Forms to which reference is made in the foregoing Rules.

Advertisement of sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situated in the district of Midnapore, will be put up to sale at the Midnapore Collectorate on Friday, the 27th March 1896, corresponding with the 15th of Chaitra 1302 B.S. and 16th of Chaitra 1303 A.S.

The purchasers will be subject to the following conditions of sale:—

Conditions of sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, subject to the revenue fixed in perpetuity.

2nd.—The sales to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale:—

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Nadia, will be put up to sale by the Collector of that district at the Subdivisional Office at Ranaghat on the 27th March 1896, corresponding with Bengali 15th Chaitra 1303 B S.

The purchasers will be subject to the following conditions of sale:—

Conditions of Sale.

1*st*.—The estate to be sold to the highest bidder above the upset price. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2*nd*.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings, and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3*rd*.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4*th*.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Governor General of India in Council received the assent of His Excellency the Governor General on the 20th February, 1896, and is hereby promulgated for general information :—

ACT NO. IV OF 1896.

An Act to amend the Indian Ports Act, 1889.

WHEREAS it is expedient to amend the Indian Ports Act, 1889; It is hereby enacted as follows :— X of 1889.

1. (*1*) In section 6, clause (*o*), of the said Act, the word "and" shall be omitted, and after clause (*p*) of the same section the following shall be added, namely :— Amendment of section 6, Act X, 1889.

"and

(*q*) for securing the protection from heat of the officers and crew of vessels in any such port by requiring the owner or master of any such vessel—

(i) to provide curtains and double awnings for screening from the sun's rays such portions of the deck as are occupied by, or are situated immediately above, the quarters of the officers and crew ;

(ii) to erect windsails so far as the existing port-holes or apertures in the deck admit of their being used for ventilating the quarters of the officers and crew ;

(iii) when the deck is made of iron and not wood-sheathed, to cover with wooden planks or other suitable non-conducting material such portions of the deck as are situated immediately above the quarters of the officers and crew ;

(iv) when the quarters used by the crew and the galley are separated by an iron bulkhead only, to furnish a temporary screen of some suitable non-conducting material between such quarters and the galley."

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 22.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 20th February, 1896 :—

No. 11 of 1896.

A Bill to amend the Indian Contract Act, 1872.

WHEREAS it is expedient to amend the Indian Contract Act, 1872; It is hereby enacted as follows :— IX of 1872.

Addition of new sections after section 69, Act IX, 1872.

1. After section 69 of the said Act the following sections shall be added, namely :—

Charge on immoveable property preserved from alienation by payment made by person interested.

"69A. If any such payment as is mentioned in the last foregoing section is made by a person possessing an interest in any immoveable property and is, by reason of the default of the person bound by law to make it, necessary for the purpose of preserving such property from alienation and has the effect of so preserving it, the person making the payment shall be entitled to a charge upon the property so preserved for reimbursement of the sum so paid, with interest at such rate as the Court may direct.

"Such charge shall have priority over all charges on, and rights in, such property, which would have been defeated if such alienation had taken effect, and shall be subject to all such charges and rights as would have remained unaffected notwithstanding such alienation.

Charge on Immoveable property preserved by payment made by one of two or more persons jointly interested.

"69B. When two or more persons are jointly interested in any immoveable property, and one of such persons, in order to its preservation, makes any payment in respect thereof to which they are jointly and severally liable, or to which they ought by law or in equity to contribute either equally or in any definite proportions, the person making such payment shall be entitled to a charge upon the interest or respective interests of the other or others of them for reimbursement to him of the proportion or respective proportions of the sum so paid to the payment of which he or they respectively was or were so liable as aforesaid, together with interest thereon at such rate as the Court may direct.

Charge on immoveable property preserved by payment made at the request of person interested.

"69C. If any person, at the request, made in writing and signed by a person having an interest in any immoveable property, and in order to preserve such property from alienation, pays any charge or demand affecting such property which such last-mentioned person was bound by law to pay, the person making such payment shall be entitled to a charge on the property so preserved for reimbursement to him of the sum so paid, with interest thereon at such rate as the Court may direct.

The person entitled to such charge shall have the same priority in respect thereof as between himself and the other persons interested in such property, as the person whose charge or demand was so paid as aforesaid was entitled to at the time of such payment.

Suit to declare existence and extent of charge under three last foregoing sections.

"69D. Any person claiming to be entitled to a charge on any property under any of the three last foregoing sections may maintain a suit against the owner of the property for a declaration of the existence and extent of such charge.

Saving of right of Government to sell free of encumbrances.

"69E. Nothing in sections 69A, 69B and 69C shall affect the right of the Government to sell an estate free from all encumbrances and charges under the law for the time being in force for the recovery of arrears of land-revenue and other public demands, and, notwithstanding anything contained in the sections aforesaid, no charge of the nature therein described shall enure as against a *bonâ fide* transferee for value of immoveable property unless prior to the transfer to such transferee there has been registered in British India, under the law for the time being in force for the registration of documents, either an agreement by the predecessor in title of such transferee acknowledging, or a certified copy of the decree of a Court of competent jurisdiction declaring, the existence and extent of such charge :

Provided that, notwithstanding such registration, no such charge shall be valid as against a *bonâ fide* transferee for value of the property who shall prove to the satisfaction of the Court that at the time when he parted with his purchase-money he was in fact ignorant of the existence of the charge and could not by reasonable diligence have discovered its existence.

Explanation.—In the construction of this section 'purchase-money' shall include any valuable consideration given for the transfer of the property in question."

STATEMENT OF OBJECTS AND REASONS.

THIS Bill aims at the incorporation into the law of British India of provisions, founded upon the old rule of equity adopted by the English and Irish Courts, which will enable persons making payments with the object and effect of preserving immoveable property from alienation to acquire in certain circumstances a lien or charge on such property in respect of the payments so made.

2. Section 69 of the Indian Contract Act, 1872, provides that a person interested in the payment of money which another is bound by law to pay, and making payment in the default of such other, is entitled to be reimbursed by him. Thus the person making the payment is given, under the circumstances indicated by the section, a right of recovery against the person on whose behalf the payment has been made, but no right as against the property preserved by the payment is here conferred. The question of the expediency of undertaking legislation in order to give such a right of recovery has come before the Government of India in connection with the divergent rulings of the several High Courts in cases in which the nature and extent of liens created by payments of this kind came under consideration. Full Benches of the Calcutta and Allahabad Courts have held that there is no general rule of equity to the effect that, whoever, having an interest in an estate, makes a payment in order to save it, obtains a charge thereon, and that, therefore, in the absence of a statutory declaration to the contrary, a co-sharer who has paid the whole revenue and thus saved the estate from sale, does not by reason of such payment acquire a charge on the shares of his defaulting co-sharers. Neither of these rulings was, however, unanimous, and the opposite view taken by the dissentient minorities in Calcutta and Allahabad have commended themselves to Divisional Benches of the Bombay and Madras High Courts. In these circumstances it has been decided to propose legislation on the subject. The provisions of the Bill appear to need no further explanation beyond this, that it has been deemed necessary to save the right of Government to sell estates free of all encumbrances to recover arrears of the land-revenue or of any other public demand.

INDIA, WEST—MALABAR COAST.

Buoys placed to mark the anchorage at Alleppey.

THE Master Attendant at Alleppey has given notice that two buoys, red and black, have been placed in four fathoms to mark the anchorage at Alleppey.

Should the current be from north to south, Commanders should take the Black buoy as their guide; if from the south to north, the Red buoy.

N B—The buoys are only intended as a rough guide; the mud bank shifts frequently and rapidly, so that the lead must be used when approaching the anchorage.

Shoals near Siri or Lima islands.

THE British Admiralty has given notice (No. 16 of 1896) of the undermentioned particulars of shoals near Siri or Lima islands, recently examined by the Netherlands surveying vessel *Banda* :—

1. A coral shoal, about 3½ miles in length east and west, and more than a mile in breadth, with a least depth of 4¾ fathoms on it, and general depths of 7 to 10 fathoms, lies with its centre in approximately lat. 4° 47½′ S., long. 117° 1½′ E.

The 4 fathoms reported by *Peveril 1895*, though not found, has been retained upon the Admiralty charts.

2. A coral shoal, about 2½ miles in length east and west, and half a mile in breadth, with a least depth of 4 fathoms on it, lies about 5 miles southward of the above shoal (1), or in approximately lat. 4° 53½′ S., long. 116° 59½′ E.

The channel between these shoals (1 and 2) has been partially examined, and so far found free from dangers, with depths of 32 to 40 fathoms over a sandy bottom.

3. A depth of 3¼ fathoms has been found on the shoal marked 4¼, in approximately lat. 4° 55′ S., long. 117° 3′ E., and depths of not less than 4½ fathoms on the shoals near that locality.

4. A coral shoal, with a least depth of 4¼ fathoms on it, and 30 fathoms close around, lies in approximately lat. 5° 13½′ S., long. 116° 59′ E.

OILSEED CROPS IN BENGAL.

THE following is published for general information.

REV. DEPT., *The 24th February 1896.*

C. E. BUCKLAND, *Secy. to the Govt. of Bengal.*

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

First Forecast of the Oilseed Crops of Bengal, 1895-96.

N.B.—Returns have been received from all districts except Hooghly.

Explanatory.—The chief oilseed crops in these Provinces are:—(1) rapeseed and mustard, (2) linseed, (3) *til* or *gingelly*, and (4) other oilseeds, *e.g.*, castor oil and *sorguza* (niger oilseed), &c. Two varieties of *til* are grown, viz., (*a*) the *bhadoi til*, which is sown during the rains and reaped early in the cold weather, and (*b*) the *rabi til*, which is sown in the cold weather and reaped shortly before the setting in of the rains. To prevent misunderstanding and to make this estimate complete for all important oilseed crops of the year, both *til* crops have been included in the present forecast.

Character of the season.—The latter part of the monsoon season of 1895 was characterised by an early cessation of the rains. In September the rainfall was below the normal in all districts of these Provinces except Rangpur, Bogra, Saran, Champaran, and Puri. In October it was less than normal throughout Bengal excepting Burdwan, Jessore, Khulna, Faridpur, Backergunge, Tippera, Chtttagong, Cuttack, Manbhum, and Singhbhum. In November, Orissa received only about half the normal fall; in the other divisions of these Provinces the rainfall was unimportant. In December, an average fall of one-and-a-half inches, which exceeded the average, was received in East Bengal; Bihar received showers; the other Divisions received little or no rain. In January a few light showers fell in the Dacca and Rajshahi Divisions only.

3. *Area cultivated.*—The total area sown with oilseeds in 1895-96 in these Provinces (except Hooghly, for which no returns have been furnished by the Collector) is estimated at 4,149,100, against 4,264,400 acres (excluding Hooghly) sown in 1894-95. The decrease of 115,300 acres (2·7 per cent.) is due to the unusually early cessation of the monsoon rains of 1895. Noakhali reports a decrease in the area cultivated, on account of heavy rainfall at the time of cultivation.

4. *Character of the crops.*—On reference to the appended returns, it will be seen that out of 44 districts, from which reports have been received, only one district, viz. Angul and Khondmals, estimates the outturn of the different kinds of oilseed crops at 16 annas; 19 districts report the crops as varying from 12 to 15 annas, and 23 from 8 to less than 12 annas. The Collector of Gaya returns a poor crop of 6 annas only, which he states is due to want of sufficient rain. Fifteen districts, including all the districts of the Dacca and Orissa Divisions, report the crops of 1895-96 to be better than those of 1894-95; 5 report equal crops and 24 worse crops. Last year the outturn of the oilseed crops in these Provinces was estimated at 12 annas; this was perhaps an under-estimate. The estimate of this Department, based on the district estimates, is that the oilseed crops of 1895 will give an outturn of 11½ annas. This comparatively low outturn is due to the rainfall having been generally deficient, except in Eastern Bengal and Orissa, throughout the growing season of the crops.

Assistant Director of the Department of Land Records and Agriculture, Bengal.

Countersigned,

W. C. MACPHERSON,

Director of the Department of Land Records and Agriculture, Bengal.

Burdwan.	Burdwan ...	Linseed	28,300	26,400	26,500	10	10	Owing to scanty rainfall, the outturn in the Sadar and Raniganj subdivisions is expected to be worse than in the previous year. In the Kalna and Katwa subdivisions, owing to the want of seasonable rainfall, the outturn will be the same as that of last year.	The Collector returned estimates of area and outturn of *rabi til* only. *Bhadoi til* has been included by this Department.

	Birbhum ...	Linseed	1,000	1,000	800	10	8	The want of rain at sowing time has caused a decrease in the area sown as well as in the expected outturn. Unless rain falls shortly, the outturn will be worse.	
		Rapeseed and mustard.	3,000	2,500	1,200	9			
		Til	500	500	400	9			
		Total ...	4,500	4,000	2,500	9	8		
	Bankura ...	Linseed	1,300	1,200	1,100	13½	13	The character of the season is very favourable for rapeseed and mustard and *til* in some parts of the district; hence the area under these crops has been increased. But for linseed and other oilseed crops it is not so favourable on account of insufficient rainfall in several parts of the district, where these crops are generally grown. The outturn has been roughly estimated to be 13 annas on an average.

The decrease in the area sown this year, as compared with the normal and last year's area, is due to the total absence of rain at the sowing time. The want of rain also retarded the growth of the plants. The outturn is therefore likely to be less than that of last year, and much below the average.	
		Til ...	23,400	29,400	26,200	10	11

Linseed ... and Rapeseed mustard.	57,900 57,700	61,500 23,700	40,000 23,300	10½ 9	8½ 8½	Want of seasonable rain accounts for the decrease in the area sown, as well as in the estimated outturn.	Either the normal area is over-estimated or the estimates in columns 5 and 6 require correction. The Collector is requested to make necessary correction.
		Til ...	21,700	13,900	12,600	11½	9

PABNA.	Murshidabad	Linseed	26,500	26,800	26,800	14	12	The increase in area under cultivation this year is due to the comparative failure in *aman* and winter crops this year, consequently cultivation of oilseed crops could be taken in hand earlier than usual. The decrease in the estimated outturn is due to the want of rain since sowing.	The Collector returned estimates of area and outturn of *rabi til* only. *Bhadoi til* has been included by this Department.
		Rapeseed and mustard.	23,700	18,400	18,900				
		Til	8,100	7,200	7,300				
		Other oilseeds ...	20,000	14,500	15,600

	Jessore	Linseed	42,900	23,100	23,000	9	10	The decrease in area is due to absence of rain during the sowing time and later on, and want of moisture from inadequate floods this year. The outturn is expected to be better than that of last year as no such damage as was caused by the heavy rainfall in November 1894 has yet been done to any of the crops.	Ditto ditto.
		Rapeseed and mustard.	51,400	41,100	40,000	7

	Khulna	Linseed ...	4,000	4,800	4,800	11	11	The outturn on the whole is expected to be bad owing to the want of timely rains. The decrease in area against rape and mustard seed is also owing to the same cause. The figures against other oilseeds are for the *Sadar* subdivision alone, and the outturn is expected to be somewhat better. The area against *til* has been decreased to 4,200, *i.e.*, 3,200 for Bagirhat and 1,000 for Satkhira The Subdivisional Officer of Bagirhat reports that as *til* is only reaped before the setting in of the rains, it is a *rabi til* though sown in both the returns for oilseeds and *bhadoi* crops.	
		Rapeseed and mustard.	67,000	63,000	62,000	11	10

RAJSHAHI.	Rajshahi ...	Linseed ...	3,200	3,200	3,200	16	13	The decrease in this year's outturn is due to want of timely rainfall and sufficient moisture in the land necessary for the growth of the plants.	
		Rapeseed and mustard.	94,600	94,600	94,600	14	12

	Dinajpur ...	Rapeseed and mustard.	129,500	129,500	129,500	10	10	The outturn will be worse than normal, because there has been no late rain.	Separate estimate should be made for linseed, if possible.

	Jalpaiguri ...	Rapeseed and mustard.	25,000	25,800	25,800	13	9	The decrease in outturn is due to want of rainfall at the sowing time.	The Deputy Commissioner returned estimates of area and outturn of *rabi til* only. *Bhadoi til* has been included by this Department. Separate estimate should be made for linseed, if possible.

The increase in area sown this year under mustard is due to the fact that the water subsided earlier, and the cultivators had therefore ample time to sow mustard to a large extent.	Either the normal area is over-estimated or the estimate in columns 8 and 9 require correction. The Collector is requested to consider what alteration of figures is required.

Although the cyclone in October was unfavourable to sowings effected, I think the area under cultivation this year is about the average. I therefore reproduce the figures in column 4. They strike me, however, as rather high. Linseed and mustard (including rape) are probably a little under the average in outturn per acre, partly owing to a storm in December. The other crops (rabi, &c.) are up to the average. *Til* is generally a hot-weather crop here, except on hilly land, where it is a *rabi* crop.	As against Mymensingh.

As regards the increase in the outturn of linseed, til and other oilseeds, the season this year has been more favourable. REPORT ON THE STATE OF THE SALT MARKET FOR THE THIRD QUARTER OF 1895-96.

No. 139B., dated Calcutta, the 14th February 1896.

From—E. H. WALSH, Esq., Offg. Secretary to the Board of Revenue, L.P.,
To—The Secretary to the Government of Bengal, Financial Department.

SALT.

THE HON'BLE MR. D. R. LYALL, C.S.I.

I AM directed to submit the following report on the state of the salt market for the third quarter of 1895-96, comprising the months of October, November and December 1895.

2. The quantity of salt of every description cleared during the quarter under review amounted to 27,75,261 maunds, against 26,12,380 maunds in the previous quarter, and 24,38,510* maunds in the corresponding quarter of the previous year; and the net amount of duty levied thereon was Rs. 65,18,246, against Rs. 61,10,917 in the previous quarter, and Rs. 57,28,952* in the corresponding quarter of the previous year. In all cases fractions are omitted.

* Revised figures.

3. The quantity of locally-made salt removed from the golas in Orissa during the quarter under review, and the quantity which remained in store at the close of the quarter are shown in table I:—

The total sale of locally-made salt during the quarter under review amounted to 15,248 maunds, against 22,180 maunds in the previous quarter, and 11,599 maunds in the corresponding quarter of the previous year. Duty was levied during the quarter on the full amount sold.

4. The subjoined table shows in detail the importations into the port of Calcutta and the total clearances of sea-imported salt during the quarter under

review, compared with the figures of the corresponding quarters of the previous two years:—

The stock in bond at the close of the quarter is larger than that at the close of any of the previous four quarters, but the shipments of salt, as noted in paragraph 9, show a marked decline. There is therefore some prospect of a reduction in the enormous stock in bond.

6. The despatches of salt from Calcutta by water and the three railways passing the several pass stations into the interior of the country both east and west of the river Hooghly, as well as the despatches by steamers and flats during the quarter under review and the corresponding quarters of the previous two years, are shown in the table below:—

The large decrease in the exportation of duty-paid salt to Orissa is counterbalanced by the transactions in bonded salt shown in paragraph 11.

7. The quantity of salt despatched by the East Indian Railway to the stations beyond Buxar during the quarter under review amounted to 20,609 maunds 10 seers, as noted in the margin, against 11,616 maunds 20 seers in the previous quarter, and 2,248 maunds 20 seers in the corresponding quarter of the previous year.

Dinajpur.—Rainfall nil. Weather cold. Cultivation of *bhadoi* is going on. Outturn of mustard estimated to be 12 annas. No cattle-disease. Fodder and drinking water sufficient. Price of common rice 14 to 17 seers per rupee.

Rangpur.—No rain. Lands are being prepared for *bhadoi* crops. Rain is needed. Common rice selling from 12 to 15 seers per rupee. Fodder sufficient.

Pabna.—Rainfall nil. Weather hot at day, but cool at night. Cutting of *rabi* crops commenced. Prospects are fair, but more rain is wanted. Fodder available. Price of common rice at head-quarters 18 seers and Sirajganj 14 seers per rupee.

Dacca.—Rainfall nil. Weather seasonable. Prospects of standing crops good. No cattle-disease. Fodder available. Common rice sells at 14 seers per rupee.

Chittagong.—Rainfall 9·13. Weather cloudy and rainy; since fair. *Rabi* crops damaged about 5 annas by the late rain. Water and fodder sufficient. Rice selling at 14 seers per rupee.

Patna.—No rain. *Rabi* doing fairly well. Mustard and peas being reaped and opium collection progressing favourably. Condition of cattle good. Fodder and water sufficient. Common rice selling at an average of 18¼ seers per rupee.

Gaya.—No rain. *Rabi* harvesting and poppy lancing in progress. Price of common rice at Sadar 16 seers against an average of 15¼ seers per rupee.

Champaran.—No rain. Weather seasonable. Average outturn of *rabi* estimated at 12 annas in Sadar and 8 annas in Bettiah. Collection of opium has commenced; yield reported to be good in Bettiah, but not favourable in Sadar. Common rice sells at Sadar 18½ seers per rupee. Fodder and water for cattle sufficient.

Darbhanga.—No rain. Weather getting warm. Prospects of *rabi* not favourable. Mustard and peas being harvested. Fodder for cattle sufficient. Common rice selling at 18 seers per rupee.

Bhagalpur.—No rain. Weather getting warm. Prospects of *rabi* not favourable owing to continued drought. Outturn of mustard and linseed expected to be 11 annas. Cases of cattle-disease reported from Banka, where fodder is also getting scarce. Water sufficient everywhere. Common rice sells at 17 seers 10 chitaks per rupee at Sadar.

Purnea.—No rain. Prospects of standing *rabi* crops fair. Pressing of sugarcane and manufacturing of *gur* in progress. Lands being prepared for *bhadoi* crops. Fodder and water sufficient. No cattle-disease. Common rice sells at 22 seers per rupee.

Cuttack.—Rainfall nil. Weather seasonable. *Dalua* (spring rice) plants doing well. Prospect of tobacco good. A few cattle only found on enquiry to be suffering from foot-and-mouth disease. Common rice sells at—

		Srs.	c.	
Cuttack	... ...	23	0	per rupee.
Jajpur	... ...	29	9	
Kendrapara	... ...	28	14	
Banki	... ...	28	11	

Hazaribagh.—No rain. Weather getting warm. *Rabi* crops have suffered from want of rain, and the outturn is expected to average only 8 to 12 annas. Poppy fair. Fodder-supply becoming scanty. Common rice selling at Sadar 12 to 16 seers and Giridi 14 seers per rupee.

General Summary.—There was heavy rain amounting to over 9 inches in Chittagong during the week, which is said to have damaged the *rabi* crops to some extent. Elsewhere no rain is reported, and little change in the general prospects of the crops. The state of the *rabi* crops continues generally fair, except, as previously reported, in parts of Bihar and in Hazaribagh, and also in Midnapore and Murshidabad, where they are suffering from lack of moisture in the soil. Mustard and other early *rabi* crops are being gathered, and the collection of opium is going on. Sugarcane is being pressed. Spring rice is doing well. In Northern Bengal the preparation of land for the *bhadoi* crops is proceeding, but rain is wanted. Cases of cattle-disease reported from Bhagalpur and Cuttack. The price of common rice continues almost stationary.

Explanation.—... indicates that no rain has fallen. If the return for any day has not been received, the corresponding space is left blank. If any of the returns are wanting, the corresponding spaces in the total rainfall columns are left blank. With reference to the column of rainy days, the definition of a rainy day is when at least 0·1 inch of rain has fallen

CALCUTTA, *the 25th February 1896.*

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING 8 A.M., SATURDAY, THE 22ND OF FEBRUARY 1896.

AGAIN during the previous week conditions had been disturbed in Bengal owing to the existence and movement of a barometric depression, but on the last day of that week it had practically filled up and disappeared, and the pressure distribution in Bengal was almost normal, while temperature was rather lower than usual. On the 16th, or the first day of the week under review, a brisk to rapid fall of pressure had occurred over Bengal and the Gangetic Plain, and pressure became in defect by amounts ranging up to 0·12″ at Bankipore. A barometric depression had thus commenced to form, and this was at once accompanied by a rapid increase of temperature, ranging up to 4°, 5°, and 6° at some stations, while humidity also became high. On the 17th a further brisk fall of pressure occurred, and it became in defect by about 0·15″. A rise in the mean temperature, in some cases amounting to 8°, occurred on this day, and at some stations the night temperatures were 10° and 12° in excess of the normal, while humidity was also extremely high. On the 18th the centre of the barometric depression had passed south-eastwards, and was over the head of the Bay. The changes of pressure on this day were not large, but behind the depression temperature as usual began to fall, and there was also a very rapid decrease in humidity. On the 19th the small barometric depression still existed in the north-east angle of the Bay, and it had given distinctly disturbed weather in South-East Bengal, where many showers fell, and where Chittagong had received the remarkably heavy rainfall of 9·25 inches. Pressure was, however, generally rising, and it was clear the depression was filling up. Over Bengal generally temperature was falling, while humidity was also decidedly low. On the 20th the depression continued to exist near Chittagong, but weather was not so disturbed as it had been. Temperature and humidity had again fallen, and in certain districts the air became unusually dry, and at Calcutta at 10 A.M. on this date the amount of moisture in the atmosphere was only 24 per cent. of the possible saturation. On the 21st pressure was increasing briskly over Bengal, though the depression could be still traced in a feeble form, but on this day the cool wave of air following after the depression swept fully over Bengal, and a fall in the mean temperature, in some cases ranging up to 7°, occurred, while humidity also continued low. On the 22nd, or the last day of the week, the pressure changes were usually small, but the depression had quite disappeared and weather was fine and settled. The north-east monsoon winds in Bengal were, however, being partly replaced by southerly winds, which were beginning to give increasing temperature and humidity at the southern stations.

Pressure.—Owing to the influence of the depression pressure has been rather largely below the normal, and the average defect for the week has been from about 0·08″ to 0·10.″

Temperature.—The mean temperature for the province for the week has been 0·9° above the normal, but the excess has been to a great extent confined to the maximum or day temperatures.

The actual average temperatures registered in the province for the week and the variation from their normal values are, however, seen in the table below, where the average temperature data for nine selected stations in different districts of the province are given :—

Rainfall.—East Bengal has received an average fall of 0 80 inch, but all other divisions have been practically rainless. The district of Chittagong has received an average fall of 5·26 inches and South Lushai Hills one of 3·42 inches, while falls of about an inch have been received over Backergunge and Noakhali. Elsewhere the falls have been of little importance.

The following table gives the summary of the temperature and rainfall data of each of the six meteorological divisions of the province for the week ending Saturday, the 22nd of February 1896 :—

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

EDUCATIONAL PROSPECTUS.

THE Calcutta Medical College Session, 1896-97, will commence on the 15th June next. Students who may be desirous of commencing their studies are requested to apply to the Principal between the hours of 11 A.M. and 4 P.M. on or before 1st June.

Students are expected to enter formally and commence attendance at the College upon the date named.

2. No person shall be enrolled as a matriculated student who has not previously passed the First Arts examination of the Calcutta or an Indian University, or a preliminary Arts examination of the United Kingdom recognized by the British General Medical Council.

3. All matriculated students of the College shall pay Rs. 15 on entrance, Rs. 35 for the summer session on the 1st June, and Rs. 35 for the winter session on 1st November of each year. Rupees 6 extra will be required from each student for each course of dissections. Fees once paid cannot be refunded.

Muhammadan students are required to pay Rs. 15 on entrance and half-fee, *i.e.*, Rs. 17-8 per session. The remaining half-fees are charged to the Mohsin Fund.

4. No free presentations will be awarded at the beginning of the session, but the fees shall be refunded to the ten students who pass highest in all subjects at the end of their first year of study.

5. Any matriculated student of the College may, with the permission of the Principal and the Professor of the subject, attend courses of lectures or departments of hospital practice in addition to the full curriculum for the year, and shall be entitled to certificates of attendance at such extra lectures, if the Professor is satisfied that he or she has really studied the subject. The fees payable in advance for such additional courses are the following :—

	Rs.
For a single course of lectures on each subject in one year ...	40
For six months' attendance in each department of hospital practice	60

6. Any matriculated student who leaves the College before completing his University course, with the object of continuing his studies at a medical school in Europe, may receive certificates of attendance at lectures on payment of fees at the rate fixed in the foregoing rule But in calculating the sum to be so paid, the amount of the fees already paid by him as a regular student, or, in the case of a free student the amount which would have been paid by him had he been a paying student, shall be deducted.

7. Any person not being a matriculated student of the College who wishes to attend any course of lectures, or any department of hospital practice, may do so with the permission of the Principal and Professor of the subject on payment, in advance, of fees at the rates fixed in paragraph 5. If he has passed the Entrance Examination of the University, he shall receive certificates of attendance at lectures. If he has not passed the Entrance examination, he shall receive no class certificates.

8. At the end of their first year, students will be required to pass a College test examination in Anatomy, Chemistry, and Botany. Those who gain not less than 20 per cent. in two subjects, and not less than 15 per cent. in a third, will be eligible for promotion to the second-year class. Those who fail to gain the aforesaid percentage of marks will not be eligible for promotion, but will go through the first-year class again.

9. Students of the second-year will be required to pass a College test examination in Anatomy, Physiology, and Materia Medica. Those who pass the examination with 20 per cent. in two subjects and 15 per cent. in a third will be entitled to go up in the following March or April for the Preliminary Scientific Examination of the Calcutta University, the subjects of which are Chemistry and Botany. Those who (after passing the College test) fail at the University Examination will be entitled, equally with those who pass it, to join the third-year class, at the end of which the former will have to present themselves, as at present, for the combined Preliminary Scientific and 1st L.M.S. (or 1st M.B.) Examination.

10. Those students who fail at the College Test Examination of the second year will not be debarred from going up for the Preliminary Scientific Examination, but will be encouraged to do so in order to get that stage over ; but whether they pass or fail at the University Examination, they will be relegated for a further year to the second-year class, provided that those who pass the University Examination will not be required to attend the courses in those subjects in which they have passed.

11. Students of the third year will present themselves for the 1st L.M.S. or 1st M.B. Examination of the Calcutta University. Those who fail at this examination will be relegated for a further year to the third-year class.

12. Students of the first, second, or third-year class who fail a second time, at the same stage, to gain promotion to the next higher class, will be removed from the College, and will not be entitled to readmission.

13. Students of the fourth-year class will be required to pass a College test examination in Surgery, Medicine, Midwifery, and Medical Jurisprudence. Those who pass the examination with 20 per cent. of the marks in three subjects and 15 per cent. in a fourth will be eligible for promotion to the fifth-year class. Those who fail will be relegated to the fourth-year class for a further year. The examination in Surgery and Medicine will be both theoretical and clinical ; but those students who can obtain from the Visiting Surgeon or Physician, to whose wards they have been attached, a certificate that they have really profited by their instruction in either subject, will be excused the clinical examination in that subject.

14. Students who fail at the 2nd L.M.S. or 2nd M.B. Examination will have to attend a further course of lectures in the subject or subjects in which they have failed, in accordance with the regulations of the University.

15. The Principal will determine the maximum number that may be admitted to the first-year class. Students who have failed at the test examination of the first year will have a prior claim to readmission over new students.

16. Students readmitted to a class after failure at the test examination will be required to pay the full fees for the session. Those, however, who, after failing either at the Preliminary Scientific Examination or at the final examination, have to attend a further course of lectures in the subject or subjects in which they failed, shall be required to pay for such lectures a fee of Rs. 40 for one subject, Rs. 60 for two, and Rs. 70 for three Exceptions to this latter rule may be made in special cases by the Director of Public Instruction on the recommendation of the Principal.

17. College prizes and certificates of honour are open for competition to matriculated students of the College, military medical pupil, and female certificate classes. College scholarships (*vide* paragraph 9) are awarded only to matriculated students of the College.

18. Junior scholarships of Rs. 8 per mensem and free tuition for one year are annually awarded to ten students of the second year, on the results of the Test and Honour examinations at the end of the first year.

Scholarships of the same value are awarded to ten students at the commencement of their third year, on the results of the Test and Honour examinations at the end of their second year, provided they have passed either the Preliminary Scientific L. M. S. or M. B. examination.

Ten senior scholarships of Rs. 12 per mensem and free tuition are awarded annually to students at the commencement of their fourth year, on the results of the Test and Honour examinations at the end of their third year, provided they have passed either the 1st L. M. S. or 1st M. B. examination. These scholarships are tenable for two years, provided the holder passes creditably the Test and Honour examinations at the end of his fourth year. In the event of any scholarship being forfeited under this condition, it may be awarded for one year to any student of the fifth year who has fulfilled the conditions and is not the holder of any scholarship These scholarships shall not be awarded to students who have gained the Durga Charan Laha scholarship of Rs. 30 per mensem or any other scholarship.

Students who from any cause fail to pass their University examinations at their first chance are not eligible for any of these scholarships, either junior or senior.

19. The Goodeve scholarship of Rs. 12 per mensem, tenable for one year, is annually awarded to a matriculated student of the fifth year, on the result of the midwifery test examination of the fourth year.

The F. C. Chatterjee scholarship of Rs. 17 per mensem, tenable for a year, is annually awarded to the best matriculated student of Native Indian extraction, and whose conduct is certified to be good, in histology at the end of the fourth year. The examination takes place in June each year.

The Abdul Gunny scholarship of Rs. 23 per mensem, tenable for one year, is annually awarded at the end of the fourth year to the best matriculated student in all subjects at the class examinations of the first to fourth year, inclusive The award is made in May.

The Duke of Edinburgh's prize is awarded to the best in surgery among the matriculated students at the end of the fourth and fifth years. The examination takes place in December or January.

The Bhola Nath Bose's prize of Rs. 40 is awarded to the fourth-year matriculated student who proves himself to be the most successful at bedside diagnosis of disease, in surgery and medicine in alternate years. The award is made in January.

A gold medal and certificates of honour are awarded to the best students in each subject at the Test and Honour examinations.

The Goodeve and Macnamara silver medals are awarded to the best of the first-year native students in anatomy and chemistry respectively, on the result of the Test and Honour examinations.

A prize in Clinical Medicine is awarded annually to the best clinical clerk of the fourth and fifth-year matriculated students. This examination takes place in February.

A prize in Clinical Surgery is awarded annually to the best clinical dresser of the fourth and fifth-year matriculated students. This examination will be held in February.

The Rivers Thompson silver medal is annually awarded to the best Muhammadan student who passes the final L. M. S. or M. B. Examination of the Calcutta University.

The Lady Rivers Thompson prize of Rs. 50 is awarded to the lady-student who obtains the highest number of marks at the final examination.

No student shall be allowed to compete for a prize when attending a course in excess of the number prescribed in the College curriculum.

20. College scholars who receive less than Rs. 20 per mensem are not required to pay Rs. 35 per session. All other scholars shall pay fees as matriculated students. These may pay their fees in advance, or have their scholarship money deducted till the full amount is received.

21. Any student holding a Medical College scholarship (paragraphs 9 and 10) will be permitted to draw the stipend of that scholarship at any recognized medical school in the United Kingdom, provided he furnishes from the head of such school a certificate of good conduct and diligence. These College classes are recognized by all the medical schools in the United Kingdom.

(*a*) Military pupils who obtain less than 10 per cent. of marks in one subject to be "warned" and informed that failure in the same subject at the end of the second year will entail liability to removal from College.

(*b*) Pupils who fail as above in two subjects will lose 200 conduct marks for idleness and will be re-examined two weeks before the commencement of the next session. Failure then in obtaining 15 per cent. of marks in either of the subjects will entail liability to removal.

(*c*) Pupils who fail to get 10 per cent. as above in three subjects will be removed from the College as being unlikely to succeed eventually.

(2) *Pass* examinations at the end of the—

2nd year.

(*a*) Military pupils who obtain less than 20 per cent. of marks in one subject will, if practicable, attend lectures on this subject, and be re-examined at the end of the next session. Failure again in the same subject will render pupils liable to removal.

(*b*) Pupils who fail in two subjects will lose 200 conduct marks for idleness, and will, if practicable, attend lectures on these subjects, and be re-examined at the end of the next session. Failure in either subject will entail liability to removal.

(*c*) Pupils who fail to attain the standard in three subjects will be removed from the College.

(3) *Pass* and *Test* examinations at the end of the—

3rd year.

(*a*) Pupils who fail to obtain 20 per cent. of marks in either or both of the *final* subjects for the third year (viz., Hygiene and Pathology) will lose 200 conduct marks, and be re-examined at the end of the next session.

(*b*) Pupils who do not obtain 10 per cent. of marks in any of the *test* examinations (the other subjects) will lose 200 conduct marks for idleness for each subject in which he so fails.

(4) *Pass* examinations at the end of the—

4th year.

(*a*) Pupils who obtain less than 20 per cent. of marks in all subjects of their final examination will be liable to removal from the College. Such pupils will, however, be allowed to remain for a further period (to be fixed by the Principal in each case) in the College to continue their studies *at their own expense*.

Pass examinations in Medicine, Surgery, and Midwifery.

Students who are successful are entitled to receive the certificate of the College qualifying them to practise Medicine, Surgery, and Midwifery. A fee of Rs. 10 is charged for each certificate.

34. The following rules will be observed in regulating advancement from class to class:—

(1) *Test examination at the end of the first year.*—If a student obtains less than 10 per cent. of the marks in any two out of three subjects of examination, she shall not be allowed to continue in the College.

(2) *Pass examinations at the end of the second and third years.*—In order to pass, a student must gain 33 per cent. in each subject of examination. If a student fails in any two of the three subjects, or, failing in one subject only, if she gains less than 25 per cent. in that subject, she shall be put back for one year. If she fails in one subject only, gaining 25 per cent. or more in that subject, she shall be promoted to the next class, but will be required to submit to re-examination in that subject, in addition to the examination in the regular subjects, at the end of the following year. She will be permitted to attend lectures on the subject in which she has failed. Failure on re-examination will carry the same penalty as original failure.

(3) *Pass examination at the end of the fourth year.*—The same rules as apply to the previous pass examinations, with the exception that if a student, failing in one subject only, gains 25 per cent. in that subject, she will be referred back to her studies for a period of six months, at the expiration of which she will be entitled to re-examination after furnishing proof of having attended hospital practice during that period.

35. Female students who have not passed the Entrance or its equivalents will be admitted into the Eden Hospital to learn midwifery. These will receive Rs. 20 per mensem. After a year's tuition and bedside practice, if found proficient, they will obtain a certificate qualifying them to practise midwifery. The fee for each certificate is Rs. 5.

36. Female students who have not passed the Entrance or its equivalents, but who read and write Bengali, can be admitted in the Eden Hospital as pupil *dais*. Of these, eight will receive Rs. 6 per mensem and the rest will be taught free. After 12 months' tuition and bedside practice, if found proficient, they will obtain a certificate qualifying them to practise midwifery.

37. All certificates are to be registered in the Principal's office.

RESOLUTION.

The 28th February 1896.

READ—

Financial Despatch to the Secretary of State for India, No. 200, dated the 23rd July 1895, and enclosures, making proposals for the amendment of the first clause of the Form of Lascar Agreement.

Despatch from the Secretary of State for India, No. 138 (Revenue), dated the 12th December 1895, and enclosures.

The first clause of the Form of Agreement, which it is now proposed to alter, was settled in 1886 by Her Majesty's Government in consultation with the London and Liverpool

Shipping Companies, the officials of the Board of Trade, and the Superintendents for Transfers of Lascars. The Government of India therefore, when proposals were made for the amendment of the clause, considered it proper to refer them to the Secretary of State in order that Shipping Companies and the officials who are charged with the interests of lascars in the United Kingdom should be given the opportunity of expressing an opinion on the effect of the proposals. The proposals were as follow:—

(1) to remove any limits within which lascars may serve on the west coast of America;

(2) to remove the southern limit on the east coast of America while retaining the proviso relating to voyages round Cape Horn;

(3) to extend the northern limit on the east coast of America from 33 to 43 degrees, north latitude, so as to include the port of Boston within the limit within which lascar crews may be engaged to serve during winter;

(4) to delete the words "belonging to the same Company";

(5) to alter the words "any other vessels" to "any other steamer";

(6) to substitute "seamen" for "sailors" in the Form of Agreement wherever the word occurs.

2. From the replies received it appears that the great majority of the authorities consulted are in favour of the alterations numbered (1), (2), (4) and (6). But the majority of them and specially the Superintendents of Lascar Transfers are against any alteration that will permit of lascars being sent to ports on the east coast of America north of 38 degrees during the winter months. Her Majesty's Secretary of State for India supports this objection.

3. With regard to the fifth proposal, some of those consulted remark that the word "vessel" is preferable to the word "steamer," because it might happen that it would be necessary to transfer the lascars to a sailing ship and the firemen and trimmers to steamers where the sailors would not be required.

RESOLUTION.—Having regard to the opinions stated above, the Governor-General in Council does not consider it expedient that the third and fifth proposals should be proceeded with. The other alterations should be carried into effect, and His Excellency in Council accordingly directs, under section 27(*i*) (*a*) of Act V of 1883, that the first clause of the Form of Agreement signed by Indian seamen engaging for voyages to foreign countries should be modified as shown below:—

Present clause.	*New clause.*
The several persons whose names are hereto subscribed and whose descriptions are contained on the other side of the sheet or sheets and of whom are engaged as sailors hereby agree to serve on board the ship or any other vessel belonging to the same Company to which they may be legally transferred, in the several capacities expressed against their respective names, on voyages from to any other ports or places within the limits of 60 degrees North and 50 degrees South Latitude, trading to and fro, as the nature of the Company's service or employment may require, for any period not exceeding months, and finally to be discharged at within the said months from the date of this Agreement:	The several persons whose names are hereto subscribed and whose descriptions are contained on the other side of the sheet or sheets and of whom are engaged as seamen hereby agree to serve on board the ship or any other vessel to which they may be legally transferred, in the several capacities expressed against their respective names, on voyages from to any other ports or places within the limits of 60 degrees North and 50 degrees South Latitude, trading to and fro, as the nature of the service or employment may require, for any period not exceeding months, and finally to be discharged at within the said months from the date of this Agreement:
Provided always that during the said period of 12 months between the 1st day of October in one year and the 31st day of March in the succeeding year, the said crew shall not be bound to serve on voyages to any port in the Baltic or any port in America north of 38 degrees North Latitude, and between the 1st day of April and the 30th day of September south of 38 degrees South Latitude, and provided also that, save under special agreements voluntarily undertaken, the said crew shall not be bound to serve on a voyage round Cape Horn.	Provided always that during the said period of months between the 1st day of October in one year and the 31st day of March in the succeeding year, the said crew shall not be bound to serve on voyages to any port in the Baltic or any port on the east coast of America north of 38 degrees North Latitude; and provided also that, save under special agreements voluntarily undertaken, the said crew shall not be bound to serve on a voyage round Cape Horn.

ORDERED, that the foregoing Resolution be forwarded to the Governments of Madras, Bombay, and Bengal, and the Chief Commissioner of Burma, in continuation of No. 3457, dated the 19th July 1895.

Ordered also, that the Resolution be published in the *Gazette of India*.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Nadia, will be put up to sale by the Collector of that district at the Subdivisional Office at Ranaghat on the 27th March 1896, corresponding with Bengali 15th Chaitra 1302 B. S.

The purchasers will be subject to the following conditions of sale:—

Conditions of Sale.

1*st*.—The estate to be sold to the highest bidder above the upset price. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2*nd*.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings, and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3*rd*.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4*th*.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

A Dictionary of the Economic Products of India. By DR. GEO. WATT, C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first five volumes and Vol. VI, Parts I, II, III & IV of the Dictionary are now ready at the Office of Superintendent of Government Printing, No. 8, Hastings Street, Calcutta, and will be supplied to non-subscribers on receipt of the price for the complete set, which is Rs. 45 in India, and 3 guineas in England (exclusive of the Index, for which a separate charge will be made); packing and postage, in India, 8 annas per volume; for England, Rs. 2-6 per volume. For copies bound in half calf or half morocco, Rs. 6 and 8 shillings, respectively, will be charged extra for the whole set.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses (both chemical and industrial); trade statistics; markets, &c. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication. Numerous contributors have, however, furnished the results of new discoveries and confirmed the vernacular names, so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal octavo pages; Vol. II embraces the letter C in 689 pages; Vol. III contains the letters D, E, F and half of G.; Vol. IV latter half of G to middle of L; and Vol. V contains the latter half of L to end of O; Vol. VI (which will consist of four parts), Part I, contains letters P to R. The whole work will, it is expected, be completed in nine volumes (including Parts II to IV of Vol. VI) during the current year; but a tenth volume may also be issued, consisting of an Index to all the vernacular and other names contained in the Dictionary. The Index will practically be a Glossary of the vernacular and European names of the plants, animals and minerals of India, and as such will be a work of reference, which, it is hoped, may prove of considerable value.

PART IV.

Bills of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

No. I OF 1896.

THE following Bill was introduced and read in the Council of the Lieutenant-Governor of Bengal, for the purpose of making Laws and Regulations, on the 29th February, 1896, and is hereby published, with the Statement of Objects and Reasons, for general information:—

A Bill to provide for the protection of Muhammadan Pilgrims in the Town of Calcutta.

Preamble.

WHEREAS it is expedient to provide for the protection of Muhammadan Pilgrims in the Town of Calcutta; It is hereby enacted as follows:—

Short title and commencement.

1. (*1*) This Act may be cited as "The Protection of Muhammadan Pilgrims Act, 1896."

(*2*) It extends only to the Town of Calcutta.

(*3*) It shall come into force from the date on which it may be published in the *Calcutta Gazette* with the assent of the Governor General.

Definitions.

2. In this Act,—unless there be something repugnant in the subject or context,—

(*a*) "agent" includes a person who has chartered a vessel for the conveyance of pilgrims;

(*b*) "pilgrim" means a Muhammadan who is about to proceed from the Town of Calcutta on a pilgrimage to the Hedjaz, whether he is going direct to Jeudah or *viâ* any other port;

(*c*) "pilgrim broker" means a person who buys and re-sells, or sells on commission, or takes any reward for the purchase or sale of passage tickets, whether by sea or railway, for pilgrims;

(*d*) "Town of Calcutta" shall, for the purposes of this Act, have the meaning assigned to it in the Calcutta Municipal Consolidation Act (B.C.), 1888.

Grant of licenses to act as pilgrim brokers.

3. The Commissioner of Police, in the Town of Calcutta, shall grant licenses, empowering such persons as he may think fit and proper to act as pilgrim brokers, subject to such conditions and limitations as the Local Government may from time to time prescribe.

Licenses what to specify.

4. Every license so granted shall specify—

(*a*) the name and address of the licensee;

(*b*) the period for which such license is to be in force;

(*c*) the conditions and limitations subject to which such license is granted.

Penalty for acting as pilgrim broker without a license.

5. Any person who without any such license acts as a pilgrim broker shall be punished on conviction for each such offence by a fine which may extend to the sum of five hundred rupees

Penalty for misbehaviour of license broker.

6. Whoever, as a licensed pilgrim broker, shall—

(*a*) commit a breach of any of the terms or conditions of his license; or

(*b*) purchase for or sell to any pilgrim a passage ticket by any vessel to which the provisions of the Native Passenger Ships Act, 1887, apply, at any time before notice has been given by the master, owner or agent of such vessel, under section seven of the said Act, of the date on which it is proposed that such vessel shall sail, and unless, in the case of any vessel, the proposed date of sailing is printed on such passage ticket; or

(*c*) charge a pilgrim a sum in excess of the cost-price of any passage-ticket, whether by sea or railway, or of the provisions or other articles purchased for him, and on his behalf, or receive from him any fee or commission on account of such ticket; or

(*d*) receive from the master, owner or agent of any vessel or railway any fee or commission in respect of the sale of any ticket, exceeding five per centum of the price of such ticket; or

(*e*) purchase for any pilgrim a passage-ticket on which there is not printed the price charged for the passage according to the class of accommodation secured; or

(*f*) induce by fraud or false representation, or by any false pretence whatever, any person to purchase any such passage-ticket,

shall be punished on conviction for each such offence with fine which may extend to the sum of five hundred rupees.

Power to suspend and cancel license.

7. (*1*) It shall be lawful for the Commissioner of Police, in the Town of Calcutta, to suspend the license of any pilgrim broker pending any enquiry into any accusation against him of misconduct, for which, if proved, he would be liable to a penalty under this Act.

(*2*) It shall also be lawful for such Commissioner to cancel any license granted by him, if the licensee is convicted of any offence under this Act or of any other criminal offence.

Appointment of Protector of Pilgrims.

8. (*1*) It shall be lawful for the Local Government from time to time to appoint any persons, being Muhammadans, to be Protectors of Pilgrims for the Town of Calcutta.

Their duties.

(*2*) The persons so appointed shall, for the purposes of this Act, be subordinate to the Commissioner of Police, in the Town of Calcutta, and shall aid the Commissioner in giving effect to the provisions of this Act.

(*3*) They shall also advise and generally assist pilgrims during their stay in Calcutta whilst proceeding to or returning from the Hedjaz, and shall exercise supervision over the proceedings of all licensed pilgrim brokers.

Power to enter vessels conveying pilgrims.

9. The Protectors of Pilgrims, or any persons authorised by the Commissioner of Police, in the Town of Calcutta, in this behalf, shall be at liberty at all times to enter and inspect any vessel advertised or offering to convey pilgrims from the Port of Calcutta.

Penalty for not facilitating inspection.

10. The master or any other officer of any such vessel, who does not afford every facility for such inspection, shall be punished on conviction for each such offence by a fine which may extend to the sum of five hundred rupees.

Information to be supplied by the master, owner, or agent of vessel conveying pilgrims.

11. It shall be incumbent on every master, owner, or agent of any vessel advertised or offering to convey pilgrims to supply the Protector of Pilgrims, on demand, with full particulars as to the class, tonnage, and age of any such vessel, the number of tickets of each class to be issued, the price of each ticket, the accommodation to be provided, the latest date of sailing, the ports, if any, to be touched at, and the probable date of the arrival of any such vessel at Jeddah

Penalty for refusal or omission to give such information.

12. Whoever in the capacity of master, owner, or agent, of any vessel refuses, or without lawful excuse omits, to give on demand any such information, or furnishes false information, shall be punished on conviction for each such offence by a fine which may extend to the sum of five hundred rupees.

Penalty for issue of tickets in excess.

13. Whoever, as a master, owner, or agent of any vessel carrying pilgrims, issues any passage-ticket in excess of the number allowed by the certificate granted under section 10 of the Native Passenger Ships Act, 1887, shall, for every passage-ticket so issued, be punished on conviction for each such offence by a fine, which shall not exceed four times the original cost-price of any such ticket.

Passage-tickets how to be numbered.

14. (*1*) All passage-tickets shall be numbered consecutively according to the order of issue.

Penalty for issue of ticket bearing same number.

(*2*) Whoever, as master, owner or agent of any vessel shall issue two or more tickets bearing the same number shall be punished on conviction for each such offence by a fine which may extend to the sum of one thousand rupees.

Provisions of Native Passenger Ships Act, 1887, to apply to offences and penalties.

15. The provisions of sections 46, 47 and 49, of the Native Passenger Ships Act, 1887, shall apply to all offences punishable and to all penalties leviable under this Act.

Penalties to be enforced only at the instance of the Commissioner of Police.

16. The penalties to which masters and owners of vessels are made liable by this Act shall be enforced only by information laid at the instance of the Commissioner of Police, in the Town of Calcutta.

17. (*1*) The Local Government may, by notification in the *Calcutta Gazette* on or from a date to be specified in such notification, extend this Act to any other Town in the Province of Bengal.

(*2*) Thereafter this Act shall, for the purposes of such extension, be construed, as if for the words "Town of Calcutta" the word "Town" had been substituted, and for the words "Commissioner of Police," the words "such person as the Local Government may appoint by name or by virtue of his office in this behalf" had been inserted.

STATEMENT OF OBJECTS AND REASONS.

THE propriety of introducing a law for the protection of Muhammadan pilgrims in Calcutta similar to the Bombay Act, II of 1887, was impressed on the Government by Messrs. Thomas Cook and Son in their annual reports on the movement of pilgrims between India and the Hedjaz, and the Commissioner of Police has also recently recommended that the Pilgrim brokers of Calcutta should be brought under proper control. The principal Muhammadan Associations in Calcutta have intimated that they are in favour of legislation in the direction proposed. The present Bill, which is based upon the law in force in Bombay, with such modifications as to make it applicable to the different condition of affairs in Calcutta, has accordingly been prepared to give effect to these objects.

PART V.

Acts of the Governor General's Council assented to by the Governor General.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Governor General of India in Council received the assent of His Excellency the Governor General on the 27th February, 1896, and is hereby promulgated for general information :—

ACT NO. V OF 1896.

An Act to amend the Foreign Jurisdiction and Extradition Act, 1879.

XXI of 1879. WHEREAS it is expedient to amend the Foreign Jurisdiction and Extradition Act, 1879; It is hereby enacted as follows :—

1. In section 3 of the said Act, for the words "officer in British India" the words "officer of the Government of India or of any Local Government," and for the words "the Governor in Council of the Presidency of Fort St. George or Bombay" the words "the Local Government," shall be substituted.

Amendment of section 3, Act XXI, 1879.

2. To section 11 of the said Act the following shall be added, namely :—

Addition to section 11, Act XXI, 1879.

"The act of desertion from any body of Imperial Service Troops shall be deemed to be an offence in respect of which the Political Agent for the State to which such troops belong may issue a warrant under this section."

3. In section 12 of the said Act, after the words "and the accused person, when arrested, shall," the words "unless released on bail in accordance with the provisions of the next following section," shall be inserted.

Amendment of section 12, Act XXI, 1879.

4. After section 12 of the said Act the following sections shall be inserted, namely :—

Insertion of new sections after section 12, Act XXI, 1879.

"12A. A Political Agent issuing a warrant for the arrest of any person under section 11 may in his discretion direct by endorsement thereon that, if such person executes a bond with sufficient sureties for his attendance before the officer mentioned in the warrant at a specified time, the Magistrate to whom the warrant is directed shall take such security and release such person from custody.

Power to Political Agent to direct security to be taken and procedure thereon.

"The endorsement shall state (*a*) the number of sureties (if any), (*b*) the amount in which they and the person for whose arrest the warrant is issued are to be respectively bound, and (*c*) the time and place at which he is to attend before the officer mentioned in the warrant.

"Whenever security is taken under this section, the Magistrate shall certify the fact to

the Political Agent by whom the warrant was issued, and shall retain the bond.

Arrest on breach of bond to appear.

"12B. If the person bound by any bond executed under the last foregoing section to appear before the officer mentioned therein does not so appear, the Magistrate may, on being satisfied as to his default, issue a warrant directing that he be re-arrested and delivered over to such officer.

Application of sections 513 and 514, Act X, 1882.

"12C. In the case of every bond required to be executed or which may have been executed in accordance with the foregoing provisions, the powers conferred by sections 513 and 514 of the Code of Criminal Procedure, 1882, on the Court which has required the execution of or has taken a bond may be exercised by the Magistrate."

X of 1882.

Addition to section 13, Act XXI, 1879.

5. At the end of section 13 of the said Act the following shall be added, namely:—

"or, in the case of a deserter, by a duly constituted Military Court."

Addition of new section after section 17, Act XXI, 1879.

6. After section 17 of the said Act the following section shall be added, namely:—

Detention of persons arrested under section 54, clause *seventhly*, Act X, 1882.

"17A. Notwithstanding anything in the Code of Criminal Procedure, 1882, any person arrested without an order from a Magistrate and without a warrant, in pursuance of the provisions of section 54, clause *seventhly*, of the said Code, may, under the orders of a Magistrate within the local limits of whose jurisdiction such arrest was made, be detained in the same manner and subject to the same restrictions as a person arrested on a warrant issued by such Magistrate under section 15 of this Act."

X of 1882.

Shoals near Siri or Lima islands.

THE British Admiralty has given notice (No 16 of 1896) of the undermentioned particulars of shoals near Siri or Lima islands, recently examined by the Netherlands surveying vessel *Banda* :—

1. A coral shoal, about 3½ miles in length east and west, and more than a mile in breadth, with a least depth of 4¾ fathoms on it, and general depths of 7 to 10 fathoms, lies with its centre in approximately lat. 4° 47½′ S., long. 117° 1½′ E.

   The 4 fathoms reported by *Peveril 1895*, though not found, has been retained upon the Admiralty charts.

2. A coral shoal, about 2½ miles in length east and west, and half a mile in breadth, with a least depth of 4 fathoms on it, lies about 5 miles southward of the above shoal (1), or in approximately lat. 4° 53½′ S., long. 116° 59½′ E.

   The channel between these shoals (1 and 2) has been partially examined, and so far found free from dangers, with depths of 32 to 40 fathoms over a sandy bottom.

3. A depth of 3¼ fathoms has been found on the shoal marked 4¼, in approximately lat. 4° 55′ S., long. 117° 3′ E., and depths of not less than 4¼ fathoms on the shoals near that locality.

4. A coral shoal, with a least depth of 4¼ fathoms on it, and 30 fathoms close around, lies in approximately lat. 5° 13½′ S., long. 116° 59′ E.

The plot is as follows:—A Hindu girl receives a college education and remains unmarried till she is twenty. As no orthodox Hindu would take her for a bride, her mother is for marrying her to a Brahmo; but to this the father would not consent for fear of losing his caste. At last the girl chooses a *saheb* for her husband and leaves home in his company, leaving her father repenting the folly which induced him to send his daughter to school. In conclusion, he warns all against committing a similar folly.	3405
Sept 9th	103	12mo dy	1st...	1,000	ditto ...	1 0 0	The Author.	A social farce depicting the disorganisation in Hindu society caused by the weakening of people's faith in their ancestral religion, the violation by them, either in secret or in public, of all rules relating to food and drink, and the utter indifference in the matter of religion displayed by the majority of those who receive a Western education. The writer is particularly hard upon the "reformed" Hindus, who are represented as men who, though ostensibly conforming to the practices of the Hindu religion, really owe allegiance to no religion whatever. They are great talkers but never think of translating their talk into action. They are in short "curious commodities, human oddities, denominated the Baboos"—"a queer amalgam of Sasadhar, Huxley and goose." The god Kalki, the would-be incarnation of Vishnu, is represented in the play as sitting in judgment on the men who have brought Hindu society to its present pass, and there is a good deal of low buffoonery at the cost of Hindu gods and goddesses.	3406

Sept. 13th	107	12mo dy	1st ...	1,000	Printed.	1 4 0	Haripada Chatterji, and Adhár Chandra Dás.	This is a drama describing Arjuna's fight with Pravira, son of King Niladhvaja of Máhishmati, in consequence of the latter having detained the sacrificial horse let loose by Judhishthira. Pravira falls in the battle, and hence the name of the book. His father Niladhvaja had no desire to fight the Pándavas, but was over-ruled by his masterful queen Janá, mother of Pravira, who goaded her son to fight and became thereby the cause of his death. The story is not found in the original Mahábhárat and is said to be based on a Puranic account. The Gods Krishna and Mahádeva and the goddesses Durgá and Gangá have parts allotted to them in the play, which is very poor in plot and in the development of incidents. In the course of it the hero is quite needlessly made to indulge in reflections bearing on the political servitude of India and the extreme poverty of her people.	3407
July. 20th	199	12mo dy	1st ...	1,000	ditto ...	0 8 0	Hem Chandra Banerji, Kidderpur.	A drama based on Shakespear's Romeo and Juliet, with modifications in the plot, introduced with a view to give it a Bengali air and to make it acceptable to the Bengal public .The author is well-known as a Bengáli poet of considerable powers.	3408
Aug. 10th	52	12mo dy.	1st ..	2000	ditto ...	0 3 0	The Author, 88/1, Keránibágán East Lane, Calcutta.	The story of the murder of a hermaphrodite at Bhawanipur unexpectedly traced. The murderers were, however, allowed to escape for want of evidence and punished only on a charge of theft.	3409
Sept. 1st	56	12mo dy.	1st...	2000	ditto ...	0 3 0	ditto ...	In this book, an ex-convict from Port Blair states how he was sentenced to transportation for life for a murder which was committed by his friend, whom he shielded from the consequence of his act.	3410
Aug. 18th	48	12mo dy.	1st...	1000	ditto ...	0 1 6	The Author, 163, Manjidbári Street, Calcutta.	An unfinished story of murder.	3411
Sept. 15th	264	12mo dy.	1st...	1000	ditto ...	1 0 0	The Author, Tanjibári, Dacca.	A novel depicting ordinary Bengali domestic life. It is the story of the disruption of a joint Hindu family due to differences amongst brothers, caused chiefly by the machinations of their wives. Old Káli Kánta Ráy had three sons; of these the first and the second are dishonest, selfish and ruled by their wives. Their dishonesty and jealousy towards the youngest bring ruin and disgrace on the family, which eventually recovers its lost status through the good offices of a friend of the youngest brother, who dies prematurely while serving as a clerk in a tea garden in Assam.	3412
Oct. 23rd	132	12mo dy.	1st...	1000	ditto ...	0 10 0	Nárayan Dás Maulik, Pabna.	A social novel, said to be based on incidents of real life, showing how a woman neglected and ill-treated by her husband, remains staunch in her devotion to him and ultimately succeeds in gaining his affections.	3413
Aug. 30th	134	8vo ...	1st...	1000	ditto ...	1 0 0	The Author, Báli.	Amrita Prabhá is the daughter of the king of Peshawar, and her marriage forms the subject matter of the novel. There is an air of romance about the incidents related in the book and the way in which they are marshalled for the final catastrophe.	3414
Sept. 17th	170	8vo dy.	1st...	1000	ditto ...	1 0 0	Lalit Mohan Addi, 19, Niyogipukur East Lane, Calcutta.	The story of a young woman taking vengeance on a young man for having discarded her overtures of love. During the man's imprisonment on a false charge she spreads a rumour about the unchastity of his wife. On his return from jail, he hears the rumour and kills his wife in disgust. Then he obtains reliable testimony of her innocence and kills himself in remorse, after having set up, by way of reparation, a stone image of her whom he had so cruelly wronged in life.	3415

Oct. 13th	174	8vo dy	1st...	1,000	ditto ...	0 10 0	The Author, Jessore.	Is a detailed examination of the tenets of Christianity and the different books of the Bible. The writer shows a thorough acquaintance with the Biblical literature.	3474
„ 5th	62	8vo dy	1st...	1,000	ditto ...	0 8 0	Mukundadev Mukherji and Nephew, Chinsura.	In this book the writer develops his ideas about the moral, social, and political regeneration of India. He supposes that the Mahrattas gained the third batte of Panipat, and their King Rámachandra became, with the consent of the Emperor Shah Alum, the first Emperor of United India. At a grand durbar, attended by the rulers and representatives of the different Indian provinces, Rámachandra ascends the imperial throne at Delhi, and settles, with the aid of his able minister Peshwa Balaji Rao, the fundamental principles of the imperial polity. The English, who had about that time established themselves in Bengal and placed Mirjafar on its throne, were made to abandon their dreams of an Indian empire and to confine themselves strictly to commercial pursuits. English officers were next induced to accept service in the imperial army and navy, with a view to perfect these branches of the imperial service. Universities for teaching all sciences and all languages, ancient and modern, were next established and liberally endowed with funds. Hindus and Musalmans sank their mutual differences and began to look upon each other as brethren. Social abuses vanished, the rigour of caste rules was relaxed, and a scheme of provincial administration, with villages as units, was perfected. The book is interesting reading and bears the impress of a thoughtful mind. It embodies the writer's views on, and proposes solutions of, all important social, moral and political problems affecting India.	3475

Sept. 21st	12	12mo dy	1st...	1,000	ditto ...	0 1 0	.....	Contains particulars of the gatherings which take place every Saturday and Tuesday under a particular *Nim* tree at Simekháli, in the district of Jessore. The Goddess Káli is said to have manifested herself there, and people resort thither in numbers in order to have their diseases cured and their wishes fulfilled. The writer is a Muhamadan, who professes to gather his information from a Brahman who has visited the Bár (the place of the goddess's manifestation) at Simekháli.	3479

Sept. 17th	48	8vo dy	1st...	1,000	Printed.	.. ...	Yajneswar Banerji	This number begins by giving an abstract of the incidents which followed the battle of Kurukshetra and culminated in the death of Sri Krishna, and ends by giving a detailed account of Chanakya and Chandragupta. The book is interesting, as throwing much light on the history of the troubled period commencing with the disruption of the empire of the Pandavas.	3480
„ 1st	15	8vo dy	1st...	1,000	ditto ...	...	.....	In this pamphlet, the writer, a leading pleader of the Calcutta Police Court, holds against Raghunandan, the well-known Bengali expounder of the sastras, that a man's apostasy from Hinduism, eating unclean food, or residence in a *mlechchha* country across the seas, is no bar to his re-admission into caste on performance of expiatory ceremonies enjoined in the *sástras*.	3481

Aug. 15th	14	8vo rl	1st...	500	ditto ...	...	The Editor of *Suhrid*, Eden Hindu Hostel, Calcutta.	The book is a protest against the pessimism, so common in India, which looks upon the world as an illusion and worldly life as a life spent in sin. In the opinion of the writer, this pessimism has been the cause of India's ruin, and unless her people give it up for good and look upon the world as a reality and worldly life as something holy and worth living, they will become extinct as a race in the natural course of things. The teachings of the book are meant as a never-failing remedy (*amrita*) for the present diseased condition of the Indian society.	3487

1895.	Pages.					Rs. A. P.			
Sept. 15th	148	8vo dy	1st...	1,000	Printed	1 4 0	The Author, 210/4, Cornwallis Street, Calcutta.	Essays on literary, social and religious topics. Those on the Bengali era 1300, on the Revolution in New India, and on Bankim Chandra and Rám Mohan Ráy, are the most important. The religious essays are conceived in a thoughtful and liberal spirit, and though in praise of Brahmoism, show no antipathy to the older faith.	3490
Oct. 5th	212	8vo dy	4th...	1,000	ditto ...	0 8 0	Mukundadev Mukherji and Nephew, Chinsura.	Thoughtful and interesting essays on the concerns of domestic life, noticed in this Library Catalogue for the Fourth Quarter of 1882 as Bengali book No. 909.	3491
Dec. 2nd	48	8vo dy	1st...	1,000	ditto ...	...	Vaishnava Charan Mallik, Babuganj, Hughli.	In this book the writer attempts to show by quotations from the Sástras that Suvarna Vaniks are Vaisyas. They were, in his opinion, unjustly degraded by King Vallal to the rank of Súdras, and should now make an effort to regain their lost status.	3492
Oct. 21st	54	8vo dy	1st...	1,000	ditto ...	0 6 0	The Author, 35, Garpár Road, Calcutta.	The writer, apparently a native Christian, has utterly failed to catch the spirit of the Gítá, and his so-called criticism of the work is conceived in a scoffing, sneering spirit and couched in language undignified in the extreme and needlessly offensive to Hindu religious feelings.	3493
Sept 16th	18	12mo dy	1st...	250	ditto ...	0 1 0	The Author, Assistant, Bengal Secretariat.	A plea for the better treatment of women in Bengal. In the opinion of the writer, female children in Bengal are not reared up with the same care as male children. Neglected in infancy, they fare worse in youth and old age; and what with infant marriage, forced widowhood and brutal husbands, their cup of misery is always full to the brim. But in the midst of this misery and neglect they present a unique spectacle of resignation to their lot and unselfish devotion to duty. And it is towards these, goddesses in human mould, that the writer asks his 'demoniacal countrymen, to be more just, humane and considerate.	3494
Sept. 9th	98	8vo dy	2nd...	304	ditto ...	3 0 0	Yogindra Náth Tarkachurámani, Simla, Calcutta.	Gives an abstract of the principal incidents of the story of the Mahábhárat. The preface of the book is written in English, and is extremely interesting as a specimen of literary composition.	3495
Aug. 19th	198	12mo dy	3rd...	2,000	ditto ...	0 6 0	Srí Náth Bhattácháryya, Harlinge School, Mymensing.	The book is intended for boys preparing for the Upper Primary Examination, and contains, among other things, detailed instructions as to how questions on different subjects should be answered.	3496
Oct. 9th	201	16mo dc	1st...	1,000	ditto ...	1 4 0	The Author, 4 Gomes' Lane Calcutta.	Gives in verse the life and teachings of Buddha. The book fully sustains the high reputation which the writer enjoys as a poet.	3497
„ 16th	283	16mo dc	1st...	1,000	ditto ...	1 4 0	The Author, Jhánsi.	Consists of five pieces, some of which are lyrical and some, like Kurukshetra and Ságaro-chchhás, are based on ancient history or contemporary events. The last duel between Bhíma, one of the Pándava Princes and Duryyodhana, the Kaurava chief, is described in the former; while the death of the late Pandit Isvara Chandra Vidyáságar, his reception in heaven after death, and the lamentations of the goddesses Bengal and Bengali Language over the event, form the subject-matter of the latter. Other pieces describe the poet's thoughts at the sight of the moon, the advent of the Goddess of Learning in the world to put a stop to the fight of the elements and bring peace to it, and so forth. Most of the pieces are tediously long and the language in which they are written is, more or less, unintelligible. The writer has used words without understanding their meaning.	3498

1895.	Pages.					Rs. A. P.			
Aug. 30th	124	12mo dy	1st...	700	Printed.	0 12 0	The Author, Dhubri, Assam.	Poems on miscellaneous topics, many of which are of considerable merit and breathe a spirit of melancholy. Some of these pieces dwell on the wrongs of Hindu widows and remind Hindus of their past glory.	3514
Sep. 13th	101	fc.	2nd...	.....	ditto ...	.....	The Author, 4, Sukea's Street, Calcutta.	Sentimental and erotic poetry, most of the pieces giving expression to a young man's sentiments of love and his joy at having secured a good, loving wife.	3515
,, 4th	64	12mo dy	1st...	500	ditto ...	.....	Asutosh, Basu, Kasipur.	In this book a bereaved husband bewails the loss of a devoted wife.	3516
,, 26th	12	12mo dy	1st...	1,000	ditto ...	0 1 0	The Author.	A book on the Durgápujá festival, which the writer was induced to write in the hope of making sufficient money by the sale thereof, so as to enable him to meet his pujá expenses.	3517
Octo. 3rd	64	12mo rl	3rd...	1,000	ditto ...	.....	Salimuddin Muhammad, Patuakháli, Backergunj.	The book purports to be an easy paraphrase of the Bengali work *Sadbhávasatak*, embodying the morals inculcated in the poetry of the great Persian poet Hafiz. Love God and set your heart above the concerns of every day life, were the two mottoes of the poet, and every one of the pieces in the book points more or less to the same conclusions.	3518
Oct. 10th	53	12mo dy	1st...	1,000	ditto ...	0 4 0	The Author, Sahánagar.	A poetical reader, which seeks to convey moral instruction to boys preparing for the Upper Primary Examination.	3519

1895 Sept. 3rd	Pages. 182	12mo dy	1st...	2,000	Printed	Rs. A. P. 0 6 0	Acháryya Sándrá-nanda, 27, Grey Street, Calcutta.	Professes to teach the essential truths of Hinduism. It is, however, mainly directed against Christianity, and contains a criticism of the Bible and a comparison between Christ and Chaitanya to the disadvantage of the former. Chaitanya seems to be the writer's ideal.	3527
Aug. 16th	113	12mo dy	1st...	2,000	ditto ...	0 4 0	The Author, 3, Bhim Ghosh's Lane, Calcutta.	These stories are intended to show that the true worship of the goddess Durgá consists, in presenting her with unfeigned *bhakti* by her votary, and not in observing certain hollow forms with pomp and merry-making, as many rich people are in the habit of doing. The book seems to be directed against the profanities in the shape of *nautch*, theatricals, &c., which are ordinarily indulged in by rich people on the occasion of the Durgá Puja.	3528
Oct. 7th	24	8vo dy	1st...	1,000	ditto ...	0 4 0	The Author, Nadia.	A collection of songs, spiritual and devotional, intended to glorify the goddess Durgá.	3529
Aug. 15th	103	12mo dy	1st...	1,000	ditto ...	0 8 0	The Author, Sodpur.	An allegory, in the course of which the writer developes his notions of religion and morality. The book principally treats of the following topics, *viz*, duties of domestic life, self-knowledge, love of God, truths about the creation and government of the Universe. In the course of the book the writer deplores the political servitude of India.	3530
Sept. 8th	29	12mo dy	1st...	1,000	ditto ...	0 2 0	The Author, Goal Chámat in the District of Faridpur.	A pamphlet discussing in a desultory manner some of the elementary truths of Hinduism In the opinion of the writer there is no fundamental difference between Hinduism and Brahmoism.	3531

Sept. 7th	477	8vo ...	1st ..	1,000	ditto ...	5 0 0	Kisorí Mohan Gánguli.	An appreciative biography of Dr. Sambhu Chandra Mukherji, late Editor of *Reis and Rayyet*, by H. B. Skrine, Collector of Customs, Calcutta. The book is a reprint of the articles contributed by the writer to the columns of the *National Magazine*. The publication of Dr. Mukherji's letters and correspondence has greatly added to the interest and value of the work.	3637
„ 20th	43	16mo dy	1st...	1,000	ditto ...	1 0 0	The Author, Calcutta.	A drama based on ancient Armenian history. Haic was the national hero and founder of the State of Armenia. Belus, or Nimrod, was his mortal enemy, and attacked him with a large army; but Haic, who was a brave general, killed him with his own hands and utterly routed his army.	3638

„ 11th	132	12mo dy	1st...	500	ditto ...	3 8 0	ditto ..	The work is an English translation of the Persian work entitled *Haqiqate Musalmun-i-Bengalah* (origin of the Musalmans of Bengal), compiled by the author from various original sources. His object in writing the book is to prove, on the authority of ancient records, that the Musalmans of Bengal are the descendants of the various noble families of Persian, Turkish, Afghan and Moghul extraction, who emigrated and settled in Bengal during the early years of Moslem supremacy there. According to him, the opinion, commonly entertained by many modern historians, that the Musalmans of Bengal are the descendants of low caste Hindus, who were forcibly converted to Islam by the early conquerors, has no foundation whatever in fact. In conclusion, the author indignantly denies the charge of disloyalty, commonly brought against his co-religionists, and earnestly draws the attention of Government to their present backward condition.	3640

Nov. 24th	16	8vo dy	1st...	1,500	Printed.	.....	Dr. K. S. Macdonald, 32-6, Beadon Street, Calcutta.	Gives English translations of a number of passages from some of the *Brahmanas* of the Vedas to shew the fanciful character of the notions which the Rishis entertained regarding different natural phenomena. The object of the writer is to make the ancient Rishis appear ridiculous in the eyes of educated young men of the present day.	3675

Sept. 15th	20	8vo rl	1st...	300	ditto ...	1 0 0	The Author.	Gives a graphic description of the dens of vice in the southern portion of Calcutta. Having reason to believe that the ravages of contagious diseases had rather increased, of late years, among European soldiers and sailors, the writer undertook to make a personal inspection of these dens. The conclusions at which he arrived after the inspection are that, repressive measures ought to be adopted by Government to minimise, to some extent at least, the terrible evils which the repeal of Act XIV of 1868 has produced. He suggests the passing of an Act, pretty much on the lines of the repealed one, and insists on the abolition, at any cost, of the *White slave trade*. The author severely condemns the attitude of those "misguided philanthropists," who are opponents of "State Regulation," on the sentimental ground of interference with the "liberty of the subject."	3678
Oct. 12th	134	8vo dy	1st...	100	ditto ...	Nil ...	The Author, 27, Mott's Lane, Calcutta.	A reprint of the articles published in the *Hindu Patriot* criticising the provisions of the Sanitary Drainage Bill. In the opinion of the writer, the bill is not needed in the interests of the people, and would, if passed, prove oppressive alike to zamindar and rayyat.	3679

1895 Aug.	Pages. 65	8vo df	1st...	1,000	Printed.	Rs. A. P.	The Author.	Contains the report, submitted to Government by Dr. W. M. Haffkine, on the experimental inoculations against cholera performed by him in different places in India between April 1893 and August 1895. The Report contains elaborate statistical tables, showing the places visited by the Doctor, the number of persons inoculated, and the percentage of attacks and mortality among the inoculated and the uninoculated. The writer is confident, from the favourable results obtained in the course of the experiments, that these inoculations afford an effective protection against cholera epidemics.	3684

Nov. 2nd	72	8vo rl	1st...	1,700	ditto ...	0 9 0	ditto ...	This number contains, among other things, an interesting account of the old Bengali poet Rámaprasád, well-known all over Bengal for his devotional pieces, a contribution to the controversy over the question whether or not Assamese is a distinct language from Bengali, and an article condemning the practice of Bengali fathers to take large sums as dowry on the occasion of their sons' marriage. Assamese, in the opinion of the writer of the article on the subject, is not a distinct language, but is a mere dialect of Bengali. Some misguided people in Assam, however, hold the contrary opinion, inspired, as the writer thinks, by European officials and missionaries acting from political motives.	3902

Oct. 18th	64	8vo rl	1st...	2,000	Printed.	1 2 0	Asutosh Sen, 146, Lower Chitpur Road, Calcutta.	Contains a good deal of interesting, readable matter. The article on the struggle for existence is very instructive and interesting. In the course of an article headed "Agamani" (welcoming the goddess Durgá) the writer dwells on the condition of the people of Bengal, and expresses himself as follows :—What with grief, disease, scarcity of food, internal dissensions, the anger of the rulers and the burden of taxation, Bengalis have their cup of misery full to the brim. They pray to the goddess not for wealth and honour, but for their daily food. Are they to suffer their present misery for ever? If so, why not O mother, let the ocean engulf that abode of woe—Bengal—and thereby put an end to their sufferings?	3908

Aug. 31st	256	16mo dc	1st...	1,000	ditto ...	1 0 0	Ravindra Náth Tagore, and Dvaraká Náth Tagore's Lane, Calcutta.	This number contains, as usual, a large amount of interesting information on a variety of topics, among which the following may be noted :—Sirájuddaulá and his times, the love of Anglicism displayed by a section of natives, text books for the Middle English Examination and Englishmen's cowardice. On these topics the writer expresses himself as follows :—In the days of Sirájuddaulá, Bengal and Bengalis were, in many respects, much better off than they are now. Under English rule, the commerce and manufacture of Bengal have declined, and Bengalis have ceased to hold the high posts which they did under the Muhammedan rulers. And what is more, the rulers treated the ruled, though aliens in blood and religion, on terms of perfect equality. People had less civilisation and refinement but more of health, capacity for enjoyment and substantial comforts of life. Speaking of the love of Anglicism displayed by many of the educated natives, the writer says that however slavishly these men may imitate the dress and the manners and customs of Englishmen, the latter will never regard them as their equals and treat them accordingly. Englishmen dislike a native more for the colour of his skin than for anything in his dress or manners, and this cause of dislike is one which can never be removed. Natives should therefore think twice before they give up their own people and society in the hope of finding a place in English society. On the subject of text books for the Middle Vernacular Examination, the writer is of opinion that they are too many in number and tax too heavily the mental and physical powers of their young readers. Referring to the recent case of assault by some Eurasians on a native girl at Asansol, the writer says that the silence of the Anglo-Indian press over the incident shows that Englishmen's boundless antipathy to foreign races has destroyed their characteristic respect for the female sex. If the victim in this case had been a European and her oppressors natives, the matter would have evoked universal disapprobation from the English press; but as it is, the assault on the poor creature was completely ignored by that press. "By conquering Central Englishmen hope to keep their enemies at a distance, and yet by treating a helpless subject people with such immanly contempt they are, with their own hands, sowing seeds of destruction under the foundations of their own empire."	3912

In the opinion of the writer, this system is not favourable to the development of originality among its recipients. It must be changed before any such result may be expected. Other articles refer to literary criticism, a fragment of the history of the Peshawas and other matters of general interest.	3913

A writer in this number says that the practice of sending Hindu girls to Mission Schools is fraught with grave danger to Hinduism. Hindu girls should, in his opinion, rather remain illiterate than be brought up in schools where they run a grave risk of having their ancestral faith shaken by Christian teaching. It is in the power of the young men of the country to put an end to this practice by refusing to marry girls educated by mission ladies. Other articles relate to educational matters.	3915

Contains a thoughtful article deprecating State interference with a view to curtail Hindu marriage expenses. The present practice of taking large sums as a price for giving sons in marriage, is one which has not the least chance of being checked by an Act of the Legislature. Moreover, the agitation against the practice is to a great extent unreasonable. "People who are ready to leave their entire fortune to unworthy sons are nevertheless pained at the thought of spending a few hundred rupees to see their daughters decently provided for. Heads of Hindu society should bestir themselves in the matter. Other articles are merely translations of religious works with originals.	3936
Sept. 20th	40	8vo dy	1st...	360	ditto ...	0 4 0	ditto ...	Contains an article welcoming the goddess Durgá, which represents the condition of the Hindus at the present day as deplorable in the extreme. India is compared to a great burning ground, where innumerable people are burning in its fire. The people are represented as poor, famished wretches, utterly devoid of the higher instincts of humanity—an utterly degenerate race, who have bidden farewell to the virtues which characterised their ancestors. In the course of another article, the writer asks his countrymen to give up their instinct of hoarding money, and to utilise their capital in the formation of joint stock companies, creation of railways, establishment of steamer services and in such other ways as may find employment for their poor countrymen and enable them to keep the principles and practice of their religion inviolate.	3937

Calcutta, the 26th February 1896.

RESOLUTION—No. 936.

THE Society for the Higher Training of Young Men was started in 1891, the Hon'ble Mr. Justice Tottenham being the first President, and its constitution was settled in the following year. Its government is primarily vested in a General Committee, which includes many of the leading members of the educated community in Calcutta; and from this larger body is elected an Executive Committee, consisting of seven officers of the Society and not more than eight other members. The active duties are discharged by Mr. C. R. Wilson, the Secretary, aided by Babu Rajendra Lall Singha, the Assistant Secretary.

2. The objects of the Society are the intellectual, moral, and physical improvement of the educated youth of Calcutta. It has endeavoured to carry out these objects by the establishment of a library and reading room, by the delivery of lectures, and by the promotion of athletic sports. It has also set on foot a monthly journal—the *Calcutta University Magazine*. During the year 1894-95, the number of members increased from 239 to 350, of whom 50 are senior members.

3. The Society has received the most generous help and encouragement from the late Viceroy and Governor-General, the Marquis of Lansdowne, and has been materially assisted by the Bengal Government during the administration of Sir Charles Elliott. The late Lieutenant-Governor, in the Resolution

No. 428T.G., dated 2nd November 1895, on the Report on Public Instruction in Bengal for 1894-95, recorded his opinion in the following words:—

"In dealing with the subject of Collegiate Administration, the Lieutenant-Governor cannot omit to place on record his sense of the valuable aid afforded to Government in the education of the rising generation by two Societies—viz., the Society for the Higher Training of Young Men, of which Mr. Cotton is President, and Mr. C. R. Wilson Secretary, and the Indian Association for the Cultivation of Science, under the presidency and guidance of Dr. Mahendra Lal Sarkar, C.I.E. Both of these institutions have done good work in carrying on the education of young men outside of the University curriculum and the class teaching of the Colleges. They are based on sound principles, and deserve cordial encouragement from Government and the public."

4. The east wing of the Hindu School building has been placed at the disposal of the Society free of rent and taxes; a monthly grant of Rs. 100 has been made to it, and a sum of Rs. 4,670 has been spent in extending the accommodation by the addition of four rooms and out-offices, in fencing the portion of the compound corresponding to this part of the building, and in lighting the new hall with Wenham gas lamps. Recently, further improvements have been sanctioned by Government at an estimated cost of Rs. 1,500. The hall of the Society has been half furnished with benches; the library rooms have been partly furnished with tables and almirahs; and the library consists of nearly 5,000 books (of which 1,500 are English), and the leading English and Indian newspapers and magazines.

5. In carrying on its work hitherto, the Society has had to depend on the Government grant of Rs. 1,200 a year, subscriptions which amount to from Rs. 500 to 800, and the donations noted below :—

	Rs.
The Marquis of Lansdowne	5,000
Raja Benaya Krishna Bahadur	15,000
Her Highness the Maharani Sarnamayi, C.I.	500
His Highness the Maharaja of Darbhanga, K.C.I.E.	1,500
A Student member	100
Total ...	22,100

Rs. 13,000 of Raja Benaya Krishna Bahadur's donation were given by the Society for the Marcus Square recreation ground, and in consideration of this gift, the Lieutenant-Governor has undertaken to grant the Society a voice in the management of the new ground and a share in the use of it. The remaining funds were utilized in laying out tennis courts, in purchasing books, in binding some Hindu books presented by the late Munshi Newal Kishore, in providing furniture, athletic gear, &c., and in meeting current expenses. Much, however, still remains to be done to give the Society stability and to make it attractive and self-supporting. The advantages now offered by the Society to its members are not such as to induce them to pay any largely increased subscription; while on the other hand, without such increase in subscriptions, or a large access to the number of its supporters, it can never pay its way, or be as useful to its members as it was intended and hoped that it would be. It follows then that from some external source the attractions of the Society must be increased, as a preliminary and necessary condition to future improvement. The fact that at its inception, and to secure the successful working of a scheme so important as that now under consideration, some external assistance is necessary affords, in the Lieutenant-Governor's opinion, no grounds for supposing that the Society will not ultimately be self-supporting. The poverty of the great body of Indian students, as compared with the generally comfortable circumstances of the undergraduates of Oxford and Cambridge, renders inapplicable any argument based on the condition of the Student Societies in the English Universities. For the further assistance now required, therefore, the Society for the Higher Training of Young Men must depend upon the support it receives from the public, and it is for the gentlemen who are interested in the welfare of the student community to contribute liberally, so as to enable the Society to provide those attractions which will draw together the class for whom it is designed, and thus enable it, by its improved position and the consequent increase of subscriptions, to maintain itself for the future on a footing of self-support.

The improvement which is most urgently required is the establishment of a really good library in connection with the Society, for which it is estimated that a sum of not less than Rs. 15,000 will be required. To meet this and the current expenditure—about Rs. 2,000—there are only the Government grant of Rs. 1,200 and the subscriptions amounting to Rs. 800, or Rs. 2,000 in all.

6. It has been suggested that the name of the Society should be changed to "The Calcutta Students' Society," or Institute, or Union. The present name does not seem to have met with popular approbation, and implies aims more ambitious than such an institution is likely to realize in the immediate future. This is a point which, in His Honour's opinion, should be left to the members of the Society to settle for themselves; but the suggestion commends itself to his judgment.

ORDER.—Ordered that this Resolution be published in the *Calcutta Gazette* for general information, and that a copy be forwarded to the Secretary of the Society for communication to the Members.

By order of the Lieutenant-Governor of Bengal,

C. E. BUCKLAND,
Secretary to the Govt. of Bengal.

THE MARCUS SQUARE RECREATION GROUND FOR STUDENTS OF COLLEGES AND SCHOOLS IN THE NORTHERN PART OF CALCUTTA.

GENERAL DEPARTMENT—EDUCATION.

Calcutta, the 26th February 1896.

RESOLUTION—No. 937.

READ—

Letter No. 508M., dated the 7th February 1896, to the President of the Committee of Management, Marcus Square Recreation Ground.

The movement for providing a recreation ground for the students of the schools and colleges situated at the north end of the town of Calcutta was initiated by Sir Charles Elliott. Early in his administration, when the late Lieutenant-Governor of Bengal gave away the prizes at the Free Church Institution and Duff College, he noticed the extreme poverty of the students and the confined character of their play-grounds, and expressed regret that in a city like Calcutta, where there are so many wealthy and benevolent men, there should be no suitable play-ground for the large number of boys and young men studying in schools and colleges in the northern part of the town. He appealed to the opulent and charitable to remedy this deficiency, and his appeal was taken up and supported by the late Viceroy, His Excellency the Marquis of Lansdowne, in his address as Chancellor of the Calcutta University. In 1892 a small Committee was appointed by the Society for the Higher Training of Young Men to select a site for a play-ground, but after much discussion it was agreed that the question must be kept in abeyance, as every site suggested was either too costly or too remote. In 1894 the Raja Binaya Krishna gave the Society for the Higher Training of Young Men the munificent donation of Rs. 15,000, and it was proposed to use this sum to start a fund for forming a play-ground in the north of Calcutta. Certain sites east of the Circular Road having been considered and rejected, it appeared that the only chance of obtaining a suitable site at a reasonable cost would be for the Corporation of Calcutta to allow an existing public square to be used as a commencement for the new ground. On the 15th April 1894, Sir Charles Elliott visited Marcus Square in the company of the Chairman of the Corporation, and they agreed in thinking that this was the best site for the purpose. The co-operation of the Municipality was invited, a Committee was formed for the furtherance of the project, subscriptions were raised, the tank in Marcus Square, which was given by the Municipality as the nucleus of the ground, was filled

in, additional land was acquired, and the whole space, measuring about 200 yards by 100 yards, is ready to be converted into a play-ground and place of public recreation. The management of the ground was in December 1895 vested by Government in a Committee consisting of the gentlemen named in the margin. The duties of this Committee are to realise subscriptions for the completion of the scheme and the extension of the area, to defray the cost of maintenance, to allot the use of the ground to colleges, schools and clubs for their games, and generally to manage the whole project.

	Representing the—
The Hon'ble C. E. Buckland, C.I.E., Secretary to Government, President	Government of Bengal.
Raja Binaya Krishna Deb Bahadur	Private subscribers.
Mr. N. N. Ghose, Principal, Metropolitan Institution	Calcutta Municipality.
Mr. F. J. Rowe, Professor, Presidency College	Calcutta University.
Mr. C. R. Wilson, Professor, Presidency College; also Secretary	Society for the Higher Training of Young Men.

2. Though much has been done to push on the scheme, and the ground was formally opened by the late Lieutenant-Governor shortly before his retirement, much remains to be done before play can be commenced and regularly maintained. Measures have been taken to have the ground enclosed with a high railing, which is absolutely necessary to protect it from trespassers and nuisances, and make it really available for recreation; and it will further be necessary to purchase apparatus and to incur other preliminary expenses in order to bring the ground into working order. Provision will also have to be made for maintenance and other charges. The subscription list shows that Rs. 40,240, of which nearly the whole amount has been paid up, were subscribed up to the 11th December 1895 by the public. In addition to this sum, Government has given Rs. 50,000, and the Society for the Training of Young Men gave Rs. 13,000 out of Raja Binaya Krishna Bahadur's donation of Rs. 15,000. In consideration of the latter contribution, Government has undertaken to allow the Society a voice in the management of the new ground and a share in the use of it. The present Committee of Management have, it is understood, already realised some additional subscriptions in response to their appeal to the public, but further contributions are needed to complete the scheme and to secure its permanence.

3. The importance of providing recreation grounds in the centre of large towns is everywhere recognized, and in Great Britain it is regarded as a legitimate object of municipal activity. Such open spaces are in themselves most beneficial to public health, and the out-door games and sports for which they give scope have a most wholesome influence on the boys and young men living near them. For these reasons the Government of Bengal and the Corporation of Calcutta have co-operated for the purpose of establishing the new recreation ground in Marcus Square, and the Lieutenant-Governor trusts that, when completed, the scheme will afford opportunity for those healthy and manly exercises which conduce so greatly to the moral and physical well-being of the rising generation, and afford an excellent antidote against temptations to immorality and indolence. It is hoped, therefore, that the public, and especially those interested in the welfare of the youth of Bengal, will second the efforts of Government, of the Municipality, and of the Committee, by subscribing liberally in support of this important undertaking.

ORDER.—Ordered that this Resolution be published in the *Calcutta Gazette*, and that a copy be forwarded to the President of the Committee of management for information and communication to the Members.

By order of the Lieutenant-Governor of Bengal,

Secretary to the Govt. of Bengal.

THE KHARIF IRRIGATION OPERATIONS FOR 1895 96.

No. 247*1*.

GOVERNMENT OF BENGAL—IRRIGATION DEPARTMENT.

IRRIGATION.

Dated Calcutta, the 29th February 1896.

RESOLUTION.

READ—

Statements Nos. I, II, and III showing irrigation operations of canals in Bengal during the kharif season of 1895-96.

OBSERVATIONS.—The area irrigated during the kharif season of 1895-96 was 490,834 acres, against 467,131 acres in 1894-95, showing an increase of 5·07 per cent.

2. The increase took place mainly in the area commanded by the Sone Canals and the Eden Canal. There was a slight increase also in the area commanded by the Taldanda and Kendrapara Canals. The remaining canals of the Orissa Circle and the Midnapore Canal showed a decrease in the area commanded by them. The increase on the Sone Canals was chiefly due to insufficient rainfall, while on the Midnapore Canal where there was a decrease, the rainfall of 1895 was more abundant than usual.

3. The increase or decrease in the irrigation from each canal is given in the following statement:—

Canals.	Kharif season.		More.	Less.
	1894-95.	1895-96.		
1	2	3	4	5
Orissa ... Taldanda Canal	24,211	25,141	930	.....

Saran Canal	.. ...	...	.. ...	.....
Total ...	4,67,131	4,90,834	34,966	11 263

4. On the Midnapore and Eden Canals the only kharif crop irrigated is rice, whilst on the Orissa and Sone Canals there are, in addition, sugarcane and hot-weather crops.

ORDER.—Ordered, that a copy of this Resolution and of the statements Nos. I, II and III be published in the Supplement to the *Calcutta Gazette*, and submitted to the Government of India, Public Works Department, for information.

Ordered, also, that copies of this Resolution and of the statements be forwarded to the Commissioners of Orissa, Burdwan and Patna Divisions, the Collectors of Cuttack, Balasore, Midnapore, Burdwan, Hooghly, Gaya, Patna, Shahabad, and Saran, the Superintending Engineers, Orissa, South-Western and Sone Circles, and the Examiner of Public Works Accounts, Bengal, for information.

By order of the Lieutenant-Governor of Bengal,

A. D. McARTHUR, *Col.*, R.E.,
Secretary to the Government of Bengal.

* There was no irrigation from the Saran Canal during these years.

Dated Calcutta, the 29th February 1896.

RESOLUTION.

READ—

The Embankment and Drainage Reports for the year 1894-95.

The expenditure incurred during the year on embankments and drainage and other miscellaneous irrigation works in Bengal, which are not dealt with in the Canal Revenue Report, is shown below:—

	Rs.
I.—Embankment, class A. in Orissa	1,03,059
Ditto, do. B, Schedule D and other Government embankments ...	2,03,002
Ditto, do. C, maintained under contract ...	97,891
Ditto, do. D, maintained by annual apportionment of charges ...	17,575
II.—Works carried out by Civil Officers	45,908
III.—Works undertaken under the provisions of the Drainage Act	22,704
IV.—Drainage works carried out at the cost of Government ..	21,696
V.— Ditto ditto under the Embankment Act	2,727
Total ...	5,14,562

2. *I.—Embankments maintained by the Irrigation Department.*—The public embankments in Bengal are divided into two classes:—

First.—Embankments the property of Government which are maintained at the public expense.

Second.—Embankments maintained by Government officers at the cost of the persons interested.

In the first class there are—

A.—The embankments in Orissa, which are maintained under Act XXXII of 1855.

B.—The embankments enumerated in Schedule D of Act VI (B.C.) of 1873, among which are included those of the Burdwan Raj Estate taken over by Government in 1804, and some additional lengths which have at various times been added to the schedule under the provisions of section 43 of Act II (B.C.) of 1882, as also two small embankments in the Pabna and Bogra districts. An embankment measuring 4,600 feet in the Bankura district, which was maintained by Government till 1893-94 has been abandoned during the year.

In the second class there are—

C.—The embankments of which the cost of maintenance is recovered from the persons interested by the payment of a fixed annual charge under a contract extending over a term of years not exceeding 30, as provided for in sections 63-68 of Act II (B.C.) of 1882.

D.—The embankments of which the cost of maintenance is recovered from the persons interested by an annual apportionment of the actual charges.

Embankments A in Orissa are also for departmental purposes further classed as follows:—

Class I.—Capital embankments (maintained as part of the Orissa Canal system).
" II.—Embankments on large rivers to be permanently repaired.
" III.— Ditto of local importance, such as marginal embankments outside canal embankments.
" IV.—Embankments of doubtful utility.
" V.— Ditto which have been abandoned and are not repaired.

The capital embankments, class I, are not treated of in this report.

3. *Lengths of embankments.*—The lengths of embankments in each class are shown below:—

Embankments.	Lengths.

Total for 1893-94 ...	2,454	2,607
Difference, decrease ...	245	1,629

In class A—Embankments in Orissa—there is a reduction in the total length of 214 miles 3,358 feet, being due to the transfer of 4 miles 226 feet of embankment to class II from class I, wherein it was included by mistake, and the exclusion of the class V embankments, 248 miles 3,584 feet in length.

In class B embankments there is a reduction of 1 mile 1,229 feet of embankment in the Rajshahi district and of 4,600 feet in the Bankura district, which were abandoned during the year, against an increase of 2,900 feet in the length of embankment in the 24-Parganas district. Hence the net decrease in this class of embankments is 1 mile 2,929 feet.

There was no change in class C embankments.

In class D embankments two additional lengths aggregating 2,658 feet were added to the Belwa bunds in the Purnea district, and the Chowmuk embankment in the Midnapore district increased by 2,000 feet.

4. *Floods.*—In the Orissa Circle the flood in the Mahanadi was of moderate character, but that in the Brahmini and Byturni was a very high one, and did considerable damage to the protective embankment and new distributaries. In the South-Western Circle there were no extraordinary floods, although the rainfall was continuous. In the Midnapore and Balasore districts no damage was done to any of the embankments by the floods. In the Bhagirathi river, though the highest reading at Berhampore was 8¼ inches below the highest known flood, the embankment seriously threatened to breach at Laltakuri, where the eroded banks are very close to the embankment. The danger was averted by the prompt measures and precautions taken by the Executive Engineer. In the Hooghly river the floods were of an ordinary character; while those which occurred in the Damodar river were eight in number, the highest being on the 8th July, when the level was only 11 inches lower than the highest flood of 27th

August 1888. The effect of the floods on the right bank of the Damodar was disastrous between Sudderghat and Begua, where the embankments were removed in 1890-91. The bank was overtopped everywhere, and the crops of a large area were more or less damaged or destroyed. None of the old breaches were reopened, but the spurs at Bangacha were broken, while those at Lakra were outflanked at both ends, where new breaches occurred. There were no breaches in any of the embankments in the Northern Circle, as the floods in the rivers were normal. In the Sone Circle the floods in the Gandak were not very high: that which occurred on the 26th June was a high one, and did some damage to the rice and indigo plants. The flood in the Ganges on the 24th August was 2 feet below the maximum flood level at Bazitpur, but it did considerable damage to the rice cultivation in the dearas near the Bya Nala. No breaches occurred in any of the embankments in the Sone Circle.

5. *Original Works.*—There were no original works undertaken in the Orissa Circle during the year. In the South-Western Circle the following works were carried out :—

(1) A new sluice in the 32nd mile of the Chetua Circuit embankment was built at a cost of Rs. 1,890.

(2) The inspection bungalow at Champadanga was completed at a cost of Rs. 3,463, the expenditure of the year being Rs. 867 only.

(3) The extension of the compound of the inspection bungalow at Jamalpur.

In the Northern Circle, in the Purnea district, only one bund was constructed near Mirzabagh at a cost of Rs. 1,244, and a small retired line at Belwa at Rs. 1,478. There were no original works in any other districts in the circle. The only one undertaken in the Sone Circle was the completion of the sluice across the channel leading to the Bya Nala, at the junction of the Tirhut and Champaran embankments, at a cost of Rs. 10,833.

6. (*a*) *Ordinary repairs.*—The cost of ordinary repairs to the Government embankments in the Orissa Circle was Rs. 42,272, against Rs. 46,863 in the preceding year and Rs. 68,310, the average of the nine years ending 1893-94. In the South-Western Circle the expenditure incurred on repairs to Government embankments was Rs. 1,40,699, against Rs. 1,56,673 in the previous year, showing a decrease of about Rs. 16,000, mostly in the embankments in the Burdwan and Midnapore districts. The Orissa embankments in the Balasore district were maintained in good order at a cost of Rs. 9,839, against Rs. 8,738 in 1893-94. Of the total outlay on repairs Rs. 1,08,998, was expended on repairing and protecting the embankments in the Burdwan Raj Estate in the districts of Hooghly, Burdwan, Birbhum, and Midnapore against Rs. 1,09,517 in the previous year. Besides the above sum, Rs. 1,210 was expended on new works such as construction of a bungalow at Champadanga and land charges in connection with the extension of the Jamalpore Inspection Bungalow and survey of the river Moore for the benefit of the Raj Estate. In the Sone Circle where there are no Government embankments the expenditure incurred on the maintenance of the embankments under contract was Rs. 46,140, against Rs. 43,595 in the previous year. There was considerable increase in the expenditure on the Tirhut embankment, mostly due to the river protective works and to the closing of the gap between Champaran and Tirhut embankments.

In the Northern Circle Rs. 421 was expended on repairs to the Chandan embankment in Bhagalpur district, Rs. 946 on the Belwa bunds in Purnea district, Rs. 586 on the Malda embankment in Malda district, and Rs. 206 on Pabna embankment in Pabna district. There was no expenditure on the Chota Manica embankments in Bogra district.

(*b*) *Breaches and retired lines.*—The expenditure incurred on repairs to the river improvement works and on the construction of the retired lines and filling in of breaches in the Orissa Circle was Rs. 50,948, against Rs. 45,539 in the previous year and Rs. 42,250, the average of the nine years ending 1893-94. About half of the total expenditure was on the construction of retired lines and breach filling, and the most important of the breaches were those at

Adlabad in the 7th and 23rd miles of the Bhargovi left embankment, where it appears desirable to construct permanent escapes.

In the South-Western Circle there were no breaches in any of the retired lines of embankments during the year, but a sum of Rs. 329 was, however, expended for repairing the damages caused by floods to the Khurumpara wooden bridge on No. 82 D schedule embankments. For constructing retired lines of embankments Rs. 27,110 was expended, against Rs. 19,256 in 1893-94, as detailed below:—

	1894-95.	1893-94.

Total ...	27,110	19,256

7. *Financial.*—The cost of repairs to the Orissa embankments (class A) during the year was Rs. 1,03,059, or at the rate of Rs. 186·45 per mile, against Rs. 133·52 in 1893-94. The rate was higher owing to the abolition of 248 miles 3,584 feet of class V embankments, on the maintenance of which no expenditure was incurred for some years. On class B embankments, whose aggregate length is 1,107 miles 3500 feet, Rs. 2,03,002 was expended on maintenance during the year, against Rs. 2,31,463 in the previous year, giving an average rate of Rs. 183·26 per mile, against Rs. 208·66 in the preceding year.

As regards the embankments (class C) maintained by Government under contract with the persons interested in them, the actual cost of repairs amounted to Rs. 97,891, against Rs. 97,839 in the preceding year, showing an increase of Rs. 52 only; the rate per mile remained the same as last year, being Rs. 207, as there were no additions or alterations in the lengths of the embankments. The contract for 20 years for the maintenance of the embankments in the Midnapore district having expired on the 31st March 1894, it was renewed for another seven years from the 1st April 1894, the same amount as that of the last contract, viz. Rs. 55,297, being fixed as payable annually by the zamindars interested, and a notification, No. 552T.—R., dated 20th September 1895, containing declaration to the above effect was issued from the Revenue Department of the Government of Bengal, and published at pages 974-75, Part I of the *Calcutta Gazette* of the 2nd October 1895.

The sums payable under contract for this class of embankments, compared with the maintenance charges, including book charges for establishment and tools and plant, are shown in the following table, together with the amount recovered during the year and the balance remaining to be recovered:—

It will be seen from the above figures that Government is a loser by Rs. 48,655 on the working of the year, and that the outstanding balance to be recovered from the persons interested amounts to Rs. 81,324.

The loss to Government in 1893-94 was Rs. 48,281, and the average annual loss for the nine years ending with 1893-94 was Rs 40,793.

This excess of expenditure over the contract amount is explained as follows:—

In the Midnapore district the amount payable under contract is ordinarily quite sufficient to keep the embankments in repair, but for the last two years very heavy expenditure has been incurred in repairing the damages caused by the cyclone and floods of the year 1892-93.

As regards the Saran, Champaran, and Muzaffarpur embankments, the excess is chiefly due to the cost of constructing retired lines and spurs, filling breaches, and special repairs to damages caused by floods.

On embankments of class D (Appendix C), the actual outlay incurred during the year by the Civil Department, as stated by the Superintending Engineers concerned, was Rs. 22,248, while the recoveries and adjustments were Rs. 14,291, the balance unadjusted at the end of the year being Rs. 20,549. Compared with the figures supplied by the Board of Revenue (Appendix B), it will be seen that the collections of the year were Rs. 17,496, or Rs. 3,205 in excess of that reported by the Superintending Engineers. No explanation of this discrepancy has been given by the Board of Revenue. The figures given in the Board's return (Appendix B) include only the amounts which have been accepted and apportioned by the Civil Department, and hence no comparison can be made between the "advances" and "outstanding balances" as reported by the Board and as given by the Superintending Engineers.

The figures supplied by the Board (Appendix B) are shown in a more concise form in the following statement. The recoverable amount or demand falling due within the year was Rs. 28,899, out of which Rs. 17,496 were collected, the recoveries thus falling short of the amount of the demand by Rs. 11,403:—

8. *Agricultural public works carried out in Government or temporarily-settled estates by Civil officers under the grant provided in the Irrigation budget.*— The administrative sanction of Government is required in the case of all new work costing more than Rs. 1,000, which are carried out by Civil officers, and such works must be approved by the Chief Engineer. The amount provided

in the budget was Rs. 60,000, out of which Rs. 45,908 were expended. The distribution of this expenditure by districts is given in the subjoined statement :—

Division.	District.	Expenditure.

	Total ...	45,908

The nature of the expenditure is shown below :—

Construction and repairs of embankments	31,061
Excavation and repairs of tanks	2,391
Construction and repairs of wells and masonry tops ...	2,482
Excavation and repairs of water-courses	486
Repairs to Irrigation channels and pines	4,210
Construction and repairs of bridges	128
Construction and repairs of irrigation reservoirs and ahras ...	4,102
Construction of aqueduct	145
Establishment	903
Total ...	45,908

The principal works of construction and repairs to embankments and their cost were—(1) the embankments in the Majnamutha estate in the Midnapore district, (2) the Kutabdia and other embankments in the Chittagong district, (3) the embankments in the Manbhum and Singhbhum districts, and (4) the embankments in the Sonthal Parganas, which cost Rs. 10,109, Rs. 7,993, Rs. 6,840, and Rs. 1,200 respectively.

In the Backergunge district Rs. 995 was expended on works of agricultural improvements, and in the Jalpaiguri district Rs. 990 on the construction of a stone bund.

In the Palamau district Rs. 2,465 was expended on the construction of irrigation reservoirs, and in the Fulpara estate, in Angul, Rs. 1,243 on bund and irrigation channel.

The expenditure incurred on the construction and repairs to wells, water-courses and irrigation pines and ahars was confined to the Patna, Gaya, and Shahabad districts, and in the Patna district only certain new wells were constructed at a cost of Rs. 350. The expenditure on the excavation of tanks was incurred mainly in the Puri and Cuttack districts. In the Rajshahi district only Rs. 344 was expended on the re-excavation of a tank.

9. *Works undertaken under the provisions of the Drainage Act.*—The drainage works, five in number, noted below, were undertaken under the provisions of Act VI (B.C.) of 1880, with a view to drain and improve the swamps lying in the southern part of the Hooghly district. Four of these have been completed, the fifth, the Ampta project, the estimated cost of which amounts to Rs. 9,50,359, is under the consideration of the Chief Engineer. The expenditure incurred on it was confined to preliminary expenses. The following account of the expenditure up to March 1895 is given by the Superintending Engineer, South-

Western Circle: the figures relate to expenditure on construction only, and include charges for establishment and tools and plant :—

			Rs.	
1.	Dancuni drainage works	... ...	3,96,236	Completed.
2.	Howrah ditto	... ..	2,72,062	ditto.
2.	Rajapur ditto	.. ...	8,86,564	ditto.
4.	Burrojulla ditto	... ...		
5.	Ampta ditto	... ...	2,816	Not sanctioned.

10. The Dancuni scheme consists of 13 miles of interior drainage channels, 2½ miles of outfall channels, and two outlet sluices of three vents each at Baidabatty and Bonder bil. It drains an area of 62 square miles.

11. The Howrah scheme main channel is 8½ miles, with six branch channels 10 miles, one protective embankment 2½ miles, and a seven-vented outfall sluice at Nazirganj near the Botanical Gardens. It drains an area of about 50 square miles.

12. The Rajapur scheme main channel is 15½ miles, with two branch channels 5½ miles, and a large outfall sluice of 20 vents at Seijberia near Ulubaria. It drains an area of 227 square miles.

13. The Burrojulla main channel is two miles, with two branch channels 7 miles, and a four-vented sluice at Sarenga. It drains an area of 30½ square miles.

14. The maintenance of the Dancuni and Howrah Drainage Schemes was capitalized in the year 1891-92 and 1893-94, respectively. The average annual cost of maintenance of the former was fixed at Rs. 4,390, and of the latter at Rs. 2,000. The expenditure on maintenance of the Dancuni Drainage Scheme, during the year under review, was Rs. 2,029. This includes a portion of the Deputy Collector's salary, Rs. 1,200, chargeable to the Dancuni Scheme.

15. A sum of Rs 3,227 was transferred by the Civil Department on account of the Government estates at Piarapur, being a portion of the capitalized maintenance charges. Dancuni Drainage Works, chargeable to it.

16. The Howrah Drainage Scheme was maintained during the year at a cost of Rs 3,665. This sum includes a portion of the Drainage Deputy Collector's salary, Rs. 2,400, chargeable to the scheme.

17. The Rajapur Drainage Scheme was maintained at a cost of Rs. 3,561, and the Burrojula Drainage Scheme at a cost of Rs 716 only, during the year under review.

18. *Efficiency of the Drainage Works.*—The drainage schemes referred to above have proved very successful, inasmuch as they have not only reclaimed large tracts of lands, but have also efficiently drained them and the higher lands surrounding. In seasons of drought these lands have also been irrigated by taking in water from the Hooghly.

19. *Drainage Works carried out at the cost of Government.*—The inhabitants of the villages of Mirgala, Manoharpur, Banderbil, Raghunathpur, Burrojulla, in thana Chanditola, submitted a petition to the Government of Bengal, praying that their lands may be exempted from assessment, as the low paddy fields of the villages do not derive any benefit from the Howrah Drainage Scheme. It was ascertained after enquiry that it was not possible to effect the irrigation and drainage of some of the assessed lands referred to at the north or upper end of the Howrah drainage basin, unless the branch channel No. 1 was extended by half-a-mile in length, and a sluice constructed at the mouth of the Raimani khal. Accordingly an estimate, amounting to Rs. 6,894, was sanctioned by Government in letter No. 1401., dated 19th January 1895, for carrying out the above improvement. As the assessment of the whole area benefited by the Howrah Drainage Scheme was completed, and the annual maintenance charges capitalized, it was found difficult to make a redistribution of the extra cost over the same, so Government decided to defray the cost of the works from Provincial revenues. The sluice was constructed during the year at a cost of Rs. 4,000. The extension of branch channel No. 1 will be taken up as soon as the land required for the same is acquired by the Collector of Hooghly and made over to this Department.

At the request of the Balliaghye Mahajans, the question of extending the Balliaghye branch drain into the Doobda jheel was considered, and surveys for

the same are being made. A new dock at Balliaghye, and passing stations on Balliaghye branch, are also in contemplation for the development of navigation.

A small project for a drainage cut into the Amirabad khal, of a length of 2¼ miles, was sanctioned in Bengal Government letter No. 1265I., dated the 16th October 1894. The work was commenced during the year, and fair progress made with it with an expenditure of Rs. 1,039. The object of the Mogra drainage cut is to give relief to the Mogra hât.

20. *Drainage Works carried out under the Embankment Act.*—The Churrial Khal Drainage Scheme consists of a drainage channel, 9½ miles in length, from Churrial to Hanspookur, and a five-vented sluice at the mouth of the khal, on the left bank of the Hooghly, near Budge-Budge. The works effect the drainage of 134 villages, covering an area of nearly 31 square miles. The expenditure up to end of March 1895 was Rs. 1,40,331, the expenditure on the maintenance of the year being Rs. 756 against Rs. 587 of the previous year.

There are fourteen small sluices, and the Churrial Khal Drainage Scheme in the 24-Parganas district, also a Sluice and Channel at Koomrool, in the Hooghly district, all carried out under the provisions of the Embankment Act, and maintained under the system of annual apportionment of the actual charges, Class D.

A sum of Rs. 1,581 was expended during the year in repairing the Dainan khal, which was damaged by the Mysora breach in 1893-94.

ORDER—Ordered that a copy of this Resolution and of its appendices (A to C) be published in the Supplement to the *Calcutta Gazette*, and submitted to the Government of India, Public Works Department, for information.

Ordered also that copies of this Resolution and of its Appendices (A to C) be forwarded to the Secretaries to the Government of Bengal, in the Revenue and Financial Departments; Secretary to the Board of Revenue, Lower Provinces; Commissioners of the Patna, Bhagalpur, Rajshahi, Presidency, Burdwan and Orissa Divisions; Superintending Engineers of the Orissa, South-Western, Sone, and Northern Circles, and Examiner of Public Works Accounts, Bengal, for information.

By order of the Lieutenant-Governor of Bengal,

A. D. McARTHUR, *Col.*, R.E.,
Secretary to the Government of Bengal.

Dinajpur.—Rainfall nil. Weather warm for the time of the year. West winds. Cultivation of *bhadoi* in progress. Sugarcane being cut. Common rice sells from 15 to 17 seers per rupee. No cattle-disease. Fodder and water sufficient.

Rangpur.—No rain. Lands are still being ploughed for *bhadoi* paddy. Rain needed. Common rice selling from 12 to 15 seers per rupee. Fodder sufficient. No cattle-disease.

Pabna.—No rain Weather hot and windy. Rain wanted. *Rabi* crops and sugarcane being cut. Fodder available.

Dacca.—Rainfall nil. Weather hot in day, but cool at night. Prospects of standing crops good, but rain wanted. No cattle-disease. Fodder available. Common rice sells at 14 seers per rupee.

Chittagong.—No rain. Weather seasonable. Prospects of *rabi* crops not favourable. Water and fodder sufficient. Rice selling at 14 seers per rupee.

Patna.—No rain. Mustard and peas being reaped. Other *rabi* crops coming to maturity. Those in the Barh subdivision have been somewhat damaged owing to absence of rain in winter. Opium collection progressing. Condition of cattle good. Fodder and water sufficient. Common rice selling at an average price of 18¼ seers per rupee.

Gaya.—No rain. Harvesting of *rabi* and lancing of poppy in progress. Price of common rice at Sadar 16 seers against an average of 15¼ seers per rupee.

Champaran.—No rain. Weather seasonable. Harvesting of *rabi* has commenced; average outturn in Sadar and Bettiah is estimated at 12 and 8 annas respectively. Opium is being collected; the yield is reported to be good in Bettiah, but not favourable in Sadar. Common rice sells at Sadar 18 seers per rupee. Fodder and water for cattle sufficient.

Darbhanga.—No rain. Weather getting warm. *Rabi* harvesting commenced. Poppy suffered owing to continued drought. Fodder sufficient. Prices almost stationary.

Bhagalpur.—No rain. Strong westerly wind in the afternoon. *Rabi* is expected to yield less than an average outturn. Mango blossoms plentiful. Indigo suffering for want of rain. Common rice sells at 18¼ seers per rupee. Drinking water and fodder sufficient except in Banka, where fodder is reported to be getting scarce. Cattle-disease reported from Banka.

Purnea.—Rainfall nil. Weather seasonable. Harvesting of mustard and tobacco nearly finished. Standing *rabi* crops doing well. Lands are being ploughed for the *bhadoi* crops. No cattle-disease. Fodder and water sufficient. Common rice sells at 20 seers per rupee.

Cuttack.—Rainfall nil. Weather dry and seasonable. *Dalua* plants doing well. Fodder sufficient. Few cattle are suffering from foot-and-mouth disease. Common rice sells at—

Jajpur	...	...	...	29	10	
Kendrapara	...	...	...	28	14	
Banki	...	...	...	28	11	

Hazaribagh.—Rainfall nil. Weather warm and dry. Sugarcane being planted. *Rabi* crops being harvested; expected outturn 8 to 12 annas. Prospects of poppy fair. Rice sells from 12 to 16 seers per rupee.

General Summary.—There was no rain during the week, and little change to report in the general agricultural prospects of the province. Rain is required for all crops in the ground and for the preparation of lands for *bhadoi* crops. The harvesting of *rabi* crops is progressing, and a fair outturn is generally expected except in some parts of Bihar, and in Hazaribagh, Midnapore, and Murshidabad, where they have suffered from lack of moisture. In Chittagong the *rabi* crops have been damaged by the unusually heavy rain last week, and the prospects are unfavourable. The collection of opium is in progress but from Darbhanga and Motihari the reports are not favourable. Sugarcane is being cut and pressed. Cattle are in good condition except in the Banka subdivision of Bhagalpur, where fodder is reported to be getting scarce. The price of common rice continues steady.

Explanation.—Summary.—The normal means of air pressure and temperature are the arithmetical average or means of the reading during the same period for the The *Humidity* of the atmosphere is expressed as percentage, saturated air being represented by 100. A clear sky is denoted by 0 and an overcast sky by 10. The mean of the numerical means or average of the rainfall in that district determined from the returns sent in by the subdivisional stations for the period in question station in the district sending in return divided by the number of stations. A rainy day is one on which at least a tenth of an inch fell.

for the week ending Saturday, the 29th of February 1896.

Explanation.—... indicates that no rain has fallen. If the return for any day has not been received, the corresponding space is left blank. If any of the returns are wanting, the corresponding [illegible] in the total rainfall columns are left blank. With reference to the column of rainy days, the definition of a rainy day is when as much as ·01 inch of rain has fallen.

CALCUTTA, *the 3rd March 1896.*

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING 8 A.M., SATURDAY, THE 29TH OF FEBRUARY 1896.

At the close of the previous week conditions in Bengal were about normal for the season. On the 23rd, or the first day of the present week, pressure was rising slowly to moderately, and a brisk increase of temperature was also occurring, while winds were rather irregular in direction. A deep barometric depression had, however, on this day appeared over the Indus Valley with a centre near Jacobabad. On the 24th this depression was still in existence, and a second independent depression appeared over the south of the Punjab. A brisk to rapid increase of pressure had occurred over Bengal, while temperature also increased moderately, and again rather irregular winds prevailed over the province. On the 25th and 26th conditions still remained disturbed over North-Western India, while pressure fell moderately in Bengal, the fall being accompanied by a further rise of temperature. Hence on the 26th pressure again became relatively low in Bengal, though it can scarcely be said that any barometric depression existed. A further slight to brisk decrease of pressure occurred over Bengal and Assam on the 27th, and a distinct low pressure area formed over North Bengal. A further moderate increase of temperature also occurred, and at several stations the mean temperature recorded was about 10° in excess of the normal, but at this time humidity was generally low. Again on the 28th pressure fell moderately over Bengal, and a further increase in temperature was recorded, and many of the temperatures reported for the 24 hours ending 8 A.M. of the 28th were 10° and 12° in excess of the normal. Thus at the following typical stations in different districts in Bengal the maximum temperatures on the afternoon of the 27th were from about 10° to 12° in excess:—Barisal, Jessore, Mymensingh, Calcutta, Balasore, Burdwan, Berhampore, Darjeeling, Bogra, Purnea, Darbhanga, Patna, Ranchi and Chaibassa, showing that the abnormal heat wave was very widespread. At Calcutta at the Chowringhee Observatory on the afternoon of the 27th a maximum temperature of 100·6° was registered, and at the Alipore Observatory one of 98·4°. During the last eighteen years, since the Alipore Observatory was first started, the highest maximum temperature recorded in February has hitherto been only 91·7°, and hence the temp rature this year has exceeded the previous record in February by nearly 7°. On the 29th, or the last day of the week, pressure continued to fall slowly, and it was usually in small to moderate defect, the defect being considerable in North Bengal. Temperature was, however, falling also, and the abnormal heat wave was not so strongly pronounced as on the 28th.

Pressure.—The mean pressure for the week has been in distinct excess, but the variations from the normal have been rather irregular in amount; the usual excess has varied from 0·01″ to 0·02″ in North Bengal up to about 0·05″ to 0·07″ in Chota Nagpur.

Temperature—Has been extremely high during the week, and the average mean temperature for the whole province has been nearly 5° above the normal. The highest maximum temperature reported during the week was 103·3° at Midnapore on the 28th.

The actual average temperatures registered in the province for the week and the variation from their normal values are, however, best seen in the table below, where the average temperature data for nine selected stations in different districts of the province are given:—

Rainfall.—The only falls of rain during the week have been slight showers at Darjeeling, Gnatong and Noakhali, but in no case have the amounts been more than a few hundredths of an inch.

The following table gives the summary of the temperature and rainfall data of each of the six meteorological divisions of the province for the week ending Saturday, the 29th of February 1896 :—

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h., 10h., 16h. and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

GOVERNMENT OF BENGAL,—MARINE DEPARTMENT.

The 9th March 1896.

No. 26 Marine.—Whereas it appears that the estimated income of the Commissioners for the Port of Calcutta under Act III of 1890, from 1st April 1896 to 31st March 1897, after deducting therefrom the estimated expenditure for the above period, will be insufficient for the payment of the sums which, under the provisions of the said Act, are payable during the year to the Secretary of State for India in Council and to holders of debentures under the said Act, it is hereby notified that from the 1st of April 1896 the Port Commissioners will charge upon all goods landed from or shipped into any sea-going vessel lying or being within the limits of the port, whether such goods shall or shall not be so landed or shipped at any dock, wharf, quay, stage or jetty belonging to the Commissioners, in addition to, or other than those prescribed by any scale of tolls, dues, rates and charges now in force, a toll which shall approximate four annas per ton, except for export coal, the charge on which shall be 2 annas per ton, and on bunker coal, which shall be free. Goods transhipped within the port are exempt; also ballast, with the exception of dressed stone. For the purpose of levying such toll on miscellaneous general cargo landed or shipped at the Kidderpore Docks or at the Jetties, the Commissioners will follow the schedules of charges prescribed for the Docks and the Jetties and charge one-fifth of the rates therein specified; but where the landing or shipping charge is in these schedules levied on the ton by weight, then the special charge under this notification shall be four annas per ton. For the purpose of levying such toll on goods landed or shipped over the inland vessels' wharves or otherwise than through the Docks or Jetties, the ton shall be reckoned at the actual weight where such is ascertainable. Where the weight is not declared, then the ton shall be reckoned at the respective weights and measurements given in the schedule in force for the inland vessels' wharves.

No. 27 Marine.—The following Resolution of the Government of India, sanctioning certain alterations in the first clause of the existing form of agreement with Indian seamen employed in foreign-trade ships, is published for general information.

RESOLUTION.

Calcutta, the 28th February 1896.

READ—

Financial Despatch to the Secretary of State for India, No. 200, dated the 23rd July 1895, and enclosures, making proposals for the amendment of the first clause of the Form of Lascar Agreement.

Despatch from the Secretary of State for India, No. 138 (Revenue), dated the 12th December 1895, and enclosures.

The first clause of the Form of Agreement, which it is now proposed to alter, was settled in 1886 by Her Majesty's Government in consultation with the London and Liverpool Shipping Companies, the officials of the Board of Trade, and the Superintendents for Transfers of Lascars. The Government of India therefore, when proposals were made for the amendment of the clause, considered it proper to refer them to the Secretary of State in order that Shipping Companies and the officials who are charged with the interests of lascars in the United Kingdom should be given the opportunity of expressing an opinion on the effect of the proposals. The proposals were as follow:—

(1) to remove any limits within which lascars may serve on the west coast of America;

(2) to remove the southern limit on the east coast of America while retaining the proviso relating to voyages round Cape Horn;

(3) to extend the northern limit on the east coast of America from 38 to 43 degrees, north latitude, so as to include the port of Boston within the limit within which lascar crews may be engaged to serve during winter;

(4) to delete the words "belonging to the same Company;"

(5) to alter the words "any other vessels" to "any other steamer;"

(6) to substitute "seamen" for "sailors" in the Form of Agreement wherever the word occurs.

2. From the replies received it appears that the great majority of the authorities consulted are in favour of the alterations numbered (1), (2), (4) and (6). But the majority of them, and specially the Superintendents of Lascar Transfers, are against any alteration that will permit of lascars being sent to ports on the east coast of America north of 38 degrees during the winter months. Her Majesty's Secretary of State for India supports this objection.

3. With regard to the fifth proposal, some of those consulted remark that the word "vessel" is preferable to the word "steamer," because it might happen that it would be necessary to transfer the lascars to a sailing ship and the firemen and trimmers to steamers where the sailors would not be required.

RESOLUTION.—Having regard to the opinions stated above, the Governor-General in Council does not consider it expedient that the third and fifth proposals should be proceeded with. The other alterations should be carried into effect, and His Excellency in Council accordingly directs, under section 27(1)(*a*) of Act V of 1883, that the first clause of the Form of Agreement signed by Indian seamen engaging for voyages to foreign countries should be modified as shown below:—

Present clause.	*New clause.*
The several persons whose names are hereto subscribed and whose descriptions are contained on the other side of the sheet or sheets and of whom are engaged as sailors hereby agree to serve on board the ship or any other vessel belonging to the same Company to which they may be legally transferred, in the several capacities expressed against their respective names, on voyages from to any other ports or places within the limits of 60 degrees North and 50 degrees South Latitude, trading to and fro, as the nature of the Company's service or employment may require, for any period not exceeding months, and finally to be discharged at within the said months from the date of this Agreement:	The several persons whose names are hereto subscribed and whose descriptions are contained on the other side of the sheet or sheets and of whom are engaged as seamen hereby agree to serve on board the ship or any other vessel to which they may be legally transferred, in the several capacities expressed against their respective names, on voyages from to any other ports or places within the limits of 60 degrees North and 50 degrees South Latitude, trading to and fro, as the nature of the service or employment may require, for any period not exceeding months, and finally to be discharged at within the said months from the date of this Agreement:

Provided always that during the said period of 12 months between the 1st day of October in one year and the 31st day of March in the succeeding year, the said crew shall not be bound to serve on voyages to any port in the Baltic or any port in America north of 38 degrees North Latitude, and between the 1st day of April and the 30th day of September south of 38 degrees South Latitude, and provided also that, save under special agreements voluntarily undertaken, the said crew shall not be bound to serve on a voyage round Cape Horn.

Provided always that during the said period of months between the 1st day of October in one year and the 31st day of March in the succeeding year, the said crew shall not be bound to serve on voyages to any port in the Baltic or any port on the east coast of America north of 38 degrees North Latitude; and provided also that, save under special agreements voluntarily undertaken, the said crew shall not be bound to serve on a voyage round Cape Horn.

ORDERED, that the foregoing Resolution be forwarded to the Governments of Madras, Bombay, and Bengal, and the Chief Commissioner of Burma, in continuation of No. 3457, dated the 19th July 1895.

Ordered also, that the Resolution be published in the *Gazette of India*.

EDUCATIONAL PROSPECTUS.

THE Calcutta Medical College Session, 1896-97, will commence on the 15th June next Students who may be desirous of commencing their studies are requested to apply to the Principal between the hours of 11 A.M and 4 P M on or before 1st June.

Students are expected to enter formally and commence attendance at the College upon the date named.

2. No person shall be enrolled as a matriculated student who has not previously passed the First Arts examination of the Calcutta or an Indian University, or a preliminary Arts examination of the United Kingdom recognized by the British General Medical Council.

3. All matriculated students of the College shall pay Rs. 15 on entrance, Rs. 35 for the summer session on the 1st June, and Rs. 35 for the winter session on 1st November of each year. Rupees 6 extra will be required from each student for each course of dissections. Fees once paid cannot be refunded.

Muhammadan students are required to pay Rs. 15 on entrance and half-fee, *i.e.*, Rs. 17-8 per session. The remaining half-fees are charged to the Mohsin Fund.

4. No free presentations will be awarded at the beginning of the session, but the fees shall be refunded to the ten students who pass highest in all subjects at the end of their first year of study.

5. Any matriculated student of the College may, with the permission of the Principal and the Professor of the subject, attend courses of lectures or departments of hospital practice in addition to the full curriculum for the year, and shall be entitled to certificates of attendance at such extra lectures, if the Professor is satisfied that he or she has really studied the subject The fees payable in advance for such additional courses are the following :—

	Rs.
For a single course of lectures on each subject in one year ...	40
For six months' attendance in each department of hospital practice	60

6. Any matriculated student who leaves the College before completing his University course, with the object of continuing his studies at a medical school in Europe, may receive certificates of attendance at lectures on payment of fees at the rate fixed in the foregoing rule But in calculating the sum to be so paid, the amount of the fees already paid by him as a regular student, or, in the case of a free student the amount which would have been paid by him had he been a paying student, shall be deducted.

7. Any person not being a matriculated student of the College who wishes to attend any course of lectures, or any department of hospital practice, may do so with the permission of the Principal and Professor of the subject on payment, in advance, of fees at the rates fixed in paragraph 5. If he has passed the Entrance Examination of the University, he shall receive certificates of attendance at lectures. If he has not passed the Entrance examination, he shall receive no class certificates.

8. At the end of their first year, students will be required to pass a College test examination in Anatomy, Chemistry, and Botany. Those who gain not less than 20 per cent. in two subjects, and not less than 15 per cent in a third, will be eligible for promotion to the second-year class. Those who fail to gain the aforesaid percentage of marks will not be eligible for promotion, but will go through the first-year class again.

9. Students of the second-year will be required to pass a College test examination in Anatomy, Physiology, and Materia Medica. Those who pass the examination with 20 per cent in two subjects and 15 per cent. in a third will be entitled to go up in the following March or April for the Preliminary Scientific Examination of the Calcutta University, the subjects of which are Chemistry and Botany. Those who (after passing the College test) fail at the University Examination will be entitled, equally with those who pass it, to join the third-year class, at the end of which the former will have to present themselves, as at present, for the combined Preliminary Scientific and 1st L.M S. (or 1st M.B.) Examination.

10. Those students who fail at the College Test Examination of the second year will not be debarred from going up for the Preliminary Scientific Examination, but will be encouraged to do so in order to get that stage over ; but whether they pass or fail at the University Examination, they will be relegated for a further year to the second-year class, provided that those who pass the University Examination will not be required to attend the courses in those subjects in which they have passed.

11. Students of the third year will present themselves for the 1st L.M.S. or 1st M B. Examination of the Calcutta University Those who fail at this examination will be relegated for a further year to the third-year class.

12. Students of the first, second, or third-year class who fail a second time, at the same stage, to gain promotion to the next higher class, will be removed from the College, and will not be entitled to readmission.

13. Students of the fourth-year class will be required to pass a College test examination in Surgery, Medicine, Midwifery, and Medical Jurisprudence Those who pass the examination with 20 per cent. of the marks in three subjects and 15 per cent. in a fourth will be eligible for promotion to the fifth-year class. Those who fail will be relegated to the fourth-year class for a further year. The examination in Surgery and Medicine will be both theoretical and clinical ; but those students who can obtain from the Visiting Surgeon or Physician, to whose wards they have been attached, a certificate that they have really profited by their instruction in either subject, will be excused the clinical examination in that subject.

14. Students who fail at the 2nd L M.S. or 2nd M B. Examination will have to attend a further course of lectures in the subject or subjects in which they have failed, in accordance with the regulations of the University,

15. The Principal will determine the maximum number that may be admitted to the first-year class. Students who have failed at the test examination of the first year will have a prior claim to readmission over new students.

16. Students readmitted to a class after failure at the test examination will be required to pay the full fees for the session. Those, however, who, after failing either at the Preliminary Scientific Examination or at the final examination, have to attend a further course of lectures in the subject or subjects in which they failed, shall be required to pay for such lectures a fee of Rs. 40 for one subject, Rs. 60 for two, and Rs. 70 for three. Exceptions to this latter rule may be made in special cases by the Director of Public Instruction on the recommendation of the Principal.

17. College prizes and certificates of honour are open for competition to matriculated students of the College, military medical pupil, and female certificate classes. College scholarships (*vide* paragraph 9) are awarded only to matriculated students of the College.

18. Junior scholarships of Rs. 8 per mensem and free tuition for one year are annually awarded to ten students of the second year, on the results of the Test and Honour examinations at the end of the first year.

Scholarships of the same value are awarded to ten students at the commencement of their third year, on the results of the Test and Honour examinations at the end of their second year, provided they have passed either the Preliminary Scientific L. M. S. or M. B. examination.

Ten senior scholarships of Rs. 12 per mensem and free tuition are awarded annually to students at the commencement of their fourth year, on the results of the Test and Honour examinations at the end of their third year, provided they have passed either the 1st L. M. S. or 1st M. B. examination. These scholarships are tenable for two years, provided the holder passes creditably the Test and Honour examinations at the end of his fourth year. In the event of any scholarship being forfeited under this condition, it may be awarded for one year to any student of the fifth year who has fulfilled the conditions and is not the holder of any scholarship. These scholarships shall not be awarded to students who have gained the Durga Charan Laha scholarship of Rs. 30 per mensem or any other scholarship.

Students who from any cause fail to pass their University examinations at their first chance are not eligible for any of these scholarships, either junior or senior.

19. The Goodeve scholarship of Rs. 12 per mensem, tenable for one year, is annually awarded to a matriculated student of the fifth year, on the result of the midwifery test examination of the fourth year.

The F. C. Chatterjee scholarship of Rs. 17 per mensem, tenable for a year, is annually awarded to the best matriculated student of Native Indian extraction, and whose conduct is certified to be good, in histology at the end of the fourth year. The examination takes place in June each year.

The Abdul Gunny scholarship of Rs. 23 per mensem, tenable for one year, is annually awarded at the end of the fourth year to the best matriculated student in all subjects at the class examinations of the first to fourth year, inclusive. The award is made in May.

The Duke of Edinburgh's prize is awarded to the best in surgery among the matriculated students at the end of the fourth and fifth years. The examination takes place in December or January.

The Bhola Nath Bose's prize of Rs. 40 is awarded to the fourth-year matriculated student who proves himself to be the most successful at bedside diagnosis of disease, in surgery and medicine in alternate years. The award is made in January.

A gold medal and certificates of honour are awarded to the best students in each subject at the Test and Honour examinations.

The Goodeve and Macnamara silver medals are awarded to the best of the first-year native students in anatomy and chemistry respectively, on the result of the Test and Honour examinations.

A prize in Clinical Medicine is awarded annually to the best clinical clerk of the fourth and fifth-year matriculated students. This examination takes place in February.

A prize in Clinical Surgery is awarded annually to the best clinical dresser of the fourth and fifth-year matriculated students. This examination will be held in February.

The Rivers Thompson silver medal is annually awarded to the best Muhammadan student who passes the final L. M. S. or M. B. Examination of the Calcutta University.

The Lady Rivers Thompson prize of Rs. 50 is awarded to the lady-student who obtains the highest number of marks at the final examination.

No student shall be allowed to compete for a prize when attending a course in excess of the number prescribed in the College curriculum.

20. College scholars who receive less than Rs. 20 per mensem are not required to pay Rs. 35 per session. All other scholars shall pay fees as matriculated students. These may pay their fees in advance, or have their scholarship money deducted till the full amount is received.

21. Any student holding a Medical College scholarship (paragraphs 9 and 10) will be permitted to draw the stipend of that scholarship at any recognised medical school in the United Kingdom, provided he furnishes from the head of such school a certificate of good conduct and diligence. These College classes are recognized by all the medical schools in the United Kingdom.

22. The class assistants to the Professors of Pathology and Comparative Anatomy will each receive a salary of Rs. 10 monthly.

30. *Rules for the conduct of periodical examinations.*

(1) *Test* examinations at the end of the—

1st year.

(*a*) Military pupils who obtain less than 10 per cent. of marks in one subject to be "warned" and informed that failure in the same subject at the end of the second year will entail liability to removal from College.

(*b*) Pupils who fail as above in two subjects will lose 200 conduct marks for idleness and will be re-examined two weeks before the commencement of the next session. Failure then in obtaining 15 per cent. of marks in either of the subjects will entail liability to removal.

(*c*) Pupils who fail to get 10 per cent. as above in three subjects will be removed from the College as being unlikely to succeed eventually.

(2) *Pass* examinations at the end of the—

2nd year.

(*a*) Military pupils who obtain less than 20 per cent. of marks in one subject will, if practicable, attend lectures on this subject, and be re-examined at the end of the next session. Failure again in the same subject will render pupils liable to removal.

(*b*) Pupils who fail in two subjects will lose 200 conduct marks for idleness, and will, if practicable, attend lectures on these subjects, and be re-examined at the end of the next session. Failure in either subject will entail liability to removal.

(*c*) Pupils who fail to attain the standard in three subjects will be removed from the College.

(3) *Pass* and *Test* examinations at the end of the—

3rd year.

(*a*) Pupils who fail to obtain 20 per cent. of marks in either or both of the *final* subjects for the third year (viz., Hygiene and Pathology) will lose 200 conduct marks, and be re-examined at the end of the next session.

(*b*) Pupils who do not obtain 10 per cent. of marks in any of the *test* examinations (the other subjects) will lose 200 conduct marks for idleness for each subject in which he so fails.

(4) *Pass* examinations at the end of the—

4th year.

(*a*) Pupils who obtain less than 20 per cent. of marks in all subjects of their final examination will be liable to removal from the College. Such pupils will, however, be allowed to remain for a further period (to be fixed by the Principal in each case) in the College to continue their studies *at their own expense.*

31. FEMALE CERTIFICATE CLASS.

Lady-students must be over 17 years of age before commencing their studies.

They must have passed the Entrance examination of the Calcutta University or an examination officially recognized by that University as equivalent to the Entrance examination. (The certificate of matriculation of the Melbourne University will be accepted.)

New students are expected, at latest, to enter formally and commence attendance at the College when the session opens on 15th June.

The duration of the course will be four years.

Tuition will be free.

32. Students, preferably native ladies, may reside in the Sornomoye Hostel. Applications for residence to be made to the Lady Superintendent of the Hostel, or to the Secretary to the Countess of Dufferin Branch Committee.

33. The following is the curriculum :—

1st year.

4th year.

Medicine and Clinical Medicine.
Surgery and Clinical Surgery.
Midwifery (including six labour cases).
Hospital practice (of which six months in the Medical and Surgical wards, *minus* 15 attendances at the Dental Dispensary; and six months exclusively in the Midwifery wards, when the students are to take regular tours of duty, night and day, assisting the regular work of the hospital).
Dentistry (optional).
Pass examinations in Medicine, Surgery, and Midwifery.

Students who are successful are entitled to receive the certificate of the College qualifying them to practise Medicine, Surgery, and Midwifery. A fee of Rs. 10 is charged for each certificate.

34. The following rules will be observed in regulating advancement from class to class:—

(1) *Test examination at the end of the first year.*—If a student obtains less than 10 per cent. of the marks in any two out of three subjects of examination, she shall not be allowed to continue in the College.

(2) *Pass examinations at the end of the second and third years.*—In order to pass, a student must gain 33 per cent. in each subject of examination. If a student fails in any two of the three subjects, or, failing in one subject only, if she gains less than 25 per cent. in that subject, she shall be put back for one year. If she fails in one subject only, gaining 25 per cent. or more in that subject, she shall be promoted to the next class, but will be required to submit to re-examination in that subject, in addition to the examination in the regular subjects, at the end of the following year. She will be permitted to attend lectures on the subject in which she has failed. Failure on re-examination will carry the same penalty as original failure.

(3) *Pass examination at the end of the fourth year.*—The same rules as apply to the previous pass examinations, with the exception that if a student, failing in one subject only, gains 25 per cent. in that subject, she will be referred back to her studies for a period of six months, at the expiration of which she will be entitled to re-examination after furnishing proof of having attended hospital practice during that period.

35. Female students who have not passed the Entrance or its equivalents will be admitted into the Eden Hospital to learn midwifery. These will receive Rs. 20 per mensem. After a year's tuition and bedside practice, if found proficient, they will obtain a certificate qualifying them to practise midwifery. The fee for each certificate is Rs. 5.

36. Female students who have not passed the Entrance or its equivalents, but who read and write Bengali, can be admitted in the Eden Hospital as pupil *dais*. Of these, eight will receive Rs. 6 per mensem and the rest will be taught free. After 12 months' tuition and bedside practice, if found proficient, they will obtain a certificate qualifying them to practise midwifery.

37. All certificates are to be registered in the Principal's office.

ACCOUNTS AND FINANCE.
SAVINGS BANKS.

RESOLUTION.

The 6th March 1896.

The Governor-General has had under consideration the question whether it is any longer necessary to continue, in the same place and for the same purpose, the dual system of Presidency Savings Banks and Post Office Savings Banks at Presidency Towns. His Excellency in Council has now decided that the Presidency and Post Office Savings Banks should be amalgamated, and that the Post Office organisation being more economical than the other system, the Presidency Savings Banks should be closed and their accounts transferred to the Post Office Savings Banks. The Government Presidency Savings Bank will accordingly be closed with effect from the 1st October 1896. From the date of receipt of the present orders no new accounts should be opened in any of the Presidency Savings Banks. Any person wishing to open an account in any of these Banks should be directed to apply to a Post Office Savings Bank. The transfer of existing accounts will be made gradually between the beginning of April and the end of September.

All transfers will, in the first place, be made to the Presidency Post Office; and it will be open to any depositor to apply for the transfer of his account, under the Post Office Savings Banks' Rules, to any Post Office at which he may wish it to be kept.

ORDER.—Ordered, that a copy of the Resolution be forwarded to the Director-General of the Post Office of India, to the Comptroller and Auditor-General, and to the Accountants-General, Madras and Bombay.

Ordered also, that the Resolution be published in the *Gazette of India*.

J. F. FINLAY,
Secy. to the Govt. of India.

MEDICAL.

No. 260.—1. With the sanction of the Secretary of State for India, the Governor-General in Council is pleased to notify that, from the 1st April 1896, the following changes in the organisation of the Indian Medical Services will have effect.

2. The medical services of Bengal, Madras, and Bombay will be amalgamated into one service under the direct administrative control of the Government of India.

3. The Surgeon-General with the Government of India will be the head of the amalgamated Indian Medical Service, and his designation will be Director-General of the Indian Medical Service.

4. No change will be made in the conditions under which officers of the Bengal, Madras, and Bombay Medical Services, appointed before the second examination in 1896, are serving; promotion will continue to run on their respective lists, and the sphere of their employment will remain as at present, except in cases of emergency, when it may be desirable to employ them temporarily beyond it. In time of war all officers who can be spared from civil duties will be employed as the exigencies of the service may demand.

5. From the date of the second examination in 1896, Surgeon-Lieutenants will be recruited for the amalgamated Indian Medical Service, and the appointments will be made on one general list. Subject to the requirements of the service, officers will be allowed choice of Commands according to their position on the list as determined by the combined results of the preliminary and final examinations. The officers appointed to this list, although ordinarily employed within the Commands to which they may be posted, will be liable to employment in any part of India according to the exigencies of the service. The subsequent transfers to civil duties will ordinarily be allotted, so far as the requirements of the service will allow, to the provinces within the limits of the Command to which the officers were originally posted.

6. The present Surgeon-Generals with the Governments of Madras and Bombay will retain their claim to rank, pay, and pensions under existing rules. The question of the continuance of these privileges to their successors in office will be reserved for future consideration.

7. The Surgeon-Generals will be restricted to the exercise of the functions of Administrative Medical Officers and Civil Inspector-Generals of Hospitals in respect to the Civil Medical Staff and Civil Medical Institutions in the Presidencies of Madras and Bombay, respectively. They will cease to exercise any control over those sections of the existing medical establishments of Madras and Bombay which are composed of officers employed with the army, or over the reserve of 25 per cent. for leave and casualties, the administration of which will be conducted directly under the orders of the Government of India.

8. The post of Secretary to the Surgeon-General with the Government of Madras or Bombay will be retained for the present incumbents of the office of Surgeon-General with those Governments. On a vacancy occurring in the post of Secretary to the Surgeon-General, Madras or Bombay, it will only be filled by an officiating officer, and when the present Surgeon-Generals vacate their appointments, their successors will not have Secretaries but only Personal Assistants.

NOTIFICATION.

No. 951L.S.-G.—The 9th March 1896.—It is hereby notified for general information that the Lieutenant-Governor has been pleased to make the following additional rules under clauses (*i*) and (*t*), section 138 of the Bengal Local Self-Government Act, III of 1885.

These rules will come into force from the 1st April 1896:—

PART VIIIA.—ACCOUNT RULES FOR UNION FUNDS.

THE Union Committee shall submit annually to the Local Board, on or before such date as the Local Board may appoint, an estimate, in Form No. I, of the probable receipts and expenditure of the Committee for the ensuing financial year, with an account of its actual receipts and expenditure for the past financial year.

2. After approving the estimate, or making such alterations therein as it thinks fit, the Local Board shall forward it to the District Board for incorporation with the estimates of the District Fund. When intimation of the sanctioned figures is received from the District Board, the Local Board shall communicate them to the Union Committee.

3. All receipts and payments of the Union Committee shall be recorded in a cash-book in Form No. II on the same day that the money is received or paid. Cheques received from the District or Local Board in payment of contributions from the District Fund, or remitting the net income of pounds situated within the Union, shall not be entered in the cash-book until they have been realised in cash. The District Board shall always send an intimation to the Local Board concerned of any cheques issued in favour of a Union Committee.

4. The balance standing at the credit of the Union Fund shall remain in the custody of the Chairman.

5. Every bill, or other claim for payment from the Union Fund, shall show full details of the charges, shall be signed by the person to whom the money is actually due, and shall bear a certificate to the effect that the work billed for has been actually completed. At the time of making payment, the Chairman of the Committee shall take a receipt, stamped if necessary, from the payee, and endorse the bill with the words "Paid Rupees only (Rupees)," the amount being written in words as well as figures. This endorsement shall be dated and signed by the Chairman, and bear the number of the voucher as in the cash-book.

6. At the close of each quarter a consolidated account, showing the total receipts and payments during the period under the several heads of accounts, with opening and closing balances, shall be prepared in a form similar to the cash-book, but omitting the first three columns on the receipt side and the second and third columns on the payment side. This account, accompanied by the vouchers in original, shall be submitted to the Local Board not later than two days after the close of the quarter, and the Local Board shall submit the accounts to the District Board within a week from the date of the receipt of the accounts in their office.

7. The quarterly account prepared in the manner laid down in the foregoing rule shall be published under section 58 of the Act by lodging a copy signed by the members of the Union Committee in the office of the Magistrate in charge of the subdivision within which the Union lies, or in the office of the Magistrate of the district in the case of the Sadar subdivision. An annual account in a similar form, accompanied by a statement of the charges for establishment (if any), the works undertaken, and the sums expended on each work, shall also be published in the aforesaid manner.

8. The quarterly and annual accounts shall be published as provided in the last preceding rule, not more than one month after the close of the period to which they respectively relate.

9. On receipt of the quarterly account from the Union Committees, the Local Board shall audit and forward it with the vouchers to the District Board for incorporation in the cash-book and accounts of the District Fund.

10. Contributions from the District Fund, and the net income of Union pounds paid to Union Committees, shall be debited in the District Board's accounts to the adjusting head "Contribution from Local to Local," and when they appear as receipts in the account submitted by the Union Committee, the same head shall be credited. All other receipts and charges shall be recorded under the appropriate revenue and service heads of account. The transactions of the Union Committees exhibited in the quarterly account shall be incorporated in the cash-book of the District Board after the transactions of the Local Boards. The total payments only under each head of account shall be recorded, and not the details shown in the vouchers.

In closing the cash-book of the District Board, the balances in the hands of the Union Committees shall be deducted from the sum of the cash-book balance and the uncashed cheques to effect an agreement with the treasury balance Similarly, in the monthly account (Form IX), the Union Fund balances to be shown in detail shall be added to treasury balance, and from the total the uncashed cheques shall be deducted to arrive at the cash-book balance.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Nadia, will be put up to sale by the Collector of that district at the Subdivisional Office at Ranaghat on the 27th March 1896, corresponding with Bengali 15th Chaitra 1302 B S.

The purchasers will be subject to the following conditions of sale:—

Conditions of Sale.

1*st*.—The estate to be sold to the highest bidder above the upset price. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2*nd*.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings, and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3*rd*.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4*th*.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

The Indian Law Reports.

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

PART V.

Acts of the Governor General's Council assented to by the Governor General.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Governor General of India in Council received the assent of His Excellency the Governor General on the 5th March, 1896, and is hereby promulgated for general information :—

ACT NO. VIII OF 1896.

An Act to provide for the establishment of bonded ware-houses at places other than customs-ports, and to afford facilities for the bonding of salt in such warehouses.

WHEREAS it is expedient to provide for the establishment of bonded warehouses at places other than customs-ports, and to afford facilities for the bonding of salt in such warehouses; It is hereby enacted as follows :—

Title, construction and commencement.

1. (*1*) This Act may be called the Inland Bonded Warehouses Act, 1896.

(*2*) It shall be read with, and taken as part of, the Sea Customs Act, 1878; and VIII of 1878.

(*3*) It shall come into force at once.

Extent.

2. Sections 5 to 7, both inclusive, of this Act shall extend only to such parts of British India as the Governor General in Council may from time to time, by notification in the Gazette of India, direct in this behalf.

Inland Bonded Warehouses.

Repeal.

3. (*1*) The Inland Bonded Warehouses Act, 1887, is hereby repealed. XXI of 1887.

(*2*) The reference to that Act in section 3, clause (*7*), of the Cotton Duties Act, 1896, shall be read as if it were made to this Act. of 1896.

Inland bonded warehouses and law applicable thereto.

4. (*1*) Notwithstanding anything contained in the Sea Customs Act, 1878, the Chief Customs-authority may from time to time, with the previous sanction of the Local Government appoint a public or license a private warehouse at any place which is not a warehousing port, and may with the like sanction cancel such appointment or license. VIII of 1878.

(*2*) In reference to such a place and a warehouse appointed or licensed thereat the provisions of the said Act with respect to the levy of customs-duties on goods brought in bond from one customs-port to another, and with respect to warehousing, shall be construed as if the place were a customs-port and a warehousing port, and the warehouse a public or a private warehouse, as the case may be, appointed or licensed thereat under that Act.

(*3*) All rules ap plicable to such warehouses and to the weighment and removal thereto of salt, and in force at the commencement of this Act, shall remain so applicable until they shall be duly superseded or altered.

(*4*) Every warehouse appointed or licensed under the provisions of the Inland Bonded Warehouses Act, 1887, shall be deemed to have been appointed or licensed under this Act. XXI of 1887.

Salt Time-Bonds.

Conveyance of salt to inland bonded warehouses under bonds.

5. Notwithstanding anything contained in the Sea Customs Act, 1878, or in section 4 of this Act, the Chief Customs-authority may permit salt removed from ship board or from a warehouse appointed or licensed under the Sea Customs Act, 1878, to be conveyed, under a bond securing the subsequent payment of the duty leviable in respect of the salt so removed and in accordance with such rules as may be prescribed in this behalf by the Local Government, to a warehouse appointed or licensed for that purpose by the Chief Customs-authority. VIII of 1878.

6. Every bond executed in accordance with the provisions of the last preceding section shall be in the form hereto annexed, or, when such form is inapplicable or insufficient, in such other form as is from time to time prescribed by the Chief Customs-authority :

Form of bond.

Provided that the time allowed by such bond for the payment of the duty leviable on the salt included therein shall not exceed the time within which it may reasonably be expected that the whole of such salt shall have passed into consumption, and shall in no case exceed six months :

Provided, also, that the Chief Customs authority may at any time require the duty to be paid to the extent to which the salt may have been delivered from the warehouse.

7. The Local Government may, with the previous sanction of the Governor General in Council, make rules, consistent with the provisions of this Act, to regulate—

Power to make rules.

(*1*) the appointment or licensing of warehouses under section 5 ;

(*2*) the inspection by Government officers of such warehouses ;

(*3*) the safe custody of salt in transit under the provisions of the said section ,

(*4*) the removal of salt from a warehouse appointed or licensed under the said section ;

(*5*) the nature of the security to be required from a person executing a bond in accordance with the provisions of the said section and the time and place of payment of the sum recoverable under such bond , and

(*6*) generally such other matters as may be deemed necessary to secure the safety of the public revenue.

8. Nothing in section 5 or section 6 shall prevent the removal of salt in any manner in which it may for the time being be lawfully removeable under section 4.

Saving.

NEW ZEALAND, NORTH ISLAND—POVERTY BAY.

Alterations in lights at Gisborne.

THE British Admiralty has given notice (No. 76 of 1896) that on 31st December 1895, the undermentioned alterations would be made in the lights shown at Gisborne, north side of Poverty bay :—

1. Two new beacon-lights would be exhibited.

The front light is a *fixed red* light, elevated 40 feet above high water, and shown from a beacon, 25 feet high, surmounted by a triangle painted black, as is also the small house at the base, the middle portion of the beacon being white. It is situated N. 62° W., distant one mile, from the entrance of the Turanganui river.

Approximate position, lat. 38° 39′ 20″ S., long. 178° 1′ 40″ E.

The rear light is a *fixed red* light, elevated 50 feet above high water, and shown from a beacon, 30 feet high, surmounted by a rectangle, with a small house at the base, the whole painted white, and bearing N. 31° W. from the front beacon.

2. The lights shown from the flagstaff at the west side of the Turanganui river entrance, and from the square red beacon on Waikanae beach seaward of the flagstaff, have been altered from *red* to *green*. These lights bear, when in line, N. 20° E.

3. The two *green* lights at the extremity of the breakwater have been replaced by two *white* lights, placed vertically 7 feet apart, the upper light elevated 20 feet above high water.

NOTE.—Vessels approaching the anchorage should keep the lights or beacons (1) in line, bearing N. 31° W., until the beacon and flagstaff, or lights on them, (2) are in line, bearing N. 20° E., when they should anchor in 6½ to 7 fathoms.
